The Big Green Egg is designed to work as a complete outdoor cooking system, producing unrivaled results whether grilling, roasting, smoking or baking – and nothing contributes more to the versatility of your EGG than adding a convEGGtor to your EGGcessories collection.

Large convEGGtor

MiniMax convEGGtor

convEGGtor®

The convEGGtor is designed for indirect cooking on the Big Green Egg by providing a heat-directing barrier between the food and the charcoal, transforming your EGG into an outdoor convection oven. The design of the convEGGtor, in conjunction with the thermal properties of the EGG, allows heat to efficiently radiate within the dome and prevents the direct flames and heat from overcooking the food.
