## **FUN FOOD EQUIPMENT & SUPPLIES**

### **2010 CATALOG**

# Featured Products in 2010

## POPCORN

Now introducing the new AUTO SHUTOFF feature! This feature is standard on the #2656 and #1866. Turns off kettle heat after 15 minutes of idle time. Light blinks on and off to indicate Auto ShutOff.

## CARAMEL CORN

#2614 Karamel Kleen - Only self-enclosed caramel corn machine. Includes Mark 10 Corn Treat Mixer with animated Caramel Corn Sign.

## COTTON CANDY

#3052 Auto Breeze has an improved breeze band. By increasing the heating element wrap height it improves output by 20%!

## SNO-KONES®

#1890 Polar Pete™ Sno-Kone® Machine - Pairs perfectly with the AllCane Deluxe Sno-Kone® Syrups - especially in schools.

## NACHOS

#5330 Cheese Cup Warmer is now equipped with a twin temperature switch allowing it to heat cheese or pretzels. Also great for Pre-Packaged Caramel Corn.

## HOT DOGS

#8007DE - Steamin' Demon With Dry Element. Heating element is out of the water giving it a longer element life and it's very easy to clean.

## FRYERS

FUNNEL FINGERS! A new twist to a classic favorite. Perfect walking food - easy to make, easy to serve and easy to eat.

## GOLD MEDAL® PRODUCTS CO.

### Why Gold Medal?

For more than 78 years, we have led the concession industry, helping countless businesses increase their profits, and families build cherished memories. As you look through the catalog, you will quickly notice that we offer a wide variety of equipment and supplies for any Fun Food need. But we're much more than machines and products. We're a company who also stands behind our name and knows what it takes to make it in the concession industry.

So, whether you are new to the concession business, or an established professional, we'll help you find your right fit. Gold Medal offers:

- An Average of 70% to 80% Profit Returns
- Low Food Costs
- Features to Save You Money & Increase Safety
- Equipment That's Simple to Operate & Maintain
- Topnotch Customer Service
- An International Network of Dealers
- Integrity and Proven Experience
- Delicious, High-Quality Foods
- And So Much More!

So on behalf of the entire Gold Medal team, we thank you for your past support, and look forward to being your profit partner for many years to come.

Sincerely,

Dan Kroeger  
President & CEO

John Evans  
Senior Vice President

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Ultra 60 Special Popper

Most Popular  
6 oz. Popper

### #2656 Ultra 60 Special

This is the lower price popper with an E-Z Klean Kettle. Tempered glass will not scratch. Twin arm kettle suspension for safety and cleaning. New thicker Plexiglas™ doors, 3/16" thick. The improved Auto Shutoff feature turns off kettle heat after 15 minutes of idle use. Light blinks on and off to indicate Auto Shutoff is activated. Allows kettle heating element to last longer and saves on electrical power.

## Ultra P-60 Popper

Now with  
Auto  
Shutoff

### #1866 Ultra P-60 Popper

This is an upgrade over the P-60. The primary feature is the E-Z Klean Kettle – our most deluxe 6 oz. kettle. New copper vein powder coated paint finish! The improved Auto Shutoff feature turns off kettle heat after 15 minutes of idle use. Light blinks on and off to indicate Auto Shutoff is activated. Allows kettle heating element to last longer and saves on electrical power.

## Ultimate 60 Special

### #2661 Ultimate 60 Special

This unit has it all! Stainless steel header, illuminated sign, welded aluminum extrusion frame and corner posts, with E-Z Klean Kettle.

## Deluxe 60 Special

### #2660 Deluxe 60 Special

The industry's original Deluxe 6 oz. kettle popper. Welded top and bottom frame, bright aluminum finish, tempered glass, with E-Z Klean Kettle. Heavy-duty reinforced top dome and side vents allow for displays on top.

## Economy 6 oz Kettle Poppers

### Master Pop

### # 2451 Master Pop

Features Yellow Dome! This is the ultimate economy-priced "starter" machine. Features a 6 oz. E-Z Klean Kettle with a stainless and aluminum cabinet. Easy to operate. Easy to clean.

### 60 Special Popper

### #2085 60 Special Popper

This 6 oz. machine features a spun stainless steel kettle for fast warm up and consecutive three-minute popping cycles. Features heavy-duty kettle drive motor, tempered glass, strip heater corn freshener under the deck of the popper.

### P-60 Popper

### #2086 P-60

The P-60 started the modern era 6 oz. popper popularity! Features twin arm double-hung kettle suspension, stainless steel kettle shell, spun aluminum kettle, tempered glass windows and fold back plastic doors. New copper vein powder coated finish!

### Pop About Popper

### #2660SR Pop About

Pop About from place to place with this light weight portable 6 oz. popper. It features built in handles and cord holder, unique "stay hinged" doors, and an E-Z Klean Kettle. EMS system maintains correct wattage to kettle for optimum performance, even with 100V power supply. (For 8 oz. version, refer to page 6)

See page 113 for the #6050 Popper U-Tote It - The easy way to transport your popper.

See chart on page 9 for popper dimensions and other details.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Unique 6 oz. Popper Designs

### Kingery

#### #1871 Kingery Heavy Duty Popper

The Kingery features welded aluminum extrusion cabinet. Etched, tempered glass. Ideal for upscale locations. New copper vein powder coated paint finish.

### Media Center Special

#### #2661BN Neon Ultimate 60 Special

Looks great on a #2659ST stainless steel two wheel cart. For floor model, add a #2148MC "Media Center" stainless steel base (pictured). Popper & base sold separately.

### Art Deco Style

#### #2660FG on a #2660FGB Art Deco Style Popper

Sleek graphics and etched glass give this 6 oz. popper a great look for a home theatre. Features a lighted sign. Popper & base sold separately.

Now with  
Auto  
Shutoff

#### #2656CT Total Pop Popper

All the benefits of the #2656 with a built-in batch counter display. This is perfect for placements, as it counts every time a batch is popped and the counter cannot be reset. It also has a "ready light" when the kettle is up to temperature and a Lotta Volts control to maintain the proper voltage in all installations. The improved Auto Shutoff feature turns off kettle heat after 15 minutes of idle use.

### Race Car Popper

#### #2701 on a #2660RCB Race Car Popper

Shown on left. Drivers start your poppers! This set up is perfect for bars, restaurants or a themed home entertainment center. Lighted sign. Popper & base sold separately.

#### #2701FC Race Car Popper Front Counter Model only

### Gas Pump Popper

#### #2660GP on a 2660GPB Gas Pump Popper

Shown on right. Replicating the 1950's gas pump style, this is perfect for automotive, 50's or gas station decor.

Popper & base sold separately.

See chart on page 9 for popper dimensions and other details.

## Our 8 oz Selections

### Super 88 with Lighted Sign

#### #2489 Super 88

A back-lit "Popcorn" sign will help sell more popcorn. This machine will pay for itself in just a few peak hours of operation!

### Super 88 with Neon

#### #2489BN Super 88 with Neon

A taller cabinet than the 6 oz. poppers gives more working room for operator safety. Neon sells more Popcorn! A great sales maker at an economical price. Fits all #2659 carts.

### The Super 88

#### #2488 Super 88

A compact 8 oz. "little brother" to the #2489 shown at the left. 4" (10 cm) extra height gives more working room than any 6 oz. machine.

### Econo 8

#### #2388 Econo 8

Features an E-Z Kleen clad kettle, tubular heating elements, formed stainless steel kettle shell, twin hanger arm kettle mount. Sturdy cabinet throughout. Heavy duty powdered coated dome.

### Savory Shakes Bottle Holder

#### #2520 Savory Shakes Bottle Holder

Now you can have Savory Shakes at your fingertips with the Savory Shakes Bottle Holder. Affixes to almost any popper. Display your savory flavors for all your patrons to see and use. Perfect for concession stands.

### Fun Pop 8 oz. Popper

#### #2408 Fun Pop Popper

Features a large 8 oz. E-Z Kleen stainless steel kettle, twin arm kettle suspension and removable kettle, as well as a heated corn deck. Comes with crumb tray.

#### #2408BKG Fun Pop Popper and #2689BKG Cart

This popper features a large 8 oz. E-Z Kleen stainless steel removable kettle with twin arm suspension, as well as a heated corn deck and crumb tray. The 18" x 18" textured black finish cart has gold corner posts, a rear access door, silk screened "Popcorn" graphic, 20-inch wheels, sturdy welded legs and adjustable feet. It's designed for easy assembly. The popper and cart are sold separately; an optional side shelf (#2708BK) is also available.

#### #2854 Retro Pop Popper and #2669RT Cart

Same great features as the Fun Pop in a sleek, retro design, with etched glass and silver corner posts. Popper and cart sold separately.

#### #2689CR Cart for Fun Pop Popper

Cart has rear access door, silk screened "Popcorn" graphic, 20" wheels, sturdy welded legs and adjustable feet. Designed for easy assembly. Popper sold separately.

### Pop About 8 oz. Popper

#### #2488SR Pop About

Similar to 2660SR except the kettle pops 8 oz. of popcorn and the cabinet is 4 inches higher. It features built in handles and cord holder, unique "stay hinged" doors, and an E-Z Kleen Kettle. EMS system maintains correct wattage to the kettle for optimum performance, even with a 105 volt power supply.

See chart on page 9 for popper dimensions and other details.

# Why Most People Select a Gold Medal Popper

Shown below are ten reasons why more people select Gold Medal Poppers. You should join the family of Gold Medal Popper owners because you get a machine that pops corn better - a machine that is safer to operate - a machine that is easier to keep clean and, in the larger poppers, electronic controls that help turn out better tasting popcorn.

**Why E-Z Klean?** Whoever cleans your kettle will appreciate the stainless steel cook surface. Don't buy a small popper which does not have an E-Z Klean Kettle. Cleaner kettles make better tasting popcorn. Cleaner kettles sell more popcorn!

Larger, more powerful drive motors are a way of life in Gold Medal poppers. From the smallest Titan to the Cornado, you'll find motors 33% if not 50% more powerful than the competition.

## Twin Arm Kettle Suspension

All Gold Medal machines feature the double-hung twin arm kettle suspension - the ultimate in operator safety. No accidental oil spills. More working room in the cabinet.

The FlexiPop option gives you "two poppers in one." On the slow days, pop perfect corn in half size batches. On busy weekends, flip the switch and pop twice as much every three minutes. Perfect popcorn every time. When you keep on popping, you keep on selling.

From the 12 oz. up to the 52 oz. Grand Medallion, the "Big Eye" Electronic Heat Control automatically helps you produce better popcorn and sell 25% to 40% more! Patented! Authentic Gold Medal Exclusive.

## World's First Stainless Steel Kettle!

A stainless steel cook surface with aluminum heat diffuser produces better popcorn. Stainless steel kettle lasts years longer than chrome plated. Stainless steel kettle available 6 oz., 8 oz., 12/14 oz., and 16/18 oz. machines.

Theatres, Arenas and Stadiums need the protection that comes from fire suppression. The Gold Medal Fire Suppression System costs about \$3,000 per machine, installed, setup and tested verses costly vent hoods and fire drops.

What is PopClean? It's a new, "clean air discharge" option. The three stage filter in Pop-O-Gold and Medallion machines is very effective, but only the PopClean removes virtually 100% of all oil vapors, virtually 100% of all steam and smoke. The aroma of freshly popping corn purposely "escapes" to build popcorn sales.

The Uni-maxx name refers to the Unified Kettle and heat element, which permits the lowest possible energy consumption, with Maximum popping capacity.

The improved Auto Shutoff feature turns off kettle heat after 15 minutes of idle use.

## #2552 PopMaxx 12/14 oz. on #2148ST Cart

This is a dynamite, "go almost anywhere" popcorn setup. Shown here with #13318 Spacer. All items priced separately.

## #2554 Macho Pop on #3118ST Cart

All items sold separately. Shown here with #13319 Spacer.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Deluxe 8 oz. Poppers

**Deluxe Pinto Pop**

**#2147 Deluxe Pinto Pop**

This popular Pinto Pop has been a décor piece in thousands of locations! Unit features the highly efficient E-Z Kleen Kettle as well as heavy-duty construction. Etched glass is a great finishing touch! New copper vein powder coated paint finish.

**Pop-A-Lot**  
3 Versions Available

**#2007 Pop-A-Lot**

The Pop-A-Lot features an all stainless and welded aluminum extrusion cabinet. Available with white dome (shown here), lighted sign, or neon header.

**#2007ST Pop-A-Lot with Lighted Sign**

**#2007BN Pop-A-Lot with Neon Sign**

**Gay 90's Pinto Pop and Cart**

**#2131 Gay 90's Pinto Pop**

**#2148CR Cart**

The Gay 90's Pinto Pop is an attractive 8 oz. popper with antique styling. Etched glass, cast filigree and a brass-like antique finish get this popper noticed!

All poppers on this page feature the E-Z Kleen Kettle, twin arm, cast aluminum kettle hanger arms, and extra heavy duty welded extruded cabinet. See chart on page 9 for popper dimensions and other details.

