ECObulb® PLUS

Energy Saving Compact Fluorescent Lamps

ECObulb® PLUS LAMPS ARE ALL ROHS COMPLIANT, EARTH-FRIENDLY ALTERNATIVES TO STANDARD CFLS. THEY CONTAIN REDUCED AMOUNTS OF MERCURY, LEAD, CADMIUM, HEXAVALENT CHROMIUM AND POLYBROMINATED BIPHENYLS COMPARED WITH STANDARD CFLS.

*Life hours shown at 120 volts. Lumens decreased by approximately 25% and wattage decreased by approximately 10% when 130 volt lamps are used on a 120 volt line.
 **These lamps meet 2007 CEC Appliance Efficiency Regulations.

NOTES

1. Rated life hours is an average value based on laboratory tests of representative groups of lamps under controlled conditions. Rated life hours is based on survival of 50% of the lamps and allows for individual lamps to vary considerably from the average. Life is also dependent on service conditions.
2. All information contained in this catalog is accurate to the best of our knowledge. No liability is assumed by Feit Electric Company for inaccuracies or errors.
3. Specifications are subject to change without notice. Please contact our customer service department to verify specifications.
