

Specification

Power	3V 0.21W	
Working Current	70mA	
LED Q 'ty	3 LED	
"AUTO" mode	Working Environment	under 5 Lux
	Delay Time	15 seconds
Dimensions	82 X 71 X 92 mm	
Operating Temperature	-5°C ~ 40°C	
Storage Temperature	-30°C ~ 60°C	

Warm Remider:

1. Keep away from air conditioners, refrigerators and stoves, where temperature may fluctuate.
2. Keep away from strong airflow, e.g. windows.
3. To have the best induction, install the light and moving path in parallel position.