**Ultimate Bronco Pop**

**#2452 Ultimate Bronco Pop**

This is a compact version of the #2007ST. Extra height creates extra working room! All Gold Medal poppers are designed to increase operator safety. Heavy duty construction.

**Original Bronco Pop**

**#2152 Bronco Pop**

This is an attractive, attention-getting popper that lasts a lifetime. Heavy-duty in every respect. The red dome and anodized aluminum cabinet produces popcorn profits for years and years.

**Deluxe Bronco Pop with Neon**

**#2452BN Deluxe Bronco Pop**

Neon drives profits! All the heavy-duty, deluxe features. A really fantastic performer! Looks great on a stainless steel cart.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## 4, 6, 8 oz. Popcorn Machines. All Kettles are E-Z Kleen.

All machines are available in 230v 50hz export. All machines have a 15 amp plug. (NEMA 5-15P)

Kettle

### #2551 Improved Titan Value Line Popper

This popper features E-Z Kleen Kettle, twin arm suspension for operator safety. No more "drop down, swing out accidents." No more chrome plating. Heated corn deck helps boost sales.

**Macho Pop 16/18 oz.**

**UNI-MAXX**  
maximum popping performance | less energy

**Big Eye**  
is watching your  
Popper Performance

E-Z Kleen  
Kettle

### #2554 Macho Pop Value Line Popper

This fast popper maximizes production. The Macho Pop is the best value in midsize poppers. Filter system creates higher volume and airflow. #2554 is a front counter model, not oil pump ready. Now with LED lights.

**#2553 Macho Pop** Oil pump ready. Now with LED lights.

**#2554BC Back Counter Macho Pop** Not oil pump ready.

**#2553BC Back Counter Macho Pop** Oil pump ready.

**#2554S Macho Pop** with Salt/Sweet Switch

**Profit Maxx 16 oz.**

### #2605PM Citation Value Line Profit Maxx 16 oz. Popper

This popper comes with an onboard automatic oil pump which dispenses directly into the kettle from a standard BIB oil container. The oil amount can be adjusted in just seconds. Recommended oil is specialty formulated by Gold Medal for the Profit Maxx and offered in 1-gallon bags. Base sold separately.

**#2605 Citation Value Line Popper** - sold without onboard automatic oil pump.

**Profit Maxx 8 oz.**

### #2389PM Profit Maxx

This popper comes with an onboard automatic oil pump which dispenses directly into the kettle from the oil bag. The oil amount can be adjusted in just seconds. Recommended oil is specialty formulated by Gold Medal for the Profit Maxx and offered in 1-gallon bags. Has the same compact size as the PopMaxx and runs on a 15-amp plug.

**Lil' Max 8 oz.**

E-Z Kleen  
Kettle

### #2389 Lil' Max

You asked for it... 8 oz. kettle in a PopMaxx cabinet. If that's all the capacity you need, you will pop more frequently with the Lil' Maxx and sell more corn. Cabinet gives ample working room for operator safety.

## The World Famous 12/14 oz. Whiz Bang

The now famous Whiz Bang family of 12/14 oz. kettle poppers is a heritage, it's a legend and it just keeps getting better! Shown here are seven with the "Heart of a Whiz Bang."

12  
&  
14  
OZ.

**Salesmaker Whiz Bang with Lighted Sign**

**#2003ST Whiz Bang**

This "Salesmaker" features a Uni-maxx Kettle mounted in the extra strong cast aluminum twin hanger arms. Produces 250, one oz. servings per hour. Removable kettle for easy cleaning. The "top of the line" 12/14 oz. kettle popper in the industry.

**#2003BN Whiz Bang with Neon Sign**

**Whiz Bang 12/14 oz. Popper**

**#2003 Whiz Bang**

Since 1957, America's favorite 12/14 oz. kettle popper. Heavy duty in every respect. Terrific working room, adequate display space. A very safe, fun-to-operate popcorn machine.

**#2005 Deluxe Whiz Bang**

Same as the Whiz Bang, except a forced air popcorn crisping system is standard on the Deluxe.

**Gay 90's Whiz Bang**

**#2014 Gay 90's Whiz Bang**

The world's favorite full size Popcorn Machine. Extremely heavy-duty construction, welded aluminum frames, etched glass and "Antique Brass" powder coat finish. Includes the famous Whiz Bang high-performance 12/14 oz. stainless steel kettle. 15-amp plug. Produces about 250, one oz. servings per hour.

**Mega Pop**

**#2212 Mega Pop**

Over 250 oz. per hour output makes this compact 12/14 oz. a gold mine. Etched glass windows, new copper vein powder coat paint finish.

**Red Top 12**

**#2214 Red Top 12**

Features a red powder coated dome, satin anodized and welded cabinet, and the famous Whiz Bang 12/14 oz. kettle.

**Gay 90's Mega Pop & Cart**

**#2213 Gay 90's Mega Pop #2148CR Cart**

Everything you get in a Gay 90's Whiz Bang - see the #2014 features above.

**Gay 90's Whiz Bang & Cart**

**#2014 Gay 90's Whiz Bang #2015 20" x 28" Cart**  
(See description above)

For popper specifications, see chart on page 14.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

# The Famous Citation Family of High Performance Poppers

**UNI-MAXX**  
maximum popping performance | less energy

The Citation is the most deluxe 16 oz. kettle series of machines in the industry.

## Stainless Steel Dome Citation

### #2001ST Citation

This Profit Maker features our Deluxe 16 oz. kettle – truly the best 16 oz. kettle in the entire industry! The illuminated header helps boost sales in any location. Forced air popcorn crisping system keeps corn “kettle fresh.”

#2111SS Stainless Steel Base converts this to a floor model.

#2102EST Same as above only pre-wired for oil pump and Big Eye Control.

## Citation

### #2001 Citation

This is the basic Citation. The illuminated dome helps boost popcorn sales in any location. Extra working room versus other brands. Forced air popcorn crisping system.

### #2102E Deluxe Citation

Same as above except machine is pre-wired for #2114 or #2257 Accumeter Popping Oil delivery system. Forced air popcorn crisping system, and is equipped with Big Eye Control.

## The Popular Econo 14 In a Class by Itself

### #2121 Econo 14

Heavy-duty cast aluminum 14 oz. kettle, twin cast aluminum hanger arms, heavy welded and satin anodized frame, powder coated steel dome and attractive “Popcorn” letters etched into the front glass. The Econo 14 plugs in virtually any 20 amp outlet. Corn crisping system. Tempered window glass. Heavy-duty drive motor. UL listed.

## Antique Citation Cart

Oil Pump can be used - sold separately

### #2119 Antique Citation on a #3118PC Cart

This 28” x 28” (70 x 70 cm) cart is designed especially for the Antique Citation.

## Antique Citation

### #2119 Antique Citation on a #2120 Antique Citation Base

All Antique Citation poppers feature the pre-wiring for either the #2114 or #2257 Accumeter Popping oil delivery system. Forced air popcorn crisping system.

## The Silver Streak

### #2001BN Silver Streak Citation (shown here)

### #2102EBN Silver Streak Deluxe Citation

### #2111SS Stainless Steel Base (shown here)

The Deluxe Citation is pre-wired for popping oil pump system. Choose either the neon, illuminated sign, or lighted dome. Neon is the ultimate sales builder. Forced air popcorn crisping system.

## Super PopMaxx

### #2600 Super PopMaxx

The Super PopMaxx offers the benefits of Uni-maxx kettle in a 16-oz. popper with the smaller footprint of a PopMaxx. The Uni-Maxx has a unified kettle and heat element to permit the lowest possible energy consumption with maximum popping capacity. The popper can also be run on a standard 15-amp plug. 20” W x 20” D x 37” H (51 x 51 x 94 cm). Ideal cart is #2148ST.

**Econo 16**

## #2024ST Econo 16

This Econo 16 features a lighted stainless steel dome. This is not wired for a popping oil dispensing system. If you need a lot of popcorn in a great looking machine, choose the Econo 16.

## #2024 fits on the #3118ST Cart

Shown below. This is the 28" x 28" stainless steel cart with no graphics. Takes either Econo 16 or Astro 16. For floor model, choose the #2130SS base shown at right.

See Page 10 for the 16/18oz  
Macho Pop Value Line Popper

For popper specifications, see chart on  
page 14.

**Astro 16 Neon  
(Reversible Dome)**

## #2023EN Astro 16 with Reversible Dome

The Astro 16 is the world's most deluxe 16 oz. kettle popper. Most 16 oz. poppers on this page feature the Big Eye electronic heat control-the 21st century approach to popping better popcorn!

All Astro 16 models feature the forced air popcorn crisping system and are pre-wired for push button popping oil dispensing system. In North America, most people use the #2257 Bag-in-Box system. Internationally, most people choose the #2114EX Accumeter for use with 50 lb. pails of oil.

## #2130SS Stainless Steel Base

Shown to the right, above. 28"W x 28" D x 31½" H, (71 x 71 x 80 cm), Ship weight 117 lbs.

All models available with a neon dome as an optional feature. Specify when ordering.

**Astro Pop 16 on Base**

## #2023E Astro Pop 16 Counter Model on #2130SS Stainless Steel Base

This is a great way to maximize popcorn sales at high traffic mass retail locations. The base unit has room for either the 50 lb. pail, Accumeter popping oil dispensing system or the #2257 Bag-in-Box 2 box system. Bag-in-Box must be installed before the popper goes on the base.

## #2114 Accumeter Push Button Popping Oil-Dispensing System

## #2257 Bag-in-Box Oil System

## Pop and Self-Serve Combination Popper/Staging Cabinet

### #1617E Pop and Self-Serve Astro 16

User-friendly. "Bottom Line" oriented is what the Pop and Self-Serve Combo 16 oz. kettle machine really is. This machine uses the very successful Astro 16 kettle. 36" (91 cm) wide cabinet is divided in half. The reversible illuminated sign helps attract attention. A single, self-closing door on the customer side allows people to serve themselves and be shielded completely from the hot kettle. The illuminated dome is reversible.

### #1617EN Neon "Pop and Self-Serve" Astro 16

Features neon sign shown on page 18 in Astro 20.

#2009SS Base makes the #1617E a floor model.

## Savory Shakes Bottle Holder

### #2520 Savory Shakes Bottle Holder

Keep your Savory Shakes at your fingertips with the Savory Shakes Bottle Holder. Affixes to almost any popper. Display your savory flavors for all your patrons to see and use. Perfect for concession stands.

All Models are available in 230v 50hz export

# Go Anywhere Gas Poppers = Popcorn Profits

## Gay 90's G-Whiz Popcorn Wagon

### #5908GGT G-Whiz Gay 90's Gas Popper

The 12 Volt drive motor equipped #5908GGT gas-fired popper is shown here on the #2936 Wagon. Add the "GW" kit – this includes the battery box, plus the LP gas tank and the gas tank mounting bracket for the gas tank. Illustrated is the #2222 Red Shelf, sold separately. Some assembly is required.

### #2936GW Wagon with the GW Battery Box and Gas Tank Kit

Includes the 8" (20 cm) wide stainless spacer – it's perfect for either G-Whiz Popper.

## G-Whiz Gas Popper

### #5908 G-Whiz 12 oz. Gas Popper

This LP gas burner equipped popper features a 12 volt agitator motor and runs virtually for hours on a deep cycle, 12 volt battery. No corn deck heater. 28"W x 20 1/2"D x 39"H  
Allow 8" for gas line connection.

**UNI-MAXX**  
MAXIMUM POPPING PERFORMANCE | LESS ENERGY

## Jumbo 360 Bottled Gas Popper

- #2033BG Jumbo 360 for LP Gas
- #2033DC Jumbo 360 with 12 Volt drive motor

### ◀ #2033BG Jumbo 360 36 oz. Bottle Gas Popper

Improved in many ways. Only the Jumbo 360 gives you:

- Direct connect kettle drive motor
- 13" square cabinet design
- 3 minute pop cycle
- Right or left hand dump
- UL Gas Approved
- 11" diameter, 33,500 BTU Burner

You get better pop out, less fall out with a Jumbo 360. Faster, more efficient kettle design. Available 3 ways: 12 volt drive, international voltage drive motor or standard drive motor. All LP Gas.

## Mighty Mite Gas Popper

- #2035DC Mighty Mite 12 Volt for LP Gas
- #2035BG Mighty Mite for LP Gas

### ◀ #2035BG Mighty Mite Gas Popper

The 20,000 BTU Mighty Mite Gas Popper is available three ways - LP Gas, 115 Volt kettle drive motor or 230 Volt, 50 Hz. kettle drive motor or, 12 Volt kettle drive motor. All LP Gas.

Mighty Mite easily mounts on the 36" "Go Anywhere Wagon" illustrated below.

This inexpensive workhorse of a gas popper is ideal for special events, community celebrations, river fests and other locations where electricity is difficult to find.

