

PORK MAKER MASH

Swine (E 814)

PRODUCT DESCRIPTION

Pork Maker Mash is formulated for growing and finishing fatter hogs. Features added Vitamin E, balanced amino acids, fermentation products, and chelated trace minerals.

FEATURES AND BENEFITS

Added Vitamin E

Helps support the immune system

Probiotics

Promotes a more stable digestive tract environment, resulting in improved digestion and overall swine health.

Chelated (organic) Trace Minerals

More bioavailable for greater absorption and utilization of zinc, copper and manganese to meet the increased needs for better bone, muscle and tissue strength during growth.

Added Balanced Amino Acids

For improved growth and weight gain

FEEDING DIRECTIONS

BLUE SEAL PORK MAKER MASH is designed specifically to be fed to pigs in accordance with the following suggested feeding program: PORK MAKER MASH is formulated to be fed free choice as the only ration to meat hogs from 50 lbs. body weight to market weight (200 - 250 lbs.). If not feeding from self-feeding hoppers, be sure that the pigs clean up the mash at least once per day to prevent wastage. The suggested feeding program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animal's dietary requirements.

PORK MAKER MASH

For growing and finishing hogs from 50 lb to market weight
