EMEA Product and Brand Overview

Date: December, 2017

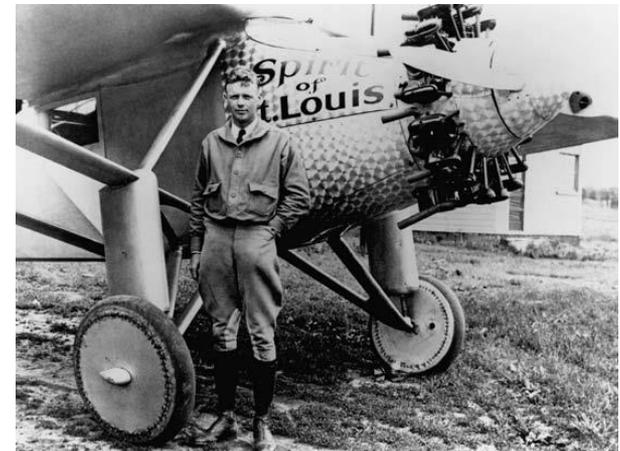

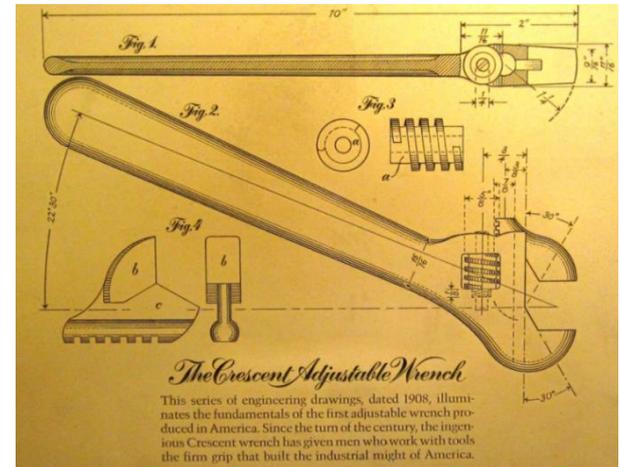

Prepared By: A. Tolga Kirmaci

Market Manager EMEA – Hand Tools

The Back-Story

Crescent® is a premier hand tool brand from Apex Tool Group, one of the largest hand tool manufacturers in the world. It introduced the original adjustable wrench in the early 1900s in USA, which in effect replaced an entire set of dedicated-size wrenches. It quickly became and continues to be one of the most essential tools in the toolbox.

In fact, Charles Lindbergh was quoted saying he carried only “gasoline, sandwiches, a bottle of water and a Crescent® wrench and pliers” on his famous 1927 solo transatlantic flight. Today, the Crescent® line has expanded beyond adjustable wrenches to include a wide selection of pliers, ratcheting wrenches, screwdrivers and tool sets.

Claim to Fame

Whether you are a distributor or a hand tool consumer, Crescent® brand products bring more to your business than just fastening tools. They bring the strength of an assortment of high quality hand tool products. With over 100 years performance, quality and innovation, Crescent® is committed to hold true to the fundamentals that have made Crescent® one of the most trusted names in hand tools worldwide. We are committed to consistently delivering products that exceed customer expectations for quality, durability, performance, and value.

A full line of quality hand tools

Crescent Quality designed into every tool From the flawless chrome finish of its wrenches, ratchets, and sockets to the perfectly balanced and shaped dual-material handles of its screwdrivers, this line of industrial hand tools has an extraordinarily high level of quality. Crescent Quality tools get jobs done faster and increase overall productivity.

Manufactured for exceptional durability Crescent tools are made from chrome vanadium steel alloy, specially formulated and heat-treated for high strength and superior resistance to abrasion and corrosion. Every part of every tool – from the vapor-blasted screwdriver tips to the hardened ratchet gears and pawls – is designed for extremely long life.