## Go Anywhere Mighty Mite Wagon

### 16 oz. Go Anywhere Popcorn Setup

Shown at right is the #2936GW 36" long steerable wagon equipped for "mobile operation." (Note the battery box underneath and the LP tank on the operator's left. #2934 6' diameter umbrella is also available. Be sure to order the #67061 Cast Iron Mounting Base Plate.) Shown here with the #2035 DC 12 volt Might Mite Popper. You don't need electricity to make big popcorn profits with this setup. Working area 20" x 36".  
#2295 Mighty Mite 16 oz. "Go Anywhere" Popcorn Wagon

# Popcorn Staging Cabinets

**Neon Citation Staging Cabinet**

**#2025BN Neon Citation Staging Cabinet**

For supplemental or remote concession stands, this is a great way to sell fresh popcorn. Two-color neon attracts attention. Forced air popcorn crisping system keeps corn kettle fresh. 28"W x 20 1/4"D x 39"H (71 x 51 x 97 cm). 1310 Watts. Ship weight 102 lbs.

**Astro 16 Staging Cabinet**

**#2002 Astro 16 Popcorn Staging Cabinet**

The Astro 16 Staging Cabinet is similar to the #2004, shown at right except: It is only 28" (71 cm) right to left. 1800 watts, 44" (112 cm) high. Sliding doors not available. 28"W x 28"D x 44"H (71 x 71 x 112 cm) 1830 watts. Ship weight 125 lbs.

**Astro Staging Cabinet**

**#2004 Astro Staging Cabinet**

This high capacity three shelf cabinet is ideal for busy locations. High capacity forced air, corn freshener system works fast. A very high cubic foot per minute air handler with efficient crisping system. Swing out doors on operator's side. 36"W x 28"D x 44"H (91 x 71 x 112 cm). 1830 Watts. For a sliding door see #2004SLN below or #2004SL with illuminated sign. Ship weight 150 lbs.

**Popcorn Crisper**

**#5508 Popcorn Crisper**

Perfect for bulk popcorn or peanuts, with a Lexan cabinet and small footprint to save space. Single lamp warmer. 12 1/8"W x 15 1/8"D x 24"H (30.5 x 38 x 61 cm). 250 Watts, 120 Volts, 60HZ. Ship weight 20 lbs.

**#5509 Popcorn Crisper**

Same features with dual lamp warmer. 12 1/8"W x 15 1/8"D x 24"H (30.5 x 38 x 61 cm). 500 Watts, 120 Volts, 60HZ. Ship weight 20 lbs.

**Citation or Pop-A-Lot Staging Cabinet**

**#2025 Citation Staging Cabinet (shown above)**

**#2016 Pop-A-Lot Staging Cabinet**

The Citation Staging Cabinet uses forced air popcorn crisping system, plus lights. The Pop-A-Lot Cabinet uses twin strip heaters, plus two lights. Both are 28"W x 20 1/4"D x 39"H (71 x 51 x 97 cm). The Pop-A-Lot is 730 watts, the Citation, 1110 Watts. Ship weight 82 lbs.

**Deluxe Citation Staging Cabinet**

**#2025ST Deluxe Citation Staging Cabinet**

This Deluxe Citation Staging Cabinet is an alternate version of the #2025 shown at left. This unit has a stainless steel dome. Citation Cabinets utilize forced air popcorn crisping system. 28"W x 20 1/4"D x 38"H (71 x 51 x 95 cm). 1100 watts. Ship weight 102 lbs.

**Neon Astro Staging Cabinet**

**#2004SLN Neon Astro Staging Cabinet with Self-Serve Doors**

This Astro Cabinet features sliding doors on one side, but has the same forced air popcorn crisping system. Comes with a neon sign. 2004SL offers sliding doors on one side. 2004SLD offers sliding doors on customer's side and swing out doors on operators side. 2004SLDD offers sliding doors on both the customer and operator's sides. For illuminated sign order #2004SL. 36"W x 28"D x 44"H (91 x 71 x 112 cm). 1830 watts. Ship weight 150 lbs.

**Neon Astro Staging Cabinet**

**#2008SL Neon Astro Staging Cabinet**

This thinner cabinet perfectly fits 24-inch deep counters. Equipped with sliding, self closing door and has the same great adjustable shelves as #2002 and #2004 warmers. 36"W x 24"D x 22"H. (91 x 61 x 56cm).

# Floor Model Popcorn Staging Cabinet

**Front Counter Popcorn Staging Cabinets**  
30" Width

**#2343 30" (75 cm) Wide Drop In Staging Cabinet**

For a front counter installation mount on top of:

**#2343BS 6" (15 cm) Roller Base** (not shown)

For back counter version use:

**#2343BSD 16" (40 cm) High Roller Base** (not shown)

All Gold Medal Drop In Popcorn Staging Cabinets feature one popcorn crisping system.

30 1/8"W x 26 9/16"H x 29 1/2"D (77W x 67H x 75D cm). Shipping weight 206 lbs. Dimensions do not include the roller base.

**Back Counter Staging Cabinets**  
36" Width (shown on #2344BSD)

**#2344 36" (90 cm) Drop In Staging Cabinet**

**#2344HO 36" (90 cm) High Output Staging Cabinet**  
**#2344BS 6" (15 cm) High Roller Base** (not shown)

**#2344BSD 16" (40 cm) High Roller Base**

36" (91 cm) wide staging cabinet also features a popcorn crisping system that is thermostatically controlled. 36 1/8"W x 26 9/16"H x 29 1/2"D (92W x 67H x 75D cm). Ship weight 212 lbs.

**Front Counter Popcorn Staging Cabinet**  
48" Width

**#2345 48" (120 cm) Drop in Staging Cabinet**  
**#2345BS 6" (15 cm) Roller Base** (not shown)  
**#2345BSD 16" (40 cm) Roller Base** (not shown)

The total counter height will be under the 34" (86 cm) maximum required by most ADA regulations. Be sure to check the maximum allowable height in your state before you finalize your construction plans. The model #2345 features twin popcorn crisping systems – each is thermostatically controlled. 48 1/8"W x 26 9/16"H x 29 1/2"D (122W x 67H x 75D cm). Ship weight 300 lbs.

**Staging Cabinet**  
42" Width Shown

This staging cabinet is ideal for busy locations. Popcorn, pretzels, nachos, hot dogs, and more will stay fresh while you serve your customers.

**#2855 42" (107 cm) Staging Cabinet**

26"W x 42"L x 39 5/8"H (66W x 107L x 101H cm). Ship weight 200 lbs.

**#2856 36" (90 cm) Staging Cabinet**

26"W x 42"L x 41 5/8"H (66W x 107L x 106H cm). Ship weight 180 lbs.

## Staging Cabinet Models (All 120V, 15A)

	Model #2343 for both front or back counter	Model #2344 and #2344HO for both front or back counter	Model #2345 for both front or back counter
6" rolling base -- matching counter height is 32"	2343BS	2344BS	2345BS
8" rolling base -- matching counter height is 34"	2343BS34	2344BS34	2345BS34
16" rolling base -- matching counter height is 42"	2343BSD	2344BSD	2345BSD

**#2443 30" (75 cm) Popcorn Warmer/Staging Cabinet**

Sell more popcorn through great visual appeal. The warming cabinet has two separate compartments that are accessed through one door. It also has an elevator-style corn deck, which can be adjusted for slow and busy times. Glass window on opposite side.

**#2445 48" (120 cm) Main Street Warmer/Staging Cabinet**

Make an impact and sell more with three separate compartments/doors in this warmer. The forced hot air keeps corn fresh and crisp. It's perfect for shops offering multiple corn flavors, and is also good for frosted nuts or other items you would like to visually merchandise and serve warm. Shown on 2345BSD base, sold separately.

### Astro Pop 20 with Neon

#### #2010ENB Neon Astro Pop 20 on Base

The Astro 20 fills a niche in concession stand design. This workhorse has all the features that are built into the Big Eye Electronic Control System, plus the Brute Force Kettle Drive Motor and the improved Corn Freshener System!

#### #2010EB Astro-Pop Floor Model

Shipped with base as a single unit in crate. With Bag-in-Box pump. Shipping weight 447 lbs.

All poppers shown on this page feature the Big Eye Electronic Heat Control System.

## Counter Models:

#### #2011E 32 oz. Pop-O-Gold

Illustrated here is the counter model Pop-O-Gold. All counter model Pop-O-Gold and Astro Pop machines are pre-wired for Accumeter Oil Pump system or Bag-in-Box pump.

#### #2010E 20 oz. Astro Pop

The details on the 20 oz. Astro are listed above.

## "Improving the Way the World Pops Popcorn!" That's the Gold Medal Mission!

Here are some benefits you get from engineering breakthroughs and technological improvements in Gold Medal poppers:

1. Strong, dependable 190 inch-lb. torque drive motors eliminate motor failure.
2. Improved forced air popcorn crisping system keeps popcorn fresher!
3. More dependable and longer life heat control with Big Eye.
4. Better expansion of the corn comes from larger diameter cook surface, plus improved control of the heat applied.
5. "Pass-through," "reversible" and "twin" poppers allow you to design the concession stand that you want. More popcorn production in less space is the trend with our twin kettle units.
6. Longer life poppers because there are less parts to wear out.
7. Bigger diameter kettles allow every kernel to pop, and cause less breakage, resulting in more volume per pound and containers per hour.
8. All 32 oz. and larger poppers are set up with 120/208V or 120/240V for easy installations.
9. High performance oil line now standard on all oil systems. With new material, it will not harden and crack from coconut oil.

## SWEET OR SALTY?

Patented sugar or salt popping cycle option automatically adjusts the kettle popping temperature to avoid burning. Great when you want to switch from kettle corn to regular -- or overseas when you want to switch from regular salty to sugar popcorn. Available on Macho Pop on up to Medallion!

## Back Room Popping Oil/Buttery Topping Bag-in-Box Preheater

When using Bag-in-Box Coconut Oil, it's important to have back up product preheated. The same is true of Buttery flavored toppings.

#### #2262 Bag-in-Box Preheater

This preheater allows you to have several boxes of oil and or buttery topping ready. It is handy to have this versatile backroom warmer in a concession stand! For high volume locations, an optional door kit, #2271, can be installed on the #2262. It is recommended that a door be installed only if the Bag-in-Box containers are rotated in less than (3) day cycles.

13<sup>3</sup>/<sub>32</sub>"W x 16<sup>9</sup>/<sub>16</sub>"D x 41<sup>3</sup>/<sub>4</sub>"H

(33 x 42 x 106 cm), 120 volts, 200 watts. Ship weight 62 lbs.

#2282 Optional 5" base/stand for model 2262. Only needed if required by local health codes.

#### #2260 Two Box Backroom Warmer

13<sup>3</sup>/<sub>32</sub>"W x 16<sup>9</sup>/<sub>16</sub>"D x 23<sup>1</sup>/<sub>4</sub>"H (33 x 42 x 58 cm), 120 volts, 100 watts, 15A Circuit. Ship weight 31 lbs.

See Page 88 for Bagged Cheese Preheaters

# Pop-O-Gold 32 oz. Poppers

32  
oz.

## POP-O-GOLD -- THE WORLDWIDE FAVORITE 32 OZ. KETTLE POPPER

Today, many theatres, arenas, auditoriums and stadiums -- the really big popcorn locations -- have already switched to the Pop-O-Gold.

### #2011E 32 oz. Pop-O-Gold Model

Wired for oil pump -- sold separately on counter model.

### #2009SS Stainless Steel Base

Converts any counter models to a floor model. Ship weight 145 lbs.

## Get Close to the Pop-O-Gold Kettle -- It's the Heart of Your Profits!

The Pop-O-Gold kettle has a "feather light" dump action -- yet the actual kettle weighs over 45 lbs.! Now that thermostats have been eliminated and the Big Eye controls your temperature, the Pop-O-Gold kettle performs even better than ever!

Clean-in-Plate latches hold kettle in "tilted" position for easy cleaning.

## Auto Dump

Eliminate burnt batches of popcorn and save time and money with Gold Medal's Auto Dump Option on select 32 and 52 oz. kettles. The kettle dumps automatically at the perfect time when the corn is finished popping. It also pre-heats to the ideal temperature before loading in the corn, oil and salt.

## All Astro and Pop-O-Gold Tops are "Reversible"

All Pop-O-Gold and Astro Pop machines are equipped with the Brute Force kettle drive motor.

All poppers shown on this page feature the Big Eye Electronic Heat Control System.

### #2011EB Pop-O-Gold Floor Model

### #2257 Heated Bag-in-Box Accumeter Popping Oil Delivery System

Note that the heat should be kept on to keep the coconut oil melted for quick start-up the next day. Back room warmer suggested for Bag-in-Box coconut oil operation.

### #2257 Bag-in-Box Pump

Shown above is the Model #2257. Bag-in-Box pump. A lot of high volume locations have switched to this pump -- it's very dependable.

### #2457S Heated Line Kit

Single Connector

High performance oil line now standard on all oil systems. With new material, it will not harden and crack from coconut oil.

