

2015 PRODUCT CATALOGUE

THE GLADIATOR BRAND ADVANTAGE

Whether you use your garage for parking the cars, working on projects or entertaining, Gladiator brand helps you make it what you want it to be.

Ultimate Versatility

Our versatile products help create the most complete organization system. They work together so you can get the most out of your garage – floor to ceiling, wall to wall.

Heavy-Duty Steel Construction

Gladiator® cabinets and modular storage products feature welded steel construction that ensures outstanding performance in any environment.

Hassle-Free Warranty

We're so confident in Gladiator brand that we offer warranties just as strong as our gear. Most of our products are backed by at least a 10-year limited warranty. In addition, select models are backed with a lifetime limited warranty.*

TRANSFORM YOUR GARAGE IN THREE EASY STEPS

The only way to really know what lurks in your garage is to remove all the items inside. Yes, everything. This forces you to make a storage decision on every item.

Keep items you'll move back into the garage.

Donate or sell items that can be given to friends, online donation sites or community charities, or sold at a garage sale or online.

Toss items you simply don't use or that are damaged beyond repair.

Measure your space. It's important to get your exact dimensions including:

- Front, back and side walls
- Size and location of windows and doors, including doorstep
- Location of studs, stairs, outlets and switches
- Floorspace and space occupied by your car(s)

Create a wall organization system

Using your walls for storage is a smart way to get gear up off the floor and maximize space to transform your garage into an area you can actually use.

Protect your garage floor

A covered garage floor is easier to install than you might think and adds style and protection, too.

Choose the right cabinets

Storage cabinets are an excellent choice when you want to clear items from the floor and keep them safely hidden behind closed doors.

PERSONALIZED SOLUTIONS

From wall systems to cabinets, and flooring to appliances, Gladiator brand has a premium solution to help make your garage your own, transforming the space with a uniform look.

Table of Contents

- 10 Cabinets
- 16 Hanging Wall Systems

FROM SMALL SPACES TO LARGE

Easily repositionable cabinets and wall systems offer solutions for every garage. The Gladiator® organization and storage system grows with you to fit your life and style. You can even choose to take it with you if you sell your house or leave it to add value to the home.

WHAT'S NEW

77" (195.6 cm) Rack Shelving

The new 77" (195.6 cm) Rack Shelving unit features a heavy-duty load capacity of 2,000 pounds (907 kg) per shelf and a tool-free design that makes setup fast and easy.

Everest White Options

Make a design statement with the durability of welded steel. Cabinets available in Classic Silver and Everest White hide your stuff, not your style.

GARAGE CABINETS

Gladiator® cabinets and modular storage products feature welded steel construction and a unique tread plate design that highlights their durability. It's easy to customize your layout with wall boxes that reposition on our wall systems and modular cabinets that roll on casters.

Colour Key:

Classic Silver – Hammered granite cabinet with silver tread plate door
