Drilling and Fastening Wood Drilling Accessories

## Work Hard, Play Hard

Bosch Daredevil represents the people who use power tool accessories to benefit not only their professional lives, but their overall lifestyle. By using better accessories you're going to save money and time because bits and blades account for more than half of the performance you get from your tools. And with the time you save, you'll have more opportunity to play hard, whether that means motorcycle riding or fishing, family activities or volunteering to build a park in town. It's your time and you've earned it. There's a Work Hard, Play Hard spirit of the freestyle motocross pro that's shared with the contractor. It represents the creativity, focus and preparation that these professionals bring to the job each day. Everything about Bosch Daredevil is best in class, from product design to the materials used. There's always a lot at stake in a construction project, so why wouldn't you combine your skills with the best accessories available to get the job done right the first time?

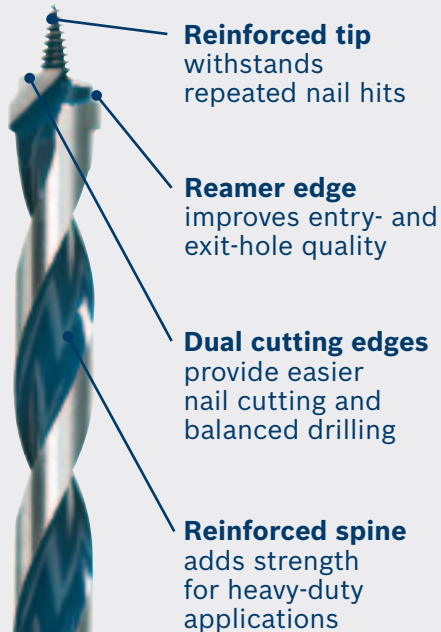

Warning! Do not attempt to duplicate action demonstrated in this advertisement. The depiction was performed by experienced professionals under controlled conditions and is not intended to demonstrate recommended power tool applications.

Bosch Daredevil started with best-in-class spade bits and now includes framing saw blades, recip saw blades and auger bits. To qualify as part of the Bosch Daredevil line, the product must be the best in its class for speed, ease of use and life—standards that deliver better productivity. Bosch Daredevil is a superior line of products for the construction professional, relying on world-class materials and manufacturing to meet even the most demanding building and remodeling jobs. Being a daredevil is really about being the best.

## Daredevil™ Auger Bits

**Nail killing auger bits**  
for three times longer life and three times less force\*

\*Based on independent testing vs. standard auger bit

## Daredevil™ Auger Bits