## Kettle Guard

This patent pending design dramatically improves operator safety by preventing kettle burns.

### #2880 32 oz. Kettle Guard

### #2980 52 oz. Kettle Guard

## LED Lights in Domes and Interiors

With these new LED Lights in the domes and interiors you will benefit with the energy saving, brighter and more attractive lights in the poppers.

## Top Hat Kettles for 32 oz. and 52 oz. Poppers

Top Hat Kettles have taller lid assembly, creating 30% more space for expansion. The counter balance weight system is similar to Cornado lids.

## BIB Oil Level Sensor

Now, it's even easier to see how much oil is left in the Bag-in-Box (BIB) oils. The sensor clearly displays the level by the popper controls. The BIB sensor is only available with Pop-O-Gold and Medallion poppers.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Twin Grand Pop-O-Gold

## Grand Pop-O-Gold 32

## #2873 Twin Grand Pop-O-Gold 32

Today's concession stand popper of choice in most theatres is the Twin 32 oz. Grand Pop-O-Gold in the 72" version. With the Big Eye Electronic Control, it's easy for one person to operate two kettles and wait on customers as well! A 79" cabinet is available.

**Note:** For the Bag-in-Box popping oil system to stay "liquid" when you use coconut oil, it's important to not remove the lift off base unit doors - it's important to keep the oil system master switch turned on overnight. Shipping weight 695 lbs.

## #2848 Grand Pop-O-Gold 32

More and more concession stands prefer to have a hanging kettle because it is truly a space saver. In addition, the deep well allows you to pop so much corn ahead that it's almost the equivalent of a larger kettle popper!

Neon available. Dome is reversible. For international customers, the bucket pump is standard unless you specify the #2257EX Bag-in-Box system (standard in North America).

## #2860 - 60" Grand Pop-O-Gold

The FlexiPop is the world's first "two poppers in one." With a reduced 18 oz. popping

cycle, this feature enables you to "keep on popping and keep on selling" popcorn. On the slow days, Monday through Thursday, you flip the switch to the "red" side and use the red corn measure. The electronic brain adjusts the flow of oil and the watts applied to the cook surface. On Friday and Saturday, flip the switch to blue and enjoy the output of a 32 oz. Pop-O-Gold.

FlexiPop is available on the Pop-O-Gold, the Grand Pop-O-Gold, Medallion and on one kettle in a Twin Grand Pop-O-Gold. This is a great way to maximize concession stand sales and actually improve per capita sales on those slow days. After all, freshly popping corn is the "people magnet" that makes those dollars rush across your counter!

## FlexiPop Options

Examples of the patented FlexiPop versatility include:

- 32 oz. Pop-O-Gold flexes to 18 oz. kettle for the slow days-32 oz. for the busy times.
- 52 oz. Medallion flexes to 32 oz. for the slow days-52 oz. for peak periods.
- 48 oz. Cornado flexes to 36 oz for the slow days-48 oz. for the busy periods. When you keep popping, you never stop selling!

## Value Line

## The Value Line Poppers

## #2556 Discovery Popcorn Popper

Features the Pop-O-Gold kettle in a Value Line cabinet. All welded stainless steel upper cabinet. Discovery features our 3 stage exhaust filter system. The #2556 can be wired for oil pump system prior to shipment (Not a standard feature). Dome is not reversible. If you prefer to place the popper on the back counter, order #2557 which has the lighted sign on the operator's side.

## #2557 Back Counter Discovery with Oil Delivery System (Pump not included)

## #2563 Front Counter Discovery with Oil Delivery System (Pump not included)

## #2009SS Stainless Steel Base

Sold separately.

See page 19 for a picture of the #2009 SS with an Astro Pop or Pop-O-Gold.

## #13324 Spacer

This 28" x 36" accessory is necessary to create the floor model Discovery. Sold separately.

## #2670 Odyssey 32oz. Popper

This all stainless steel constructed popper comes with the Big Eye electronic heat control, an 800 watt forced air popcorn crisper system, an airtight corn bin and includes the BIB oil delivery system. Specify front or back counter.

## #2671 Spartan 52oz. Popper

This popper has the same features as the #2670 and the options for both poppers include: FlexiPop, Salt/Sweet, Neon/LED, Oil Sensor, and Fire Suppression. Specify front or back counter.

# Medallion 52 oz Kettle Poppers 36", 48", 60", 72"(twin)

52  
OZ.

**Twin Medallion 52**

## #2973 Twin Medallion with Neon

Up to 104 oz. popping capacity every 3½ minutes! Add the FlexiPop option to one kettle so you can keep on popping on the really slow days. Deep well is standard on all Medallion poppers. (One 52 oz. batch produces over 10 gallons of finished popcorn!) Fire suppression system optional. Big Eye electronic heat control standard on all Gold Medal large poppers from the Deluxe Citation Up Through the Medallion. Available in 72" cabinet.

Let us create a Twin Medallion for you!

**Single Kettle Medallion 52**

36", 48", 60" and 72" Width

**Big Eye**  
is watching your  
Popper Performance

## #2911ENB 52 oz. Medallion Popper with Neon

Large 52 oz. kettle with Big Eye electronic heat control turns out better tasting popcorn-more of it-and a popper that lasts and lasts! FlexiPop option available. Fire suppression available as well.

All Medallion poppers feature the three way Gold Medal filter system. Capacity approximately 1000 oz. of finished popcorn per hour!

Ship weight 525 lbs. A note on shipping weight: Crated weights are approximate based on the approximate amount of lumber used. Actual weights may vary.

# AP1000 Automatic Popcorn Popper

## #2976 52 oz. AP1000 Automatic Popper

The AP1000 Automatic Popper pops from 1 to 6 continuous, unattended popping cycles, or can be run in manual mode. The reset option enables the operator to repeat the last series of cycles with a single touch on the easy to use touch screen panel. Adjustable oil and salt settings allow you to set-to-taste. Sensors check for availability of corn, oil and salt - process stops if an ingredient is out. The EPA-202 standard meeting PopClean filtration system is incorporated. Precision control of kettle heating with the Big Eye heat control, utilizing dual thermocouple sensing. Kettle pre-heats to ideal popping temperature before loading corn, oil and salt. Quiet corn feed system. Optional fire suppression available.

Power requirements: 120/208 volt or 120/240 volt 50 amp plug & receptacle provided.

**Fire Suppression**  
AVAILABLE

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

# POPCLEAN<sup>®</sup>

## Gold Medal offers the world's first approved integrated "ductless hood" popper!

The world's first "clean air" high capacity popper. Steam smoke and oil vapors created in the popping process are trapped and filtered out! Only that beautiful popcorn aroma escapes in to the atmosphere.

### PopClean Control Panel

The PopClean control panel lets you select the popping options you specify (FlexiPop and/or Salt/Sweet), control the lights,

motor, oil system, kettle heat and also monitors the filter performance.

Please note the top center of the control panel that has signal lights for the HEPA filter, bag filter, etc. To the extreme right is the "check filter" signal. At the lower right is the "flasher light" that tells you "it's time to dump the kettle." This is one of the many beneficial functions of Big Eye electronic heat control.

## The Secret is the Filter System!

Shown below is the filter that virtually fills the space to the operator's left through the door with the louvers. Actually, there are three major filters in every PopClean. In a place of public accommodation like a theatre, arena, auditorium, or stadium, building requirements are becoming more strict! The PopClean fire suppression system is now ETL approved to Standard 710B. Several PopClean features enabled it to meet the ETL requirement. It has a 6 inch clearance to combustible surfaces on the operator's side and above the popper. On pass-thru units, it also has the required 6 inch clearance on the front side. The filtration system with integral fire suppression eliminates any need for a third-party hood above the popper. Additionally, Standard 710B limits the amount of grease laden vapor to 5mg/cu. meter. Downdraft PopClean tested to 1mg/cu. meter. Updraft PopClean tested to 3.6 mg/cu. meter. Downdraft meets requirements in some of the more restrictive states like California, New York, Michigan and Florida.

Please note: It's important to carry a back up set of filters because the machine is inoperable if filters are not functional.

#2960 52 oz. Medallion PopClean  
DOWN DRAFT

## PopClean Models

- #2872 32 oz. Kettle, 72" Cabinet
- #2972 52 oz. Kettle, 72" Cabinet
- #2860 32 oz. Kettle, 60" Cabinet
- #2960 52 oz. Kettle, 60" Cabinet
- #2848 32 oz. Kettle, 48" Cabinet
- #2948 52 oz. Kettle, 48" Cabinet

Please note: The second stage filter will probably need to be replaced every 3 to 6 months, and the third stage hepa filter will need replacement after 6 months to one year.

**The PopClean design is covered in our pending patent!**

#2973-114 Twin Updraft PopClean

This is the most effective, vent-less popper. Twin 32 oz. or 60 oz. Kettles fit in the 72-inch wide cabinet. Approved to UL710B for re-circulating ventilation that satisfies requirement for class I hoods. Available options include: Fire Suppression that is approved to UL710B.

## Updraft PopClean

#2911 52 oz. Kettle, 36" Cabinet (shown)  
36"W x 28"H x 84"D (91 x 71 x 213cm), 8030 watts, 50 am plug, 120/208 - 120/240 volts.

#2011 32 oz Kettle, 36" Cabinet (not shown)  
36"W x 28"H x 84"D (91 x 71 x 213cm), 6610 watts, 30 amp plug, 120/208 - 120/240 volts. Available with base or as a counter top model and all standard options: FlexiPop, Salt/Sweet, and Fire Suppression. Available in 36" through 72" cabinet. Domestic and Export models available.

## 36" Wide Updraft PopClean for 32 oz. and 52 oz.

The new, built-in updraft filtration system allows for the same corn storage as a Pop-O-Gold.

This is perfect for a retrofit where a hood system is required. The filtration system is similar to the PopClean.

# Enclosed Cornado Poppers...Have it Your Way!

36  
48  
OZ.

**Electronic Big Eye Heat Control... Deep Well...  
Reversible Dome... Bag-in-Box.  
All Standard on Today's Cornados!**

Shown here and on the next three pages you'll see several models of the now famous Cornado popper kettle. You get all the standard features mentioned above, plus the "Brute Force" 190 lbs. of torque kettle drive motor -- this should last forever. The improved Cornado pedestal design keeps all electronic components cool for more dependable performance. The popping oil delivery tube is warmed so that the oil does not congeal in the line.

Neon sign is optional. Other options include pass-through design, so the popper may be operated from both sides. Fire Suppression System also available as an extra cost option.

Cornados are available with a single kettle or a twin -- 48" long for a single -- 60" as an option -- 72" for a Twin 36 oz. kettles -- 79" is an absolute necessity for Twin 48 oz. kettles.

**#2241EDN Twin 48 oz. Cornado with Neon Header**  
**#2241EDST Twin 48 oz., 72", deep well, open top construction Cornado.**

**#2123EDN 36 oz. Cornado**

## Fire Suppression System

A built-in fire suppression system makes sense in every high traffic location. In some states, Fire Suppression is demanded -- some insurance companies require it. Call for availability on the model you prefer.

Shown at left is the **Model #2167ED Cornado**. The built-in Ansul System is "armed" after the machine is installed on location. This often eliminates the need for a "vent hood and fire drop" over every popcorn popper.

In places where large crowds congregate, this makes sense. Fire Suppression System is optional. The cost for this option varies from machine to machine. Ask us for more details.

## POPCORN TASTES BETTER WITH BUTTER!

See page 28 for buttery toppings & dispensers.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

What is The Cornado II? Actually, it is a totally reengineered kettle that takes full advantage of the Big Eye electronic heat control. Oil leakage around the center shaft is common to all bottom drive kettles -- but not the Cornado II. Kettle bottom features a high temperature non-stick coating for easy cleaning. Kettle lids feature the Lock' N Pop kettle lid and much, much more!

## Cornado Popping Units

All Cornado popping units are equipped with the Brute Force kettle drive motor. Tall pedestal mounts flush onto counter, or in an existing unit as a replacement popping head. Compact Cornado popping units (shorter pedestal) are available in three kettle sizes, and in either right or left hand dump. Compact Cornados are plate-mounted with the motor extending below the plate.

**Tall Pedestal**

**Compact Pedestal**

Right Hand Dump Shown

- #2258E 48 oz. Right Hand Cornado Popping Unit**
- #2258EC 48 oz. Right Hand Compact Popping Unit**
- #2258EL 48 oz. Left Hand Cornado Popping Unit**
- #2258ELC 48 oz. Left Hand Compact Popping Unit**

This kettle is HUGE! Larger diameter, deeper, the appropriate watts and perfect electronic control give you about 10 gallons of popped popcorn every three minutes! 6350 watts, 26.5 amps. 50 amp plug and receptacle provided. Oil pump not included.

- #2149E 36 oz. Right Hand Cornado Popping Unit**
- #2149EC 36 oz. Right Hand Compact Popping Unit**
- #2146E 36 oz. Left Hand Cornado Popping Unit**
- #2146EC 36 oz. Left Hand Compact Popping Unit**

The 36 oz. Cornado has the industry's largest cook surface for a 36 oz. kettle. Air-cooled electronics lead to a very dependable performance. 5500 watts, 22.9 amps. 30 amp plug and receptacle provided. Oil pump not included.

