

GREAT STUFF PRO™
FOAM DISPENSING GUNS
PRECISION APPLICATION, MAXIMUM YIELD,
NO-DRIP DISPENSING, RESTARTABLE.

The GREAT STUFF PRO™ product series features gun-applied insulating foam sealant formulations. The line offers precision application, high yield chemistry, 30 day restartability and no-drip dispensing.

Thirty Day Restartability

All GREAT STUFF PRO™ foam dispensing guns are designed to create an airtight and moisture-tight seal between the gun and the can. This prevents the foam from curing and blocking the dispensing valve, letting you reuse the can for up to one month. When storing foam, always keep a gun securely attached to the top of the can.

Pinpoint Control of Foam Bead

Each of the guns has a flow control screw mechanism located on the back allowing you to dispense foam beads from 1/8" to 3" in size. The gun tip designs permit you to place the bead precisely where you want it. One-hand operation eases use in tight spots and hard-to-reach applications.

Maximum Yield

The PRO foam dispensing gun features no-drip dispensing, pinpoint control of the bead size and restartability, providing maximize foam yield. Pinpoint control of the bead size allows you to maximize the foam yield from every can.

GREAT STUFF PRO™ 13

- Has a lightweight, durable plastic handle and body
- Has a flow-control mechanism that dispenses beads from 1/8" to 3" — exactly where it's needed
- Provides greater precision and access to hard-to-reach areas
- Works with all GREAT STUFF PRO™ cans
- No-drip dispensing
- Creates an air- and moisture-tight seal between the gun and the can
- Has a replaceable, barbed dispensing nozzle
- Includes plastic tapered tips

GREAT STUFF PRO™ 14

- Lightweight, high-strength aluminum body with a metal trigger
- Has a flow-control mechanism that dispenses beads from 1/8" to 3" — exactly where it's needed
- Provides greater precision and access to hard-to-reach areas
- Non-stick coated can adapter and needle
- Large flow control knob with secured back-screw system
- Replaceable smooth dispensing nozzle
- Works with all GREAT STUFF PRO™ cans
- No-drip dispensing
- Creates an air- and moisture-tight seal between the gun and the can
- Includes plastic tapered tips

GREAT STUFF PRO™ 15

- Features a stainless steel barrel for greater durability and a longer life, with a strong, lightweight aluminum body
- Has a large flow-control mechanism for variable bead sizing from 1/8" to 3" — exactly where it's needed
- Has a non-stick coated can adapter, needle and check valve
- Works with all GREAT STUFF PRO™ cans
- No-drip dispensing
- Creates an air- and moisture-tight seal between the gun and the can
- Provides greater precision and access to hard-to-reach areas

GREAT STUFF PRO™ 14XL

- Features a 40" (1 m) barrel for accessing hard-to-reach areas and dispensing while standing up, avoiding strain on your back (straight and curved barrel)
- Features a lightweight, high-strength aluminum body with a metal trigger
- Has a large flow-control mechanism for variable beading from 1/8" to 3" and precision placement
- Provides greater precision and access to hard-to-reach areas
- Has a non-stick coated can adapter and needle
- Works with all GREAT STUFF PRO™ cans
- No-drip dispensing
- Creates an air- and moisture-tight seal between the gun and the can
- Includes forked guide tip

GREAT STUFF PRO™ Gun Cleaner

Clean-up is easy with GREAT STUFF PRO™ Gun Cleaner. Use it to keep both the inside and outside of your gun clean and in top condition. GREAT STUFF PRO™ Gun Cleaner comes with two operating attachments: black gun adapter mechanism and red spray nozzle.

GREAT STUFF PRO™ Gun Cleaner can also be used to remove any uncured foam from a project area in addition to cleaning the foam dispensing gun.

Black gun adapter mechanism

Red spray nozzle attachment

GREAT STUFF PRO™ Gaps & Cracks Insulating Foam Sealant

- Fills gaps and cracks up to 3"
- Fireblock sealant
- It's orange colored for easy recognition

GREAT STUFF PRO™ Pestblock Insulating Foam Sealant

- Specially formulated to block out pests and insects
- Forms a long-lasting, water-resistant and airtight seal
- Contains no pesticides

GREAT STUFF PRO™ Window & Door Insulating Foam Sealant

- Fills gaps around window and door frames and their rough openings
- Will not bow window/door frames when properly applied
- Forms a durable, airtight and water-resistant seal that can help lower energy bills.

GREAT STUFF PRO™ Wall & Floor Adhesive

- Heavy-duty, premium-grade adhesive
- Excellent bonding power on dry, damp and frozen lumber
- Fast-grab tack

GREAT STUFF PRO™ Gun Cleaner

- Acetone cleaner to remove uncured foam or adhesive
- Attach to gun or use spray dispenser

All four GREAT STUFF PRO™ Series foam dispensing guns fit all GREAT STUFF PRO™ products.

Dow Polyurethane Foam Insulation and Sealants

CAUTION: When cured, these products are combustible and will burn if exposed to open flame or sparks from high-energy sources. Do not expose to temperatures above 240°F (116°C). For more information, consult (Material) Safety Data Sheet ((M)SDS), call Dow at 1-866-583-BLUE (2583) or contact your local building inspector. In an emergency, call 1-989-636-4400 in the U.S. or 1-519-339-3711 in Canada. When air sealing buildings, ensure that combustion appliances, such as furnaces, water heaters, wood burning stoves, gas stoves and gas dryers are properly vented to the outside. See website: <http://www.epa.gov/iaq/homes/hip-ventilation.html>. In Canada visit <http://archive.nrc-cnrc.gc.ca/eng/ibp/irc/bsi/83-house-ventilation.html>.

GREAT STUFF™ PRO Insulating Foam sealant and adhesive products contain isocyanate and a flammable blowing agent. Read all instructions and (Material) Safety Data Sheet ((M)SDS), carefully before use. Eliminate all sources of ignition before use. Cover all skin. Wear long sleeves, gloves, and safety glasses or goggles. Not for use in aviation, or food/beverage contact, or as structural support in marine applications. Provide adequate ventilation or wear proper respiratory protection. Contents under pressure. Not to be used for filling closed cavities or voids such as behind walls and under tub surrounds; this improper use of the product could result in the accumulation of flammable vapors and/or uncured material. Failure to follow the warnings and instructions provided with the product, and/or all applicable rules and regulations, can result in injury or death.

GREAT STUFF PRO™ Gun Cleaner is flammable and contains acetone and propane. Read all instructions and (M)SDS carefully before use. Eliminate all sources of ignition before use. Cover all skin. Wear gloves, and goggles or safety glasses. Provide adequate ventilation or wear proper respiratory protection. Contents under pressure.

Building and/or construction practices unrelated to building materials could greatly affect moisture and the potential for mold formation. No material supplier including Dow can give assurance that mold will not develop in any specific system. Printed in the U.S.A.
