### GRK FASTENER CABINET SCREW

Specifically designed for uses in cabinet construction and installation. Thin enough to prevent most material splitting, while still providing sufficient strength for secure installation. Washer head design presses flush against any cabinet surface. Can be used for vinyl siding installation as well - coated with Climatek corrosion protection for this purpose. Self-tapping, with a W-Cut thread design, and Zip-Tip.

### NATIONAL NAIL CAMO MARKSMAN EDGE HIDDEN DECK FASTENING TOOL

Designed for installing treated lumber with CAMO hidden fasteners only. Heavy duty, contractor-grade. Attaches to any drill. Install deck boards with no gaps to allow for natural contraction. The side angle fastener entry leaves the deck surface fastener-free. No pre-drilling necessary.

ITEM #	DESC	SP	UOM	PRICE
885940	345020 MARKSMAN EDGE TOOL HIDDEN FASTENER	6	EA A	36.15 LA.LEX

## Screws, Wood Screws, Deck Screws and Camo Fasteners

### NATIONAL NAIL CAMO EDGE PRO TOOL

Makes installing a fastener-free deck surface fast and easy. Designed for a no-gap installation of treated wood decking. Can also be used with a wide variety of wood, composite and PVC deck boards and secondary spacers. Attaches boards directly to the joist using a secure side-angled entry that reduces the splitting, cracking and fastener pops inherent with face-fastened deck boards.

ITEM #	DESC	SP	UOM	PRICE
891541	345050 CAMO EDGE PRO TOOL	1	EA A	370.50 LVH.XZZ

### NATIONAL NAIL MARKSMAN PRO TOOL

Tool positions CAMO deck screws for side-angle entry to the deck board. Tool easily adjusts to fit any deck board widths of 5-1/4" to 5-3/4", and provides automatic 3/16" spacing. CAMO Marksman tools are designed to use with CAMO hidden fasteners only. 4000 rpm."

ITEM #	DESC	SP	UOM	PRICE
833428	345001 MARKSMAN PRO DECK TOOL GUN CAMO	6	EA A	51.63 OY.EOX

### NATIONAL NAIL CAMO DECK SCREWS

For use with the Camo Hidden Deck Fastening System.

A reverse rake tip removes the material as it bores allowing the screw to penetrate the board without splitting. The star drive offers more points of contact for better performance and reduces slippage and wear.

Aggressive lower thread pattern provides superior holding power while the reverse upper thread pulls the board tight to joist and provides a clean, finished entry. ProTech coated, ACQ approved. Limited lifetime warranty.

## Screws, Wood Screws, Deck Screws and Camo Fasteners

### NATIONAL NAIL CAMO DECK SCREWS

For use with the Camo Hidden Deck Fastening System. A reverse rake tip removes the material as it bores allowing the screw to penetrate the board without splitting. The star drive offers more points of contact for better performance and reduces slippage and wear. Aggressive lower thread pattern provides superior holding power while the reverse upper thread pulls the board tight to joist and provides a clean, finished entry. ProTech coated, ACQ approved. Limited lifetime warranty.

## Bolts, Rivets, Anchors and Washers, Rivets and Grommets, Rivets

### ARROW FASTENER RIVETS

Rivets are available in steel and aluminum, in three diameters and in three grip ranges. Steel rivets are much stronger than aluminum. Use steel rivets for very heavy duty jobs and when riveting steel to steel. Use aluminum rivets for lighter weight jobs and materials such as aluminum, fabrics, plastic, leather, etc. Determine rivet diameter by strength needed for job. Determine rivet grip by thickness of materials being fastened.

### MMF STEELMASTER PORTABLE ZIPPERED KEY CASE

A leather-like, vinyl case designed to hold 24 or 48 keys. Intended to look like an expensive portfolio, the Portable Zippered Key Case features reinforced brass corners to stand up to the roughest treatment. Hanging key tags are included and hold keys securely in place. A zippered closure ensures keys will not fall out during transport. Key tags have a write-on surface for identification of keys; sturdy split-ring key holders hold more than one key. Hook and loop fasteners on the back of the tags securely adhere the key holders to the fabric inside the portfolio.

Solid brass 6 pin cylinder keyed 5 pins to Arrow (AR1) or Schlage (SC1) keyways. Standard 2-3/4" backset. Sleeve collar latchbolt option for use on metal doors. Latch is solid brass. Cylindrical lock housing cold rolled steel mechanism, zinc dichromated for corrosion resistance. Outside knob can be removed for easy rekeying. Reinforced solid brass or stainless steel ball knobs. Fits wood or metal doors from 1-3/8" to 1-3/4" thick. No exposed mounting screws on 3" threaded roses. Both rosettes are threaded inside & outside. Standard 2-1/8" hole bore. Deadlocking bolt with 1/2" throw. Panic-proof mechanism. Furnished with 1-1/8" face on latch strike and ASA strike for door jamb. For residential and Commercial use. Grade 2. Passed a series of tests set by ANSI to meet light commercial and standard residential building requirements. Will accept the following cylinders: Schlage, Arrow, Marks, AWI, Lori, Falcon, ASSA, and most Medeco. Stainless steel with ASA strike. Clamshell packaged."

## Residential and Commercial Locksets, Ultra Hardware Locksets, Deadbolts and Deadlatches, Locksets

### ULTRA HARDWARE HEAVY DUTY LEVER HANDLE CYLINDRICAL ENTRY LOCKSET

Angle Lever handle. Conforms to Handicap Code ANSI A156.2 Series 4000. Grade 2. Has passed a series of tests set by ANSI to meet light commercial and standard residential building requirements. Fits wood or metal doors from 1-3/8" to 1-3/4" thick. UL listed. 2-3/4" backset latchbolt, 2-3/8" backset available. Furnished with 1-1/8" strike plate. Separate spring mechanism for inside & outside lever prevents arm sag. Designed for barrier free application. Lever travels more than 50 degree, satisfying most handicap codes. Non-handed. 2" clearance from lever to door surface; return of lever to 3/8" of the face of door. Fits the standard 161 door preparation 2-3/4" backset, 2-1/8" bore. Suitable for new construction & retrofit. Special reinforced studs prevent twisting or turning of lock rosettes. Will accept Lori, AWI, ASSA, Falcon, Arrow, Schlage, Marks or most Medeco cylinders. UL listed for "A" label single swing doors (4' x 8'). Concealed screw mount for added security. Keyed differently. Keyway type SC1. Dull Chrome. Clamshell packed."

## Cabinet and Chest Hardware, Cabinet and Chest Braces, Corner Braces

### NATIONAL MFG. MENDING PLATE

3 x 4.6 x 1/4, Black. Used for reinforcing 90 degree angles by applying to the inside or outside of the corner. Slots for 1/2" Carriage Bolt. Wider width provides greater area of stability for long intersections of building materials. Larger bolt holes provide options for structural support. Angle is cut from rolled structural steel and provides greater reinforcement strength than if the steel was bent into shape. Meets ASTM A6. Black powder coat finish for improved weather resistance."