- #2112E 28 oz. Right Hand Cornado Popping Unit**
  - #2112EC 28 oz. Right Hand Compact Popping Unit**
  - #2104E 28 oz. Left Hand Cornado Popping Unit**
  - #2104EC 28 oz. Left Hand Compact Popping Unit**
- 4150 watts, 17.5 amps. 30 amp plug and receptacle provided. Oil pump not included.

## Stadium Model Cornado

### #2139E 36 oz 60" Arena/Stadium Model Cornado

When you really want that aroma to influence the crowd to buy popcorn, go for the open top Cornado and let the aroma waft throughout the area! Shown here is the 36 oz. kettle as well as the "bucket pump" Accumeter popping oil dispensing system. Bag-in-Box popping oil systems are more prevalent in North America-50 lb. pails of popping oil are more prevalent overseas. Please specify which approach you prefer. We'll pack the correct unit with your Cornado. The #2257 or #2114 are included in the price of all Cornado poppers.

### #2227E 48 oz.

60"W x 30"D base, 7540 watts, 230 volt

### #2139E 36 oz.

60"W x 30"D base, 6500 watts

Crated ship weight approximately 411 lbs. (Crated weights are not exact.)

All stadium model 67" high. All Cornados require four-wire 115/230 Volt electric service. Export requires 5-wire, 230 volt, 50 Hz. service.

### #2226E 48 oz.

48"W x 30"D cabinet, 7540 watts

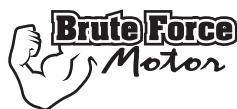

### #2128E 36 oz.

48"W x 30"D, 6500 watts

### #2110E 28 oz.

48"W x 30"D, 4975 watts

All Cornado poppers feature the heavy duty Brute Force kettle drive motor and the Big Eye electronic heat control.

# Enclosed *Cornado* II Poppers

36  
&  
48  
oz.

## The Cornado Story

First introduced in 1971, thousands of Cornado poppers have become the profit foundation in theatres, arenas, auditoriums, stadiums, midways, amusement parks -- wherever large quantities of perfectly popped popcorn can be sold! The Cornado steel kettle is the most durable in the industry.

Now, all Cornado Poppers are equipped with the Big Eye Electronic Heat Control to ensure better tasting corn -- as well as better popping performance -- and longer life on the heat control.

No thermostats to wear out.

All Cornados feature the Brute Force heavy-duty kettle drive motor.

Cornado machines are available with two-color neon in the header and fire suppression systems that effectively eliminate the extra expense of vent hoods with fire drop hardware.

The Bag-in-Box pump features the Swiss-made high quality pump -- everything about the Cornado is engineered to be the best popcorn popper money can buy!

The neon header significantly helps boost popcorn sales!

## Pass Through Option

The Pass Through Option allows the popper to be located on an island and operated from both sides for increased productivity. Another first from Gold Medal!

Close up of the "Pass Through" Cornado controls.

**Note:** "Duplicate" motor, heat, and popping oil delivery switches.

For popper specifications, see chart on page 26.

## Specification Information

## Pop-O-Gold, Medallion, & Cornado Popcorn Machines

All machines equipped with Electronic Control.

All machines are also available in 230v 50hz export.

All twin machines have two power cords for both sides of the machine.

All machines come equipped with a 2257 Bag-In-Box Oil System. Twin machines have two BIB systems.

Optional 2114 Bucket Oil Pump is available.

# Cornado II Central Popping Plants

**Twin Pro-Plant**

Includes two BIB systems

#2235E Twin 48 oz. Pro-Plant  
#2239E Twin 36 oz. Pro-Plant

**Single Pro-Plant**

#2236E 48 oz. Pro-Plant  
#2234E 36 oz. Pro-Plant

#2257GA Bag-in-Box Oil Pump included. 42"W x 30"D (107 x 76 cm).  
120/208 or 120/240 Volt, 60 Hz and 230 Volt, 50 Hz "EX"  
5 wire models available. Bucket Pump requires 850 Watts (included with export units); 48 oz. kettle 6350 watts; 36 oz. kettle 5500 watts.

## Every Gold Medal

### Pro-Plant Gives You These Benefits:

- Fast, 3 minute popping cycle. 20 cycles per hour.
- Durable Steel Kettle
- Welded aluminum frame will never rust.
- Huge perforated screening area makes it easy to serve or pack clean corn.
- Larger diameter kettles produce a better "pop out" -- less fall out. More expansion!

These are but a few benefits that you get with either the 48 oz. or the 36 oz. Cornado Popping Units. High volume operators and professional concessionaires whose business success depends on reliable popper performance have virtually all switched to the Cornado popping head or popping unit.

For Pro-Plant installation, the taller pedestal is standard per the photo above. (See the Enclosed Cornado Popcorn Bars on page 25 for an illustration of the shorter pedestal).

#### #2235E Twin 48 oz. Pro-Plant

Uses two #2258E 48 oz. Cornado popping units -- one standard and one left hand dump. Two #2257GA Bag-in-Box oil pumps included. Shipping weight 824 lbs.

#### #2239E Twin 36 oz. Pro-Plant

Utilizes two #2149E 36 oz. popping units. Shipping weight 752 lbs. Two #2257GA Bag-in-Box Oil Pump are included in the price of either Pro-Plant.

**Note: Each popper requires a separate electric branch circuit.**

## Twin Maxi Popping Plant

#2220E Twin 36 oz. Maxi Popping Plant  
#2233E Twin 48 oz. Maxi Popping Plant

This popping plant is manufactured on a 72"W x 30"D (183 x 76 cm) Cornado base, 67½"H (717 cm), 79" (201 cm) 48 oz. kettle. Each 36 oz. kettle requires 5500 watts plus 850 watts for the #2257 Bag-in-Box Oil Pump. Export models available. Shipping weight 626 lbs.

#### #2257GA Go Anywhere Oil Pump with Door

Perfect for popcorn plants or auxiliary locations. Preheats oil so it is ready to use -- holds two 35 lb. oil Bag-in-Box units. External tubing is heated.

#2257GAD For Salt/Sweet and Flexi- Options

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

# Popcorn Sells Better with "Butter"

## Butter Dispensers

### #2395NS Deluxe Butter Dispenser

This is a favorite topping dispenser in the Popcorn industry. Illuminated signs front and rear make the #2395NS great for front counter or back bar. It's great from remote locations, as well. Quality construction throughout. Now with improved pump and taller opening for larger containers.

**#2395NS** 120 volts, 3.4 amps, 410 watts, 12"W x 16½"D x 20½"H (30W x 42D x 52 cm). Ship weight 20 lbs.

### #2195 "Buttery" Topping Dispenser

Almost everyone loves buttery flavored topping on their popcorn -- virtually every concession stand will sell more if your Popcorn is "just like the movies." The #2195 is the old favorite -- a "push top" type pump -- thousands have been sold over the years! It's a good place to start to create extra sales with "buttery" topping.

11"W x 11"D x 14"H (28 x 28 x 43 cm). Ship weight 18 lbs.

## Buttery Flavored Toppings

### #2039 Golden Flavor

Economy priced topping. A very popular product. Six, one gallons per case.

### #2039LA Deluxe "Buttery" Flavored Topping

Real butter flavor. (3) one-gallons per case.

### #2653 Bag-In-Box Buttery Topping

A great flavor -- a great product -- ideal for #2396. Ship weight 35 lbs.

### #2029 Buttery Topping (4) one gallon

## 2396 Series Chart

Item #	Description	Volts	Amps	Watts
2396A	Single head, open dual rack	120	2.7	324
2396AD	Double head, open dual rack	120	3.3	333
2396AC	Single head, enclosed cabinet with casters	120	3.5	420
2396ADC	Double head, enclosed cabinet with casters	120	3.5	420
2396AR	Single head, open dual rack, ADA remote	120	2.7	324
2396ADR	Double head, open dual rack, ADA remote	120	3.3	390
2396ACR	Single head, enclosed cabinet with casters, ADA remote switch	120	3.5	420
2396ADCR	Double heads, enclosed cabinet with casters, ADA remote switches	120	3.3	390

### #2496 Bag-in-Box Counter Model Topping Dispenser

Whether it's self-served or clerk-served, this high capacity unit takes a 35 lb. Bag-in-Box buttery topping carton. Top push button.

16"W x 24"D x 22"H.

Ship weight 44 lbs.

The **#2396AC** features a lighted single dispensing head. The rack and controls are enclosed in a stainless steel cabinet with internal heat to keep the product fluid. Sufficient heating tubing is completed to mount this under your counter with tubing to take product to the plate mounted dispensing head. The "C" models are important if your counters are "open" on the operator's side. The dual head model **#2396ADC** has the base cabinet to place under your counter but includes the double twin tower topping dispenser head.

## Popcorn Topping Dispenser

Base sold separately

### #2495 Topping Dispenser

Dispenser with 20" x 28" rolling black cabinet with #2396A.

**#2495ST** 20" x 28" rolling stainless steel cabinet.

**#2397** More and more people have discovered with "self-serve" customers use less topping. **#2396AD** mounts on your counter or is available as a free standing topping station with the stainless steel base unit 36" x 28" x 31".

### #2396A Lighted Single Head Topping Dispenser complete with rack and controls.

The **#2396AD** Dual head is also "mounted in your cabinet" topping dispenser. Topping heads are plate-mounted. You simply mount the rack underneath in the available space.

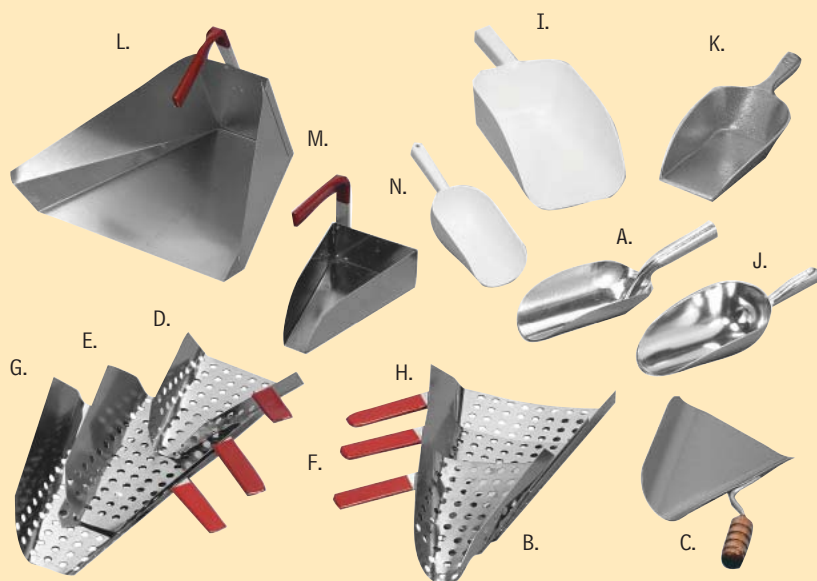

### #2396AC Single Head with rack mounted in a cabinet.

### #2396ADC Dual head

Same as the **#2396AC**, but with two towers instead of one. All toppings must be heated to prevent congealing in the lines. The AC and ADC model warms the topping to keep it fluid. This is a necessity if your counters are "open" on your operator's side. Extra length heater lines available to enable you to mount the dispensing head 6-8' away from your rack or cabinet.

## Scoops... Scoops... Scoops... Scoops!

- A. #2071 Stamped Aluminum Scoop
- B. #2084 Left Handed Stainless Steel Scoop
- C. #2073 Right Handed Aluminum Jet Scoop

- J. #2078 Small Cast Aluminum Scoop
- K. #2074 Large Cast Aluminum Scoop
- L. #2103 Transfer Scoop
- M. #3027 Flosskoop
- N. #2071NM All Purpose Scoop

For our Nacho Scoop, use the Aluminum Jet Scoop (letter B or C)

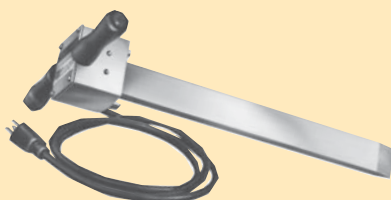

### Gold 'N Tender

#### #2750 Gold 'N Tender

This is the most tender -- the true "melt in your mouth" type of popped Popcorn. Not recommended for caramelizing.

50 lb. Single Bag

### Hot Wand Oil Meter

#### #2018 Excalibur Oil Melter

Unless you live in the tropics, you'll need this oil melter for buckets of hard coconut oil! A 400 Watt element is cast into the sword-like blade. The most rugged oil melter on the market.

### Eco-Friendly Popcorn Bags

"Go green" for the environment and attract new customers. These popcorn bags have an eye-catching design and are made with EcoSelect™ natural-fiber papers. The bags are FDA-compliant and are manufactured using a heat-sealed bottom to prevent leaks. They are also grease resistant to keep the butter topping from coming through the bags. Bags are available in 32, 46, 85, 130, and 170 oz. sizes.

