

VINTAGE VICTORY

Horse (E 424)

PRODUCT DESCRIPTION

Vintage Victory is a high-fat, low-protein blend of oats, extruded fiber nuggets, and naturally encapsulated vegetable oil designed for endurance and event horses. Vintage Victory incorporates a Triple Energy Release System — a combination of carbohydrates, fat and fermentable fiber, providing a sequential energy release to meet the complex demands of the equine endurance and event athlete.

FEATURES AND BENEFITS

Oats

The preferred grain for horses, oats provide a readily available carbohydrate energy source with built-in fiber for safe grain feeding.

Naturally Encapsulated Vegetable Oil

Vegetable oil increases the energy density of the diet, improving stamina and delaying the onset of fatigue in endurance horses. The addition of fat can also minimize the risk of laminitis and other metabolic conditions associated with starch overload while maintaining desired body condition of active horses.

Extruded Fiber Nugget with Beet Pulp and RiceBran

The extruded nugget slows the rate of feed intake, which helps minimize the incidence of colic, ulcers and other digestive disorders. The nugget also provides highly digestible and fermentable sources of fiber for long term aerobic energy use.

Low Protein with Added Amino Acids

Restricting total protein in mature endurance horses fed a high-fat diet may help reduce fatigue and improve muscle function during strenuous exercise. Guaranteed levels of Lysine and Methionine helps ensure that quality protein is available for strong muscle development and maintenance of body tissues.

Chelated Zinc, Copper and Manganese, Plus Bio- Available Selenium

Optimum levels and ratios are supplied to help ensure a balanced diet for maintenance and performance. The more biologically available forms promote the immune system, sustaining overall health, especially in horses under stress.

Advanced Antioxidant Package

Natural Tocopherols, Vitamin E and Stable Vitamin C — As potent antioxidants, these nutrients support tissue integrity and function,

VINTAGE VICTORY

A high-fat, low-protein blend of oats, extruded fiber nuggets, and naturally encapsulated vegetable oil for endurance and event horses.

B-Complex Vitamins (including Biotin)

Actively involved in the metabolism of carbohydrates, fats and protein into usable energy for performance. Added B vitamins support healthy growth of skin, hair and hooves.

Yeast Culture

Sustains a healthy, functional microbial fermentation in the horse cecum and colon, helping to minimize digestive upsets and support efficient nutrient digestibility.

FEEDING DIRECTIONS

BLUE SEAL VINTAGE VICTORY is a high fat, low protein blend of oats, extruded fiber nuggets, and naturally encapsulated vegetable oil as part of the Triple Energy Release System for endurance and event Horses. DAILY GUIDE: It is necessary to adjust the feeding of BLUE SEAL VINTAGE VICTORY to the condition of the horse. Provide horses with good quality hay or pasture and salt free choice. Provide plenty of fresh water [INSERT CHART] Comments: If feeding legume hays, rich pasture, or if VINTAGE VICTORY is fed below the recommended feeding range, consult your Kent Nutrition Group feed representative for a ration recommendation. For additional mineral-vitamin fortification, or if VINTAGE VICTORY is fed below the recommended feeding range, feed the appropriate Winning Touch Equine Supplement, depending on type of hay being fed. The suggested feeding program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animal's dietary requirements.

THIS FEED CONTAINS SUPPLEMENTAL COPPER. DO NOT FEED TO SHEEP. STORE IN A COOL DRY PLACE. THIS PRODUCT MAY SPOIL IF STORED UNDER ADVERSE CONDITIONS. DO NOT FEED THIS PRODUCT IF BELIEVED TO BE UNFIT FOR ANIMAL CONSUMPTION.
