

# MILK-MAKER 16

Dairy (E 1045)

## PRODUCT DESCRIPTION

Milk-Maker 16 is a 16% pelleted product designed for lactating dairy cattle and herd replacements.

## FEATURES AND BENEFITS

## FEEDING DIRECTIONS

BLUE SEAL MILK-MAKER 16 is designed specifically to be fed to dairy animals in accordance with the following suggested feeding program: MILK-MAKER 16 is for use with a limited corn silage program where a substantial quantity of top-quality hay or haylage is being fed. MILK-MAKER 16 may be fed to the replacement herd, along with top quality hay, gradually changing over from a Kent Nutrition Group calf starter at about 3 months of age. The suggested feeding program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animal's dietary requirements.