- #2259E 32 oz. 1,000 / case.
- #2208E 46 oz. 1,000 / case.
- #2209E 85 oz. 500 / case.
- #2232E 130 oz. 500 / case.
- #2210E 170 oz. 500 / case.

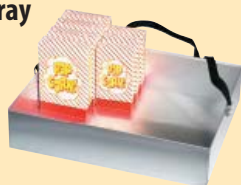

### Bulk Popcorn Bags

#### #2077 Yellow Poly Service Bags

Make your Pre-Pop Popcorn look more attractive in these yellow plastic bags. Holds 1½ to 2 lbs. of corn. 8"W x 6"D x 29½"H. 400 per case.

### Corn Vendor Tray

#### #2048 Corn Vendor Tray

The ideal vending tray holds 40 boxes of corn. 17"W x 21"D x 5"H (43 x 53 x 13 cm) includes strap.

### Popcorn Neon Sign

#### #2982 Popcorn Neon Sign

Attract everyone's attention with this neon sign. Indoor use only.

For more popcorn bags and boxes see page 31.

## Portion Pak Popping Oil Makes Popcorn Perfect and Profits Easier

### Coconut, Corn, Sunflower Oils

#### Coconut Oil

Coconut Oil imparts a more “nutty” flavor to your finished product, and it keeps your kettle cleaner. We give you three Coconut Oil selections. By far the most popular popping oil is coconut oil containing color and imitation butter flavor. Combine with the #2637 Mega Pop® Corn and Salt Kit, for the the easiest way to make perfect popcorn every time.

#### #2636 Easy Pop Oil Pouches

1.6 oz. pouches of coconut oil for 6 oz. kettles. 240-1.6 oz. pouches per case.

#### #2638 Naks Pop 2 Oil Pouches

#2635 Naks Pop 2 (white oil version)

2 oz. pouches of coconut oil for 8 oz. kettles. 96-2 oz. pouches per case.

#### #2639 Naks Pop 4 Oil Pouches

3.8 oz. pouches of coconut oil for 12 or 14 oz. kettles. 48-3.8 oz. pouches per case

#### Sunflower Oil

#### #2643 Sun Pop

2 oz. pouches of sunflower oil for 8 oz. kettles. 96-2 oz. pouches per case.

#### Corn Oil #2642 Corn Naks 2

2 oz. pouches of liquid corn oil for 8 oz. kettles. 96-2 oz. foil pouches per case.

### Popcorn in 35 & 50 lb. Bags

50 lb. and 35 lb. bags. Many people prefer 35s. The industry is switching to 35s!

#### Medium Kernel

#### #2040 Top 'n Pop Corn #2040WG Weaver Gold

The most tender kernel, the best expansion, often 48 to 1 and up. Weaver Gold is an even higher performing variety. This is our most popular size kernel and it's ideal for Caramel Corn made in a Corn Treat Center! 50 lb. Single Bag

#### Large Kernel

#### #2745 Maxi Pop

The largest kernel of popped Popcorn. Fewer kernels per oz. 50 lb. Single Bag

#### #2032 Top 'n Pop Corn

35 lb. Single Bag

### Monster Mushroom Popcorn

#### #2031 Monster Mushroom Popcorn

Perfect for caramel corn and kettle corn operators. This is the monster in popcorn for monster profits. 50 lb. Single Bag.

**Quantity Pricing Available. Call For Pricing**

Many products we make are Kosher and/or Halal Certified. Certificates available on request or can be downloaded from the Gold Medal website - [www.gmpopcorn.com](http://www.gmpopcorn.com).

### Portion Pak Corn Kits

#### Mega Pop® Corn & Flavacol® Salt Kits No Popping Oil.

Very handy! Saves money too. Choose your oil, then use the appropriate Mega Pop® Corn and Salt pouch. Only Mega Pop® contains original recipe Profit Maker Formula Flavacol®. Ask for Mega Corn and Salt Kits by name. You'll sell more popcorn and you'll serve better tasting popcorn. Always put the oil in the kettle first.

#2037 case of 36, 12 oz. pouches

#2637 case of 48, 6 oz. pouches

#2837 case of 48, 8 oz. pouches

#### MegaPop® Corn/Oil/Salt Kits

Everything you need to make popcorn in one convenient kit. Coconut oil is standard — add an 'SF' after the part number for sunflower oil.

#2834 For 4 oz. FunPop, 36 per case. (coconut oil only)

#2836 For 6 oz Kettles, 36 per case.

#2838 For 8 oz. Kettles, 24 per case.

#2839 For 12-14 oz. Kettles, 24 per case.

#2846 Pop Corn/Oil/Salt Kit

For 16 oz. kettles. 20 per case.

#2845 Glaze Pop® Corn/Oil Kit

For 8 oz. kettles. White coconut oil. 28 per case.

#2645 Glaze Pop® Corn/Oil Kit

For 6 oz. kettles. White coconut oil. 36 per case.

### Naks Pop® Oil Bars

Naks Pop Oil Bars. ¼ lb. sticks easily splits for use in a 6 oz. or 8 oz. kettle. Improved buttery flavor. Four ¼ lb. wrapped sticks per 1 lb. Junior Carton. 30 lbs. net weight per case.

#### #2042 Naks Pop Oil Bars

# Flavacol® Profit Maker Seasoning Salts

## World's Most Popular Seasoning Salt Because:

- "Alberger Process" salt is a finer flake, not a crystal.
- More of a "salt" sensation with less sodium.
- A far better buttery flavor than any other brand.
- Available as the original "Profit Maker Formula", "Premier" (no Yellow #5 or #6), or new "BB - better buttery taste".
- Available in handy quart size cartons, 45 lb. pails or 50 lb. bulk pack.
- All "Mega Pop" brand Portion Pak features "Original Profit Maker Formula" Flavacol®.
- Flavacol® is gluten free.

If you want to sell more popcorn, Flavacol® can be your secret ingredient! Worldwide, more popcorn is popped with Flavacol® Seasoning Salt! The reasons are simple. Flavacol® users sell more popcorn and therefore make more money!

Flavacol®'s superiority starts with the salt itself -- a special Alberger Process salt that contains 130 million flakes per pound. The fine salt flakes stick to the popcorn, whereas a ground salt will tend to fall off. The Alberger Process also removes trace minerals that lead to a bitter taste if too much is used. Regular Flavacol® contains just the right blend of Yellow #5 and #6 colors to give popcorn a bright appealing yellow color -- just right for maximum sales appeal! Premier Flavacol® contains a heat stable Riboflavin for color -- use if your popcorn containers do not mention Yellow #5 and #6 colors. New BB Flavacol® has an even bigger buttery taste. Buttery flavor -- that's where we really shine.

### 35 oz. Cartons

#### #2019 BB Flavacol®

A better buttery taste! Case of 12, 35 oz. cartons.

#### #2045 Original Profit Maker Formula Flavacol®

Case of 12, 35 oz. cartons.

#### #2500 Premier Flavacol®

No Yellow #5 or #6

Case of 12, 35 oz. cartons.

### 50 lb. Bulk Pack

#### #2100 Original Flavacol®

#### #2501 Premier Flavacol®

#### #2246 BB Flavacol®

### 45 lb. Pails

#### #2099 Original Flavacol®

#### #2498 Premier Flavacol®

## Popcorn Cups, Popcorn Tubs...Choices, choices, choices!

#2132RB	24 oz.	(1,000 per cs.)
#1196RB	32 oz.	(500 per cs.)

## Concession Trays

### #5200

### #5206

### #2101

### #5203

#5200 Jiffy Drive-In Tray, 250 per case.

#5203 Concession Tray, 250 per case.

#5206 Carry-Out Tray, 250 per case.

#2101 Fun Food Friends Tray, 250 per case.

For more cups, boxes, and bags see page 31.

## Cone-O-Corn - A Profitable Option

### #2067 Cone-O-Corn

Save money and space with Cone-O-Corns! They are 1/3 the cost of scoop boxes, and you can store 5,000 in 5.6 cubic feet. Plus, your customers will love the attractive design.

You can also order custom printed Cone-O-Corns for your business and your customers. It's a low cost way to quickly drive more business to you, as each customer is a walking advertisement as they enjoy the delicious popcorn.

**#2067 Cone-O-Corn Cups** 2,500 per cs.

**#2067M Cone-O-Corn Cups** 1,000 per cs.

**#2116 Cone-O-Corn Cup Dispenser** Wall mount

**#2117 Six-Hole Cone-O-Corn Counter Tray**

**#2118 Three-Hole Cone-O-Corn Tray**

### Cone-O-Corn Improves Profits:

- Holds less than an ounce and retails up to \$1.00.
- One-third the cost of a scoop box.
- Easy to hold in one hand – even for a child.
- Appears larger than actual size.
- Attractive design helps sell more.
- A great “promotional” container for popcorn.
- Made of heavy white Kraft paper – printed with food grade ink.
- Space saving – 5,000 cones store in 5.6 cubic feet.

The Cone-O-Corn is very popular, but production capacity is limited. Order early and carry a few extra cases.

## More Popcorn Packaging Ideas

### Sweet Frosted Poly Bags

For carry-home sales of your Sweet Frosted Popcorn.

**#2530 Sweet Frosted Popcorn Bag**

10 oz. Foil Pouches. 22.5 lbs. net - 36 per case.

### #2571 Caramel Rich Kettle Corn Mix

10 oz. Foil Pouches. 36 - 10 oz. pouches per case.

## Caramel Rich KETTLE CORN

Contact us to learn the simple steps to regular Pappy's Kettle Corn or Caramel Rich flavor Kettle Corn.

### Corn Treats Bags

Poly bags can be sealed with the Impulse Sealer or Kwik-Lok ties.

Cat.#	Size	Measures (approx)	Holds
#2137	CT-2	5" x 9 1/2" (13 x 24 cm)	2 3/8 oz.
#2138	CT-4	5" x 12 1/2" (13 x 32 cm)	4 1/2 oz.
#2207	CT-7	6" x 16" (15 x 41 cm)	7 - 8 oz.

### Super Saver Bags

For prolonged shelf life. Use Foot Treadle or Impulse Sealer to seal.

### #2321 Super Saver

5 1/2" x 11" (14 x 27 cm)

### #2322 Large Super Saver

5 1/2" x 16" (14 x 40 cm)

### Kettle Corn Bags

### #2559 Pappy's Take-Home Bag

8 quart Poly Bag with ties. Packed 1,000 per case.

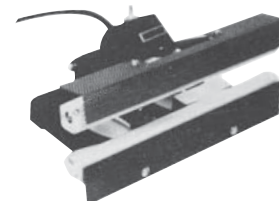

### #2560 Pappy's Take-Home Bag

3 quart Poly Bag with ties. Packed 1,000 per case.

### #2561 Pappy's Paper Bag

Packed 2,000 per case.

### Bag Sealers

### #2462 Foot Treadle Sealer

This 500 watt Jaw Sealer is ideal for Cello or Super Saver Bags -- not for use with poly. Mounts on counter, treadle actuated by chain.  
10" W (25 cm) jaw

### #2089 Impulse Heat Sealer

A real miracle sealer that seals almost any type of sealable bag -- Cello, Poly and even exotic items.  
8" W (20 cm) jaw

### #2171 5-Pack Replacement Elements

### #2097 Cello Bag Heat Sealer

A hand held heat sealer for Cello or Super Saver Bags.

# Slightly Sweet...Glaze Pop...Kettle Corn

## Glaze Pop®

Glaze Pop® started the sweet popcorn trend!

We are rewriting the book on sweet popcorn. It started in the 1980's with Glaze Pop® and has grown worldwide.

### #2521 Cherry Pink

12, 28 oz. ctns. per cs.

### #2523 Chocolate

12, 28 oz. ctns. per cs.

### #2522 Grape

12, 28 oz. ctns. per cs.

### #2524 Blue Raspberry

12, 28 oz. ctns. per cs.

### #2525 Caramel

12, 28 oz. ctns. per cs.

### #2526 Red Cinnamon

12, 28 oz. ctns. per cs.

### #2538 Pop 'N Glaze

Sweet, frosted glaze.

12, 28 oz. cartons.

Shipping weight 24 lbs.

## For Open Kettle Corn

### #2538 Pop 'N Glaze Neutral Sweet Frosted Popcorn Mix

Pop 'N Glaze has become very popular worldwide. Simply add in with your corn and oil in the 6 or 8 oz. kettle. Packed 12 - 28 oz. cartons per case. No need to add Compound S -- it's already in there!

## Caramel-Set®

### #2087 Caramel-Set®

1 lb. can

Caramel-Set® is a white powder that melts at a high temperature and forms a very thin vegetable oil film surrounding Candy Apples or Caramel Corn. Do not use with Glaze Pop®.

A heaping tablespoon per batch of Caramel Corn is all it takes. It's not a cure-all -- Candy Apples won't hold up very many days -- one or two at best.

