ICE NO MORE ICE MELT MELTS TO -10 SHAKER JUG

- Specifically formulated for high performance melting - even when temperatures drop to -5° F
- Contains AMC, Calcium chloride, and Magnesium chloride, which work quickly to form an ice melting brine
- Non-staining food dye is added to aid in visibility during the application and makes the spreading process easy while reducing the odds of over-application
- Ingredients will not cause skin irritation or harmful side effects, safe to vegetation and wildlife when used as directed

- Leaves no chalky residue to track indoors
- Safe on concrete and treated wood when used as directed, will not harm carpet or floor
- No special handling instructions and has an unlimited shelf-life

SNOW CONTROL ICE MELT MELTS TO -5

- Effective to temperatures below 0° F.
- Dyed green to reduce the occurrence of over-application.
- Utilizes screened, medium sized particles to assure an easy spreading process.
- Does not require special storage and has unlimited shelf life.
- Shortly after activation, SNOW CONTROL breaks down to a colorless, odorless liquid and leaves no slippery oil residue or white film.
- It will leave your sidewalks, driveways, shoes, and carpets clean and free of unnecessary clean-up.

- Safe to humans and pets and also to the outdoors.
- Will not chemically alter or damage properly poured and cured concrete.
