Product Specifications

The Dremel EZ Lock makes accessory changes easy as PULL - TWIST - RELEASE. The one-piece mandrel design simplifies the process of changing cutting wheels and makes it easy to cut through plastic. For use with the EZ402 EZ Lock Mandrel.

- The first cut-off wheel designed specifically for cutting plastic
- Cut-off wheels last 2 times longer than current fiberglass-reinforced cut-off wheels
- Compatible with all Dremel rotary tools
- Cut-off wheels labeled for easy identification
- First patented system of its kind