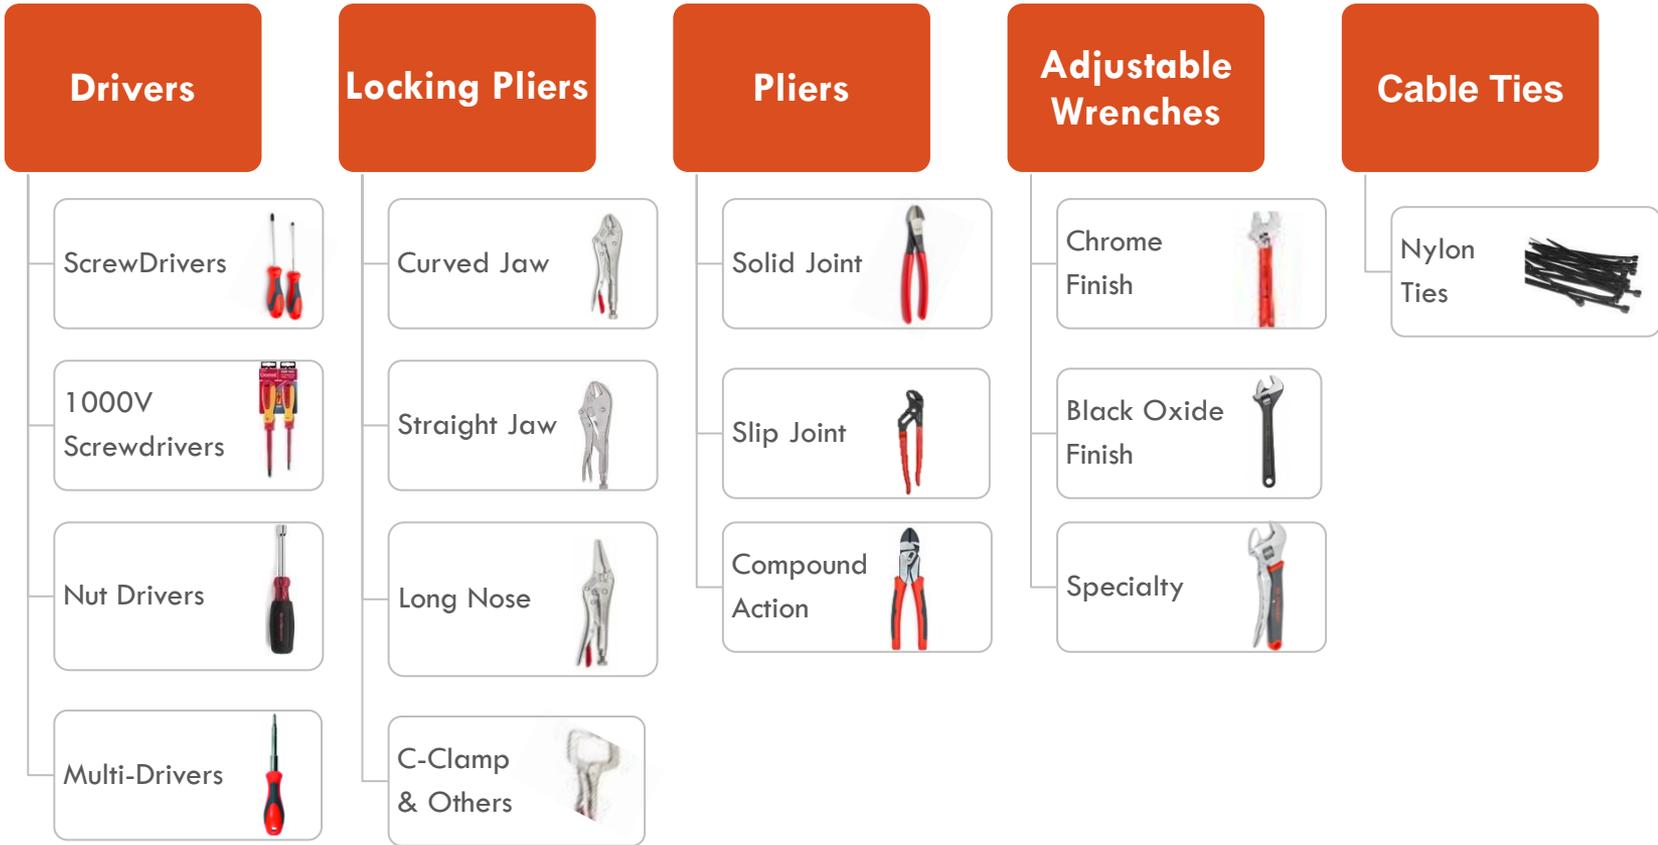

Brand Positioning

Nutdrivers

Product Information

Catalog No CNDS7V

- Features & Benefits
- Quick change blade system
 - Quickly convert from straight to T-handle, simply pull shaft, rotate handle, and push shaft back in to lock
 - Hollow shaft works over long threaded rod where normal nut drivers will not fit
 - Universal design fits 6 fastner types (hex, square, 12pt, E-Torx, partially rounded hex and spline)
 - Color coded for easy identification
 - Corrosion resistant, polished chrome shafts
 - Dual Material cushion grip, holds up well against oil and grease, for comfortable non-slip grip
 - Includes seven combo nut drivers (fits SAE & MM): 3/16" (4.5mm), 1/4" (6mm), 5/16" (8mm), 11/32" (9mm), 3/8" (10mm), 7/16" (11mm), 1/2" (13mm)

Locking Pliers

Locking Pliers

Crescent® locking pliers are made to an exacting standard resulting in outstanding durability and long-term performance. They have a narrow profile required for work in tight and confined spaces and a tough nickel-plated finish for maximum resistance to rust and corrosion. Crescent Locking Pliers were named a Gold Innovation Award winner by Home Improvement Executive (HIE) magazine in its July 31, 2017 issue.

Locking Pliers

Curved Jaw, Straight Jaw and Long Nose

Product Information

- Features & Benefits
- Maximum Jaw Opening Per ASME
 - Angled Tooth Pattern for Better Grip
 - Nickel-Plated Finish Resists Rust and Corrosion
 - Compound Action for Powerful Non-Slip Locking Grip
 - Versatile Curved Jaw Also Features Integral Wire Cutter
 - Long Nose with Wire Cutter Gets to Hard-To-Reach Spots
 - Hex key receiving hole added to knurls for increased torque and convenience

Pliers

Pliers

Compound Action // Pivot Pro Series

Product Information

- Features & Benefits
- Unique pivot action design requires 40% less force to cut
 - Unlike standard pliers that pivot on the center-bolt only, additional leverage can be applied. This action creates more leverage and force to the cutting edge
 - Forged steel body for strength and durability
 - Induction hardened cutting edge for long life
 - Dual material grips for added comfort and durability

Art. No Description

Pliers

Multi-Tool // 2-IN-1 Linesman/Wire Cutter