## Pro Strength Compound "S"

Compound "S" is a popular counter to use when you are putting plain sugar into your popper kettle during the popping process. Compound "S" actually helps keep the kettle cleaner. The improved, Pro Strength Compound "S" is more concentrated -and further reduces the carbon build up when you pop with sugar.

### #2320 Compound "S" 24 oz. Jar

### #2320MC Compound "S" Mastercase (12) 24 oz. Jars

### #2324 Compound "S" 35 lb. bulk pail

### #2325 Pro Strength Compound "S" 35 lb. pail

## Salty Savory Corn

**Boost popcorn sales 25%, 50% or more!**

Caramel Glaze Pop® or Caramel Rich Kettle Corn mix both produce a lightly caramelized popcorn right in your popper kettle. It's a one step process. True Caramel Corn (a two step process) has about three times as much coating.

## Glaze Pop® Pouches

Portion Pak Foil Pouches of Caramel Glaze Pop® make it easy. Use your regular popping oil, corn and Flavacol® Seasoning Salt, plus one pouch of Glaze Pop® during every cycle for perfect Caramel Popcorn!

### #2534 Caramel Glaze Pop® Pouches

48, 4 oz. pouches per cs.

Shipping weight 14 lbs.

## Glaze Pop®

### #2525 Caramel Glaze Pop®

28 oz. cartons. Glaze Pop® is the ideal way to produce Caramel Popcorn. Use half a corn measure of Carmel powder -- put in the kettle at the same time you put in your Corn and Oil. Be sure to see Heat 'N Kleen Kettle Cleaner on page 118.

## Bulk Glaze Pop®

### #2533 Caramel Glaze Pop®

50 lb. Bulk.

### #2537 Chocolate Glaze Pop®

50 lb. Bulk.

### #2539 Blue Raspberry Glaze Pop®

50 lb. Bulk.

### #2572 Pop-n-Glaze Pop®

50 lb. Bulk.

### #2573 Milk Chocolate Glaze Pop®

50 lb. Bulk.

### #2574 Red Strawberry Glaze Pop®

50 lb. Bulk.

## Caramel Glaze Pop® Bags

### #2529 Caramel Glaze Pop® Bags

6" x 16" (15 x 41 cm), 3.8 oz. net weight, 1,000 per cs.

For Sweet Frosted bags see page 33.

## Corn Baller

### #2091 Corn Baller

Now you can make popcorn balls without burning your hands. Works like a big pair of pliers; works best when using caramel corn made in a corn treat mixer (see page 37). Makes a 3" (8 cm) ball.

# Cash in with Caramel Corn

## Learn More About the Caramel Corn Business

We have a FREE, 30 page booklet that is "all about caramel corn!" It covers almost any question you can ask about how to succeed in the caramel corn business. A FREE video that demonstrates the caramel corn making process with corn treat equipment is also available.

On-line you will find a wealth of information; visit us at [www.gmpopcorn.com](http://www.gmpopcorn.com). You can also come in and see us. We'll show you the whole process and help you virtually every step of the way!

## Karamel Kool Systems

**Improved  
Air Flow!**

### #2622KK Karamel Kool Large Stand

This cooling system is designed for use with the Karamel King. Cools hot caramel corn in minutes! 40" x 60" air cooled pan for 10 or 20 gallon mixer. Mounting for a pedestal style Mark 10 or 20 gallon Karamel King. Integrated into a rolling base. Cooling pan included. Improved air flow!

### #2166KK Karamel Kool Counter Stand

This model is designed for counter use. 26" x 26" cooling pan included. 15 amp plug.

### #2166KKC Low Profile Version

Requires cut-outs. Also fits 5838 Truck.

### #2169KK Karamel Kool Regular Stand

30" x 40" air cooled pan for 5 or 10 gallon mixers integrated into a rolling base. Features a high efficiency, long life air filter. Cools product in just minutes. Operates on 15-amp plug. Cooling pan included.

# CORN TREATS

## Concentrated Mixes

Just add sugar, shortening and water

### #2094 Concentrated Caramel Corn Treat Mix

This concentrated Caramel Corn Mix is being used worldwide -- works great in Corn Treat Machines. 12, 22 oz. foil pouches per case.

### #2096 Basic Corn Treat Mix

When you want to make a flavored candy glaze, use one pouch of Basic, plus white sugar, water and white shortening. Add ¼ cup of the Corn Treat Flavor Mix shown on page 42. 12, 22 oz. pouches per cs.

### #2090 Concentrated Chocolate Corn Treat Mix

This is the "milk chocolate" improved recipe mix. 12, 22 oz. pouches per case. Above concentrated mixes shipping weight 18 lbs. per case.

### #2090BL Concentrated Chocolate Corn Treat Mix Bulk, 40 lb.

## One Step Corn Treat Mixes

Just add sugar and water

### #2142 Caramel Corn One Step for 2 ½ gallon Mixers

### #2272 Basic Corn One Step for 2 ½ gallon Mixers

24, 11 oz. foil pouches per case.

### #2161 Caramel Corn One Step for 5 gallon Mixers

12, 24 oz. bags per case.

### #2277 Basic Corn One Step for 5 gallon Mixers

12, 22 oz. foil pouches per case.

## Complete Corn Treat Mixes

Just add water

### #2157 Caramel Corn Complete for 2 ½ gallon Mixers

12, 29 oz. bags per case.

### #2273 Basic Corn Complete for 2 ½ gallon Mixers

12, 26 oz. foil pouches per case.

### #2160 Caramel Corn Complete for 5 gallon Mixers

6, 55 oz. bags per case

### #2278 Basic Corn Complete for 5 gallon Mixers

6, 52 oz. foil pouches per case.

## Pre-Packaged Caramel Corn

### #2427 Pre-Packaged Caramel Corn

Now, it's even easier to make money with delicious caramel corn, which has a 72% to 82% profit. Caramel Corn is a sweet anytime treat that continues to grow in popularity. The packaged corn is a great add-on to existing product lines, or perfect for businesses wanting to try caramel corn sales before purchasing a machine. Packages have a best by date of 6 months. They're easy to store and simple to market -- they'll practically sell themselves. Packed in 3.5-oz. bags and shipped 48 bags per case.

### #2427BL Bulk Caramel Corn

Now you can order caramel corn in 20 lb. bulk sealed airtight bags. This caramel corn is made from the same tasty recipe as the #2427 Pre-Packaged Caramel Corn. This is great for stadiums and large venues.

## Stay Fresh Containers

### #2135 Small Caramel Corn Container

500 per case, each container holds 3.5 oz.

### #2136 Large Caramel Corn Container

175 per case, each container holds 14 oz.

Many products we make are Kosher and/or Halal Certified. Certificates available on request or can be downloaded from the Gold Medal website - [www.gmpopcorn.com](http://www.gmpopcorn.com).

## The Gold Medal Caramel Corn Advantage

Gold Medal equipment gives you the best features available in caramel corn equipment.

- Space Saver Foot Print reduces space required.
- Higher capacity production than canoe paddle method.
- Uses regular high expansion, tender kernel popcorn for gourmet quality results.
- No break up during mixing process.
- Reduced labor cost, and no skill required.
- User friendly operation -- no burned batches.
- Copper Kettles now outlawed in many areas.

**NOTE- Peanuts and tree nuts must be included in all ingredients statements! If you modify product you must re-label or not use pre-printed containers!**

## Free-N-Easy Candy Corn Separator

Helps keep your kernels separated once the Caramel Corn cools. It's an absolute necessity.

### #2250 Free-N-Easy 12 one quart bottles per case

### #2250QT Free-N-Easy Single Quart

## Caramel Corn Cooling Pans and Trucks

### #5837 Large Cooling Rack Truck

43"W x 32"D x 40"H (109 x 81 x 102 cm) Holds (3) #2169 pans.

### #5838 Cooling Rack Truck

Rack Trucks hold (3) #2166 pans, are made of aluminum, with casters. Rack trucks and pans sold separately. 29 1/4" W x 29 1/4" D x 32 3/8" H (74 x 74 x 82 cm)

Corn Treat Mixers make batches faster than they cool, so you need extra cooling pans. Order at least 3 of these anodized aluminum pans.

### #2166 Regular Cooling Pans without chute.

26"W x 26"D x 5"H (66 x 66 x 13 cm), anodized aluminum.

### #2169 Large Cooling Pan with chute and door.

40"W x 30"D x 6"H (100 x 75 x 15 cm), anodized aluminum.

### #2162 Karamel King Cooling Pan

40"L x 60"W x 6"H (100 x 152 x 15cm), anodized aluminum. Serving chute adds 4" to width. For #2622 Stand.

## Flavor Wafers

Flavor Wafers are perfect for drizzling on Caramel Corn or Popcorn. You control the portions so you will have little waste. Available in 3.5 lb. re-sealable, tamper proof containers and 25 lb. bulk boxes. Flavor Wafers come in 8 great flavors!

3.5 lb. Containers

## Candy Glaze Flavors Corn Treats Flavor Mixes

Gold Medal Corn Treats Flavor Mixes are packed in plastic jars, and now quicker dissolving. By using our Basic Corn Treats Mix plus the Flavor Mix, you can produce a wide variety of flavors and colors of candy-coated popcorn. Use ¼ cup per batch -- each jar does about 15 batches.

- #2281 Banana
- #2283 Grape
- #2284 Watermelon
- #2285 Strawberry
- #2286 Red Cinnamon
- #2287 Black Cherry
- #2288 Orange
- #2290 Blue Raspberry
- #2293 Toffee
- #2294 Green Apple
- #2299 Artificial Vanilla
- #2300 Pina-Colada
- #2305 Lemon
- #2307 Red Cherry
- #2316 Blueberry

## Cheese Corn Paste Mixes

### #2327 Cheddar Pure Gold

Gourmet popcorn with Zero Trans Fat! 30 lb. tubs.

### #2392 Cheddar Classic

Cheddar Classic is a reformulated, new and improved recipe. Simply melt 2 cups of Cheddar Classic over 5 gallons of popcorn and tumble for great tasting cheese corn. Available in 30 lb. tubs. This product is now Kosher Dairy!

### #2326 Platinum White Cheddar

Platinum White Cheddar has a new look, but still has the same great taste. This superb blend for gourmet white cheddar cheese corn will make anyone's mouth water. Platinum White Cheddar is easy to use and creates amazing profits. Available in 30 lb. tubs. This product is now Kosher Dairy!

### #2391 White Cheddar Easy

To maximize sales of Cheese Corn, be sure to include White Cheddar, with real Cheddar Cheese. 30 lb. tubs.

### #2390 Deluxe Cheddar Easy

Great tasting, easy to work with, "best value" price. Works best when warmed in a #2191 cheese warmer. Do not heat above 135° or you might burn the cheese. 30 lb. tubs.

## Flavored Popcorn

### Savory Shakes Bottles

The great flavors of shake on savory seasoning are now available in conveniently sized plastic bottles, with handles. Savory Shakes are perfect for concession stands where patrons can self serve. Also packaged suitably for retail sales.

- #2351S Sour Cream & Chives, 16 oz.
- #2352S Barbeque, 18 oz.
- #2353S Salt & Vinegar, 24 oz.
- #2362S Bacon & Cheese, 16 oz.
- #2366S Cheddar Cheese, 18 oz.
- #2374S Hot Jalapeno, 16 oz.
- #2383S White Cheddar Cheese, 16 oz.
- #2384S Ranch, 16 oz.

Sold by case; four bottles per case.

### #2520 Savory Shakes Bottle Holder

Now you can have Savory Shakes at your fingertips with the new Savory Shakes Bottle Holder. Affixes to almost any popper. Display your savory flavors for all your patrons to see and use. Perfect for concession stands.

## Color-Pop Salt

Color your popcorn with Color-Pop Salt instead of plain salt. Try red for Valentine's Day, green for St. Pat's Day or create school colors for athletic events. Some require use of white oil. Color-Pop will tint the corn; not a dark coating like candy coated.

- #2420 Brown Color-Pop 4 lb. tub
- #2421 Pink Color-Pop 4 lb. tub
- #2422 Blue Color-Pop 4 lb. tub
- #2423 Green Color-Pop 4 lb. tub

## Flavor EZ Popcorn Coating

### #2393 Flavor EZ Base Popcorn Coating

The new way to make flavored popcorn. Using a concept similar to Cheddar Easy paste, Flavor EZ is a flavor and color free base that enables you to make flavored popcorn that holds the seasoning, and is loaded with taste. Instead of the crisp coating of a Glaze Pop, Flavor EZ gives you the tender texture of cheese corn, in any flavor you wish. Use any of Gold Medal's flavors -- even Flosssine -- to develop your own creation. 30 lb. tub.

## Shake On Savory Flavors

### "Shake On" Savory Flavors

Add POP to your corn! Use about ½ cup per five gallons of regular popped popcorn. Shake or tumble -- the fresher the popcorn, the more powder that sticks.

Available in 4 lb. jars or 25 lb. Bag-in-Box bulk. Savory Shaker Bottles also available.

