

# SENTINEL PERFORMANCE LS

Horse (E 1965)

## PRODUCT DESCRIPTION

Sentinel Performance LS, a Nutrient Release Formula feed, is the new generation in equine nutrition formulated specifically to enable equine athletes to meet their genetic potential and excel in the many aspects of performance. Exclusively formulated with high fat, high fiber and low starch/sugar ingredients, it is an ideal choice for equine athletes involved in a variety of competitive disciplines as well as horses with elevated caloric requirements such as hard keepers and rescue horses. This unique formulation of Sentinel Performance LS is also recommended for certain horses with challenged digestive and/or metabolic systems. A pressure cooked feed offers a safe and natural way to provide essential nutrition and extra calories to performance horses and is easily digested for optimal nutrient utilization.

## FEATURES AND BENEFITS

### 100% Extruded Form/Healthy Rate of Intake

The light and airy nature of pressure-cooked feeds may facilitate the breakdown of feed for horses while encouraging slower consumption and more thorough chewing. A slower rate of intake with more complete chewing may help minimize the risk of digestive upsets, such as colic and choke.

### Low Starch and Sugar Ingredients

A low-starch and -sugar diet is often recommended by veterinarians and nutritionists for horses with a history of metabolic and digestive challenges, such as Cushing's, insulin resistance, tying up, DOD, EPSM, colic and laminitis.

### Sequential Release of 'Cool' Energy

Sequential Release of 'Cool' Energy —A specific balance of fat and fermentable fiber provides safe calories at different rates to the body to meet the complex demands of the equine athlete.

### Pre- and Pro-Biotics

Direct-fed microorganisms and fermentation products aid in maintaining healthy digestion and active microbial fermentation for sustained nutrient digestibility, absorption and assimilation. These additives may support the presence of beneficial bacteria in the gut, resulting in sustained horse health and a more stable digestive tract environment.

## SENTINEL PERFORMANCE LS

A high-fat, high-fiber extruded horse feed designed for equine athletes and horses with elevated caloric requirements such as hard keepers and rescue horses.

## GUARANTEED ANALYSIS

Crude Protein, min	12.00%
Crude Fat, min	12.00%
Crude Fiber, max	20.00%
Acid Detergent Fiber, max	23.00%
Neutral Detergent Fiber, min	36.00%
Calcium, min	0.65%
Calcium, max	1.15%
Phosphorus, min	0.60%
Copper, min	50 ppm
Manganese, min	130 ppm
Selenium, min	0.55 ppm
Zinc, min	160 ppm
Vitamin A, min	5,000 IU/lb
Vitamin E, min	160 IU/lb
Biotin, min	0.45 mg/lb
Lysine, min	0.60%
Bacillus Species	454 million cfu/lb
Methionine, min	0.30%
Threonine, min	0.45%

## INGREDIENTS

Soybean Hulls, Ground Beet Pulp, Wheat Middlings, Soybean Oil, Dehydrated Alfalfa Meal, Wheat Flour, Corn Distillers Dried Grains, Rice Bran, Soybean Meal, Ground Corn, Calcium Carbonate, Yeast Culture, Salt, Monocalcium Phosphate, Magnesium Oxide, Natural Flavor, DL-Methionine, Vitamin E Supplement, Calcium Sulfate, L-Lysine, Selenium Yeast, Yeast Extract, Zinc Amino Acid Complex, Manganese Amino Acid Complex, Zinc Sulfate, Manganese Sulfate, Copper Amino Acid Complex, Copper Sulfate, Biotin, Vitamin B12 Supplement, L-Ascorbyl-2-Polyphosphate (source of Vitamin C), Cobalt Glucoheptonate, Ferrous Sulfate, Stabilized

### **Built-In Fiber**

Highly fermentable fiber sources such as soybean hulls, beet pulp, alfalfa meal and rice bran support healthy digestive activity while providing extra calories in a safe and natural form.

### **High Nutrient Density**

High Nutrient Density — Provides more actual nutrition by weight; you may feed less while delivering more of what your horse needs for optimum health and ideal body condition.

### **Stable Digestive Environment**

Stable Digestive Environment — Direct-fed microorganisms, yeast culture, fermentation products and mannanoligosaccharides (MOS) aid in maintaining healthy digestion and active microbial fermentation for sustained nutrient digestibility, absorption and assimilation. These additives, including guaranteed levels of *Bacillus* species, may support the presence of beneficial bacteria in the gut, resulting in sustained horse health and a more stable digestive tract environment.

### **Fixed Component Formula**

A consistent formula, bag after bag, featuring only the highest quality ingredients, may help to prevent sudden changes in the diet to maintain digestive health and function.

### **Healthy Skin and Hair Coat**

Healthy Skin and Hair Coat — Highly digestible fat from Soybean Oil and Flaxseed (sources of Omega-3 and Omega-6 fatty acids) helps provide extra calories for maintaining ideal body condition and helps promote a healthy skin and hair coat.

### **Brain and Visual Support**

Brain and Visual Support — Docosahexaenoic Acid (DHA), an Omega-3 fatty acid, is a structural component of nerve cells in the brain and eyes and a key component of heart tissue. Studies have shown that DHA is important for mental and visual development and plays a key role in the anti-inflammatory process.

### **Immune System Support**

Immune System Support — Sentinel incorporates an Advanced Antioxidant Package containing Vitamin E, Vitamin C, Vitamin A, Bio-available Selenium, Chelated Zinc, Copper and Manganese plus Methionine. These nutrients aid in maintaining the integrity and strength of cells and tissues in senior horses, helping to sustain health and wellness under the stresses of aging.

Flaxseed, Algae Meal, Soy Lecithin, Dried *Enterococcus Faecium* Fermentation Product, Dried *Lactobacillus Acidophilus* Fermentation Product, Dried *Aspergillus Niger* Fermentation Extract, Dried *Bacillus Subtilis* Fermentation Extract, Dried *Bacillus Subtilis* Fermentation Product, Dried *Bacillus Licheniformis* Fermentation Product, Niacin Supplement, Calcium d-Pantothenate, Riboflavin Supplement, Vitamin A Supplement, Sodium Selenite, L-Threonine, Choline Chloride, Pyridoxine Hydrochloride, Thiamine Mononitrate, Calcium Iodate, Vitamin D3 Supplement, Folic Acid, Menadione Sodium Bisulfite Complex (Source of Vitamin K), Cobalt Carbonate, Natural Mixed Tocopherols, Citric Acid, Rosemary Extract.

## **FEEDING DIRECTIONS**

BLUE SEAL SENTINEL PERFORMANCE LS is a high fat, high fiber, pressure cooked feed containing low starch and sugar ingredients designed for equine athletes involved in a variety of competitive disciplines. SENTINEL PERFORMANCE LS is also recommended for horses with elevated caloric requirements such as hard-keepers and for horses with challenged digestive and/or metabolic systems - contact your Blue Seal Sales Representative for specific recommendations. DAILY GUIDE: Approximate feed weight to volume: 0.85 lb = 1 quart. It is necessary to adjust the feeding of SENTINEL PERFORMANCE LS to the condition of the horse. Provide good-quality hay or pasture, free-choice salt and plenty of fresh water. {insert chart} Comments: For additional mineral-vitamin fortification, or if SENTINEL PERFORMANCE LS is fed below the recommended feeding range, feed the appropriate Winning Touch Equine Supplement, depending on type of hay being fed. The suggested feeding program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animal's dietary requirements.

CAUTION: THIS FEED CONTAINS SUPPLEMENTAL COPPER. DO NOT FEED TO SHEEP.