Product Information

Catalog No CCP8V

- Features & Benefits
- Unique design combines a lineman's plier and wire stripper in one tool
 - Provides benefits of multi-purpose tool with the precision and performance of high quality pliers
 - Dual material handle for comfort
 - A versatile tool that combines the benefits of a lineman's plier with the added versatility of a wire stripper for maximum tool performance

Adjustable Wrenches

Adjustable Wrenches

The year was 1927, just 20 years since the Crescent adjustable wrench had been introduced. Today, Crescent brand adjustable wrenches are just as essential as they were back then. They are now part of a full line of quality hand tools that proudly wears the Crescent brand name. And as always, there is only one original Crescent brand. If it doesn't say "Crescent" on the handle, it's not a genuine Crescent brand adjustable wrench.

The Crescent **Advantage:**

Special alloy steel is heat treated for strength. Matte finishing provides exceptional resistance to corrosion.

The Crescent **Advantage:**

Jaws open up to 25% wider than conventional wrenches to fit more fasteners.

The Crescent **Advantage:**

Handle is up to 71% wider than conventional wrenches...lets users comfortably apply more force.

Adjustable Wrenches

Adjustable Wrenches

Specialty // 8" Adjustable Flex-lock Ratcheting Wrench

Product Information

Catalog No	ACFR8VS
Features & Benefits	<ul style="list-style-type: none">▪ Compact designs allow user to turn a nut in a location where a large tool cannot be used▪ Indexing, locking 180° handle for maximum access▪ Fast ratcheting design tightens and loosens fasteners without removing the wrench▪ Works on any 4 or 6 point fastener up to 1-3/16"▪ Chrome plated finish resists rust and corrosion▪ Laser marked scale for quick and easy size adjustment

Adjustable Wrenches

Specialty // 10" Locking Adjustable Wrench

Product Information

Catalog No	ACL10VS
Features & Benefits	<ul style="list-style-type: none">▪ Versatility of an adjustable wrench and gripping power of a locking plier▪ Delivers 2X gripping power on rounded fastener▪ Anti-slip adjustable jaw for wide variety of fasteners▪ Quick release handle with dual material comfort grip▪ 1" maximum jaw opening

