

SENTINEL SENIOR SR

Horse (E 1960)

PRODUCT DESCRIPTION

Sentinel Senior, a Nutrient Release Formula feed, is the new generation in equine nutrition formulated specifically for senior horses, prematurely aging horses or horses with poor teeth. Sentinel Senior is a highly fortified balance of nutrients and an exclusive blend of natural additives to meet the increased nutritional demands of the senior horse due to less efficient digestive and metabolic systems. This unique formulation of Sentinel Senior is also recommended for certain senior horses with challenged digestive and/or metabolic systems. A pressure cooked feed offers a safe and natural way to provide essential nutrition and calories to senior horses, prematurely aging horses or horses with poor teeth and is easily digested for optimal nutrient utilization.

FEATURES AND BENEFITS

100% Extruded Form/Healthy Rate of Intake

The light and airy nature of pressure-cooked feeds may facilitate the breakdown of feed for horses while encouraging slower consumption and more thorough chewing. A slower rate of intake with more complete chewing may help minimize the risk of digestive upsets, such as colic and choke.

Low Starch and Sugar Ingredients

A low-starch and -sugar diet is often recommended by veterinarians and nutritionists for horses with a history of metabolic and digestive challenges, such as Cushing's, insulin resistance, tying up, DOD, EPSM, colic and laminitis.

Pre- and Pro-Biotics

Direct-fed microorganisms and fermentation products aid in maintaining healthy digestion and active microbial fermentation for sustained nutrient digestibility, absorption and assimilation. These additives may support the presence of beneficial bacteria in the gut, resulting in sustained horse health and a more stable digestive tract environment.

Built-In Fiber

Highly fermentable fiber sources such as soybean hulls, beet pulp, alfalfa meal and rice bran support healthy digestive activity while providing extra calories in a safe and natural form.

High Nutrient Density

High Nutrient Density — Provides more actual nutrition by weight; you may feed less while delivering more of what your horse needs for

SENTINEL SENIOR SR

An extruded horse feed for maintenance and performance of senior horses.

GUARANTEED ANALYSIS

Crude Protein, min	14.50%
Crude Fat, min	5.50%
Crude Fiber, max	16.00%
Acid Detergent Fiber, max	21.50%
Neutral Detergent Fiber, min	35.50%
Calcium, min	0.65%
Calcium, max	1.15%
Phosphorus, min	0.65%
Copper, min	55 ppm
Manganese, min	135 ppm
Selenium, min	0.55 ppm
Zinc, min	165 ppm
Vitamin A, min	5,000 IU/lb
Vitamin E, min	145 IU/lb
Biotin, min	0.45 mg/lb
Lysine, min	0.65%
Bacillus Species	454 million cfu/lb
Methionine, min	0.30%
Threonine, min	0.50%

INGREDIENTS

Soybean Hulls, Dehydrated Alfalfa Meal, Wheat Middlings, Corn Distillers Dried Grains, Wheat Flour, Soybean Meal, Ground Corn, Soybean Oil, Ground Beet Pulp, Cane Molasses, Rice Bran, Calcium Carbonate, Yeast Culture, Salt, Monocalcium Phosphate, Magnesium Oxide, Natural Flavor, DL-Methionine, Calcium Sulfate, L-Lysine, Vitamin E Supplement, Selenium Yeast, Yeast Extract, Zinc Amino Acid Complex, Manganese Amino Acid Complex, Zinc Sulfate, Manganese Sulfate, Copper Amino Acid Complex, Copper Sulfate, Biotin, Vitamin B12 Supplement, L-Ascorbyl-2-Polyphosphate (source of Vitamin C), Cobalt Glucoheptonate, Ferrous Sulfate, Stabilized Flaxseed, Algae Meal, Soy Lecithin, Dried Enterococcus Faecium Fermentation Product, Dried Lactobacillus

optimum health and ideal body condition.

Stable Digestive Environment

Stable Digestive Environment — Direct-fed microorganisms, yeast culture, fermentation products and mannanoligosaccharides (MOS) aid in maintaining healthy digestion and active microbial fermentation for sustained nutrient digestibility, absorption and assimilation. These additives, including guaranteed levels of *Bacillus* species, may support the presence of beneficial bacteria in the gut, resulting in sustained horse health and a more stable digestive tract environment.

Fixed Component Formula

A consistent formula, bag after bag, featuring only the highest quality ingredients, may help to prevent sudden changes in the diet to maintain digestive health and function.

Healthy Skin and Hair Coat

Healthy Skin and Hair Coat — Highly digestible fat from Soybean Oil and Flaxseed (sources of Omega-3 and Omega-6 fatty acids) helps provide extra calories for maintaining ideal body condition and helps promote a healthy skin and hair coat.

Brain and Visual Support

Brain and Visual Support — Docosahexaenoic Acid (DHA), an Omega-3 fatty acid, is a structural component of nerve cells in the brain and eyes and a key component of heart tissue. Studies have shown that DHA is important for mental and visual development and plays a key role in the anti-inflammatory process.

Immune System Support

Immune System Support — Sentinel incorporates an Advanced Antioxidant Package containing Vitamin E, Vitamin C, Vitamin A, Bio-available Selenium, Chelated Zinc, Copper and Manganese plus Methionine. These nutrients aid in maintaining the integrity and strength of cells and tissues in senior horses, helping to sustain health and wellness under the stresses of aging.

Acidophilus Fermentation Product, Dried Aspergillus Niger Fermentation Extract, Dried Bacillus Subtilis Fermentation Extract, Dried Bacillus Subtilis Fermentation Product, Dried Bacillus Licheniformis Fermentation Product, Niacin Supplement, Calcium d-Pantothenate, Riboflavin Supplement, Vitamin A Supplement, Sodium Selenite, L-Threonine, Choline Chloride, Pyridoxine Hydrochloride, Thiamine Mononitrate, Calcium Iodate, Vitamin D3 Supplement, Folic Acid, Menadione Sodium Bisulfite Complex (Source of Vitamin K), Cobalt Carbonate, Natural Mixed Tocopherols, Citric Acid, Rosemary Extract.

FEEDING DIRECTIONS

BLUE SEAL SENTINEL SENIOR is a uniquely balanced pressure cooked feed formulated specifically for senior horses, prematurely aging horses, or those with poor teeth. SENTINEL SENIOR is also recommended for horses with challenged digestive and/or metabolic systems - contact your Blue Seal Sales Representative for specific recommendations. Good quality hay should be offered to help maintain good digestive function and prevent boredom. DAILY GUIDE: Approximate feed weight to volume: 0.85 lb = 1 quart. It is necessary to adjust the feeding of SENTINEL SENIOR to the condition of the horse. Provide salt and plenty of fresh water free choice. [INSERT CHART] Comments: For additional mineral-vitamin fortification, or if SENTINEL SENIOR is fed below the recommended feeding range, feed the appropriate Winning Touch Equine Supplement, depending on type of hay being fed.

CAUTION: THIS FEED CONTAINS SUPPLEMENTAL COPPER. DO NOT FEED TO SHEEP.
