

SWITCH TO DIM™

Dim with a standard light switch.

Ditch the Dimmer Switch
3-Level dimming LED light bulbs

No dimmer switch? No problem.

Choose from 3 levels of adjustable dimmer lighting: 100%, 50% or 10% with a standard light switch. Select the best LED lighting for reading, watching television or spending time with the family. No additional hardware or special apps required.

IntelliBulb Switch to Dim LED bulbs are a great low-cost, energy-saving solution to existing incandescent bulbs. Get up to 15,000 hours of beautiful LED light.