Adjustable Wrenches

Specialty // 8" Ratcheting Adjustable Wrench

Product Information

Catalog No	ATR28
Features & Benefits	<ul style="list-style-type: none">▪ Versatility – Movable Jaw Works on any 4 or 6 Point Fastener up to 15/16"▪ Speed – Smooth Ratcheting Action is Intuitive and Easy to Use, Making Jobs Easier and Faster▪ Comfort – Unique Handle Design Accommodates a wide variety of Hand Sizes and Shapes and Promotes Proper Use▪ Convenience – Ratcheting On/Off Switch Allows Wrench to also be used as a Traditional Adjustable Wrench

Adjustable Wrenches

Specialty // 12-in. Self-Adjusting Pipe Wrench

Product Information

Catalog No	CPW12
Features & Benefits	<ul style="list-style-type: none"> Commonly used for gripping and holding pipes and fasteners. Self-adjusting, head design instantly grips and releases pipes, and other types of fasteners providing fast, ratcheting action 5/8" – 1 1/2" jaw capacity Ideal for most surfaces including black, galvanized, PVC and copper pipe, as well as nuts, bolts and couplings Unique angled tooth configuration for ratcheting applications and better gripping Ergonomic, slim profile design allows better access to tight areas Corrosion resistant black-oxide finish

Adjustable Wrenches

Specialty // Universal Adjustable Wrench

Product Information

Catalog No	FR28SEU
Features & Benefits	<ul style="list-style-type: none"> ▪ Ratchet mechanism with 60 teeth ▪ New long, ergonomic grip, increases the torque, with thumb recess for an excellent grip and a highest comfort ▪ Large adjusting wheel for the accurate jaw adjustment ▪ Switchover-lever for left and right rotation ▪ Serrated jaw provides for improved grip traction and reduced slipping of the work piece. ▪ 4 Pieces in Counter Pack

Adjustable Wrenches

Specialty // 12-in. Self-Adjusting Pipe Wrench

Product Information

Adjustable Wrenches

Future Products

Product Information

Extra Wide Jaw Adjustable Wrenches

- Features & Benefits
- Wider jaw opening than traditional adjustable wrenches allows use with a greater range of fastener sizes. Each wrench does the work one size up.
 - Serrations on upper jaw give up 4x more torque
 - Non Slip handle
 - Laser-etched scale for quick size adjustment

Product Information

End Adjustable Wrench

- Features & Benefits
- Innovative end knurl allows for adjustment when a traditional wrench wouldn't be accessible
 - Laser-etched scale for quick size adjustment
 - Removal of the traditional knurl allows for super slim profile to fit where larger options won't

Cable Ties

Product Information

Features & Benefits

- Extra strength due to heavier weight of material used
- High quality Solutia nylon 6/6 UL approved
- Carbon additives for UV protection, suitable for continuous or extended exposure to outdoor sunlight
- Handy zip lock re-sealable closure bag
- Resistant to most chemical acids
- RoHS (short for Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment) compliant
- Tensile Strength 22.2kg/50lbs
- Three different types: Black Standard / White Standard / Black Heavy Duty

Mechanical Hand Tools

X6™ Sets // 11pc. Pass-Thru™ Adjustable Wrench Set, 8"

Product Information

- | | |
|---------------------|---|
| Catalog No | CPTAW8 |
| Features & Benefits | <ul style="list-style-type: none"> Traditional 8" adjustable wrench with laser etched SAE/MM scales and wide jaw opening Pass-thru reversible ratcheting system works over long threaded rod where normal ratchets and sockets won't fit Every pass-thru socket replaces one standard and one deep Universal design fits 6 fastener types (hex, square, 12pt, E-torx, partially rounded hex, spline) Includes 10 universal combo sockets that fit both standard and metric fasteners: 3/8" (10mm), 7/16" (11mm), 15/32" (12mm), 1/2" (13mm), 9/16" (14mm), 19/32" (15mm), 5/8" (16mm), 11/16" (17mm), 23/32" (18mm), 3/4" (19mm) For pipe work, the jaw reverses. Simply back the jaw out, turn it around and re-insert. Serrations on the inside edge form a deep tooth pattern that hold pipe tight and reduce slipping Corrosion resistant black-phosphate finish |

Mechanical Hand Tools

X6™ Sets // 2 Pc. Ratcheting Metric Wrench Set

Product Information

Catalog No	CX6DBM2
