### Puppies

Puppies may start nibbling Blue Seal® Natural 26™ at around four to five weeks of age. You may feed it dry, but moistening may enhance acceptance. If desired, self-feeding may be started at any age after weaning. If puppies are not self-feeding, but on a schedule, feed them three times per day up to six months of age and two times per day from six months to one year of age. Provide plenty of fresh water.

### Adult Dogs

Allowances must be made for the age and activity of the dog. Feed only what the dog will consume in a reasonable period of time. Some dogs, for instance, may be fed free choice if they are working hard.

## NATURAL 26

For normally active to hard-working dogs.