- #2351 Sour Cream & Chives
- #2352 Barbecue
- #2353 Salt & Vinegar (Packed in 1½" lb. jars or add "MC" for Master Case of 12 jars.)
- #2372 Hot & Spicy
- #2354 Pizza (extra cost)
- #2362 Bacon & Cheese (extra cost)
- #2366 Cheddar Cheese
- #2367 Nacho Cheese
- #2369 Garlic Parmesan
- #2378 Creamy Dill
- #2368 Pepper Pop (hot!)
- #2374 Hot Jalapeno (very hot!)
- #2383 White Cheddar Cheese (extra cost)
- #2384 Ranch
- #2386 Ketchup
- #2360 Cajun
- #2376 Honey Mustard

## 25lb. "Bulk Pack" Savory Flavors

### #2379 Cheddar Cheese 25 lb. Bulk

Bulk pack started with Cheddar Cheese Savory and now there are 7 popular flavors. Purchase #2348 Savory Shaker Bottles and refill from bulk pack or use the #2349 Flav-R-Tator.

- #2355 Pizza
- #2363 Bacon & Cheese
- #2379 Cheddar Cheese
- #2371 Sour Cream & Chives
- #2380 White Cheddar Cheese
- #2356 Nacho Cheese
- #2373 Ranch
- #2348 Savory Shaker Bottle Kit

Contains 3 bottles and 12 shaker lids.

## Flavored Popcorn

### Flav-R-Tater Tumbler

#### #2165 Popcorn Shaker Box with Lid #2349 Flav-R-Tater Motorized Shaker

The Popcorn Shaker Box makes savory popcorn a snap! Big 8 gallon container is just right for 5 gallon batch. They are easy to wash, but order extras for multi-flavors. The Flav-R-Tater takes all the work out of savories. With 1 Shaker Box, 120 Volt.

### Cheddar Easy Shop

#### #2346 Cheddar Easy Shop "Combo" Mixer/Display

A countertop complete mixer/display case. Just a 20" x 20" footprint. The Cheddar Easy Mixer mounts on top of the display. Follow standard cheese corn mixing procedure. Once the corn looks evenly coated, pull the "slide door" to empty the full batch into the display. Close the slide door and repeat the process. Display cabinet is non-electric. Shipped in 2 cartons.

### Cheddar Tumbler / Coater

#### #2703 Cheese Tumbler/Coater

Gently tumble and mix your cheese corn with minimal breakage. Capacity of machine holds up to 8 gallons of popcorn. The aluminum pot is lightweight, has handles for easy lifting and carrying and is simple to clean. Cheese corn ready in 6-10 minutes with warmed cheese.

**New!**

### Cheddar Easy Machine

#### #2347 Cheddar Easy Machine

Simply put a 5 gallon measure of freshly popped popcorn in the bowl -- turn the motor on and then add about 14 oz. of slightly warmed Cheddar Easy over the corn as the paddle rotates. In about two minutes it's evenly coated. 115 Watts; 230 V~, 50Hz version available. Shipping weight 20 lbs.

Gold Medal Products is proud to be associated with the agencies noted below. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Tastee Toppers

Increase popcorn sales dramatically by offering self-serve seasonings in a variety of mouth-watering flavors. All three units feature modular construction, removable shakers, drip pan & grates for easy cleaning, and powder coat painted finish for durability. All are counter top units.

#### #2331 Tastee Topper

This model features a lighted sign, dispenses 3 flavors, has a capacity of 1 gallon of each powdered flavor. Individual buttons control each flavor, and each shaker has one speed control to regulate amount of powder dispensed. 120V .71AMPS 85WATTS 60 NZ. 26"W X 20"D X 36"H (66 x 51 x 91cm)

#### #2332 Tastee Topper

The mid-size Tastee Topper dispenses 2 Flavors, with a capacity of 1 gallon of each powdered flavor. Moving handles dispense the flavor. 6"W X 6 3/8"D X 22 5/8"H (15 x 16 x 57cm)

#### #2334 Tastee Topper

This model dispenses 5 flavors. Individual buttons control each flavor. 26"W X 20"D X 36"H (66 x 51 x 91cm)

#### #2333 Tastee Topper

The single unit dispenses one flavor, and has a 1 gallon capacity. Flavored sugars for funnel cakes, flavoring for fried foods, and savory seasonings for grilled foods can all be used with Tastee Topper. Clamps to Counter Top or Table. 13 1/2" W X 14"D X 32"H (34 x 35 x 81cm)

Delicious Tastee Topper savory flavor seasoning are economical, easy to use, and contain NO MSG! Packaged in 2 lb bags, six bags per case.

#2351T Sour Cream & Chives  
#2366T Cheddar Cheese

#2352T Barbeque  
#2374T Hot Jalapeno

#2353T Salt & Vinegar  
#2384T Ranch

#2362T Bacon & Cheese  
#2383T White Cheddar Cheese

For the complete flavor selection of savory seasonings, glazes and pastes, see page 42

## Gas/Electric Stoves For Caramel Corn

### Using "Canoe Paddle" Method

The hand mix or "canoe paddle" method of making Caramel Corn is hard work, it takes skill and it's slow. But, some people still prefer to make it this that way. So, we make great Caramel Corn Stoves. The kettles are all a work of art.

Use our concentrated mix in the copper kettle method, you'll end up with great tasting Caramel Corn. It takes about 30 to 35 minutes per batch in a copper kettle, slightly less in aluminum.

If you want to start out with Caramel Corn and trade up to a cooker mixer within 6 weeks, we offer a guaranteed trade-in plan -- 75% allowance as a credit towards your Corn Treat machine.

The gas stove is not AGA approved and, therefore is not offered for operation in indoors installations.

The kettle, plus the handle requires 23" (58 cm) floor space.

Note: Some states have outlawed cooking in copper. Check first. No returns allowed on copper kettles.

**#2080BG Bottle Gas Caramel Corn Stove**  
With safety pilot

**#2083 Electric Caramel Corn Stove**  
2600 Watts, 220 Volts

**#2081 Hand Crafted Copper Corn Kettle**  
Candy makers' favorite

**#2057 Aluminum Caramel Corn Kettle**  
Half the cost of copper

**#2093 Wood Mixing Paddle**  
36" (91 cm)

## Roasted Peanuts

### #5081 Electric Peanut Roaster

All Gold Medal peanut roasters feature a powerful gear motor that is directly connected to the roasting drum shaft. No "worm and worm gear" hardware to wear out. Ten pound roaster has approximately a 35 minute cook cycle. Moisture content on roasted peanuts varies, so will the cook cycle. 17½" W x 37"D x 26"H (43 x 93 x 65 cm). 3250 watts. 120/208 or 120/240 volts.

### #5081W Peanut Warmer

This peanut warmer looks exactly like the #5081 Peanut Roaster above. It also uses a 10 lb. batch of already roasted peanuts! 800 watt heating element warms them to a perfect serving temperature in 10 minutes. Same dimension. Same high powered drive motor. 120 volts.

## Peanut Bags

### #5793 Peanut Bags

Attractive red and white print. 3½" x 7" (9 x 18 cm); 2000 per case.

## Frosted Nuts

### 115 Volt "Universal" Pralinator

115 Volt model makes Candy Glazed Nuts just like the high priced machines!

### #2180ER Universal Pralinator

Now you can produce sugar & spice frosted almonds or pecans any place you have a 20 amp, 120 volt electric outlet. The Pralinator produces 2 lb. batches of finished nuts approximately three times every hour. Requires only 110½ sq. in. (713 sq. cm) of counter space fits in virtually any place.

The aroma of freshly cooking sugar and spice nuts acts as the flash that draws the customers. You supplement with additional product you have produced and packaged ahead of time.

Use the #4503 Frosted Nut Mix for best results. The first batch takes upwards of 25 minutes -- a little quicker thereafter.

1907 Watts, 120 Volts. Plugs in anywhere. Ship weight approximately 127 lbs.

### #2180EL Left Hand Dump Version #2424 Base Unit

This Pralinator, mounted on a #2424 Base shows a complete mobile setup. The Pralinator mounts directly to a counter without requiring any other base unit or mounting plate.

## Oh Fudge!

Oh Fudge is the easy way to make your own recipe fudge. Use 8 cups of Oh Fudge Mix, plus a stick of butter and 4 oz. of water. Cook to 160° -- that's when the mixture starts to "glisten" or look shiny. Try great tasting Chocolate or Vanilla, or create your own special flavors with Oh Fudge Basic. Just mix in any flavor chips to create that flavor.

**#2505 Chocolate** 25 lb. bulk Bag-in-Box

**#2506 Vanilla** 25 lb. bulk Bag-in-Box

**#2515 Basic** 25 lb. bulk Bag-in-Box

**#4008 Cooker/Mixer**

# "Sugar 'N Spice" Frosted Almonds

## Frosted Nut Cones

Shown above is the proper way to fill and "tuck" so that you have a rather tight "rim" or "crown."

No need to send off to Europe to buy paper cones to serve glazed almonds. These heavy white Kraft paper cones with attractive graphics are made right at Gold Medal in Cincinnati, Ohio, USA.

A normal serving varies from 2 oz. to 3½ oz. Double size might be 5 oz. or more.

Selling price per serving is \$2.00, \$3.00 and up. Food cost is about 17% to 22%, depending on the price of nuts and the net weight per serving.

### #4502 Frosted Nut Cones

Master case of 2,500 (10 Junior cartons of 250). Ship Wt 34 lbs.

### #4502M

Master case of 1,000 (4 tubes). Ship Wt 14 lbs.

## Frosted Nut Mix for #2181 Pralinator Roasted and Blanched Almonds

### #4501 Frosted Nut Mix

Nothing to measure, nothing complicated – simply empty the contents of one, 24 oz. pouch into your Pralinator. Use 12 oz. of Vanilla solution to each pouch. Add the 2½ pounds of almonds and let the Pralinator do the work. 24, 24 oz. pouches per case. Shipping weight 39 lbs.

#4129 50 lb. Box  
Blanched Almonds  
Ready to cook.

#4131 Roasted Almonds  
30 lbs.

## Frosted Nut Mix for use with the #2180 Pralinator

### #4503 Portion Pak Frosted Nut Mix

For use with the Pralinator. The measuring cup for nuts is included with the #2180. Use one pouch of #4503, plus 6 oz. of three-to-one dilution of Uncle Dave's Imitation Vanilla and 25 minutes later you have your first perfect batch of "sugar & spice" frosted Almonds or Pecans. Packed 36 pouches per cs. Shipping weight 30 lbs.

## The High Capacity Pralinator

### #2181ER Pralinator Frosted Nut Maker (Right Hand Dump)

The Pralinator makes a 4 lb. batch of Sugar 'n Spice Frosted Nuts about every 15 minutes or so (after the first batch). Use two cups of the nuts of your choice, plus a pouch of #4501 Frosted Nuts Mix and 12 oz. of the "three-to-one" Uncle Dave's Vanilla. The machine does the rest.

Shown here is the #2181ER Pralinator Frosted Nut Maker on a #2424 Base Unit. The 10½" (27 cm) square pedestal actually mounts to the counter in a concession trailer or a concession stand. It's handiest when it's mounted no higher than 26" to 30" (66 to 76 cm) off the floor.

4000 Watts, 120/208 or 120/240 Volts 60 Hz or 230 Volt, 50 Hz "EX" version available. Shipping weight 127 lbs.

#2181EL Pralinator (Left Hand Dump Version.)

### #2424 Base Unit

Includes stainless steel countertop. Drilled for #2180, #2181 and #2175. Shipping weight 74 lbs.

Pralinator unit and base sold separately.

- 208/240 Volt Unit
- 3 batches per hour
- Unit mounts with 10½" x 10½" (27 x 27 cm) pedestal

## Combo Kandy King-The "2 in 1"

### #2182EL Combo Kandy King (Left Hand Dump)

The Combo Kandy King is a perfect machine to make perfect caramel corn or frosted nuts, batch after batch. Note: Because parts of the machine are very HOT, you must allow for complete cooling before switching products. Why buy a Combo Kandy King? Simple! At an arena or auditorium, certain events bring the caramel corn crowd at other events, the frosted nuts will sell better. You can sell both with one machine!

Pedestal mounts are 10¼" x 14" (26 x 35 cm), 4000 watts, 230 volts, 50/60 Hz. Don't forget to order at least one #2166 Cooling Pan when you switch to caramel corn. Shipping weight 130 lbs.

#2182ER Combo Kandy King (Right Hand Dump Version.)

## Imitation Vanilla

### Uncle Dave's Imitation Vanilla

Shown are both the gallon and quart size of Gold Medal's Uncle Dave's Imitation Vanilla. To make the 25% vanilla solution, add a quart of imitation vanilla to a gallon jug and fill it with water.

#4515 Imitation Vanilla

# Merchandisers for Cotton Candy...And More!

## "Time Out" Snack Bar

### #2950 "Time Out" Snack Bar

"Time Out" Snack Bar with up to 5 menu items could be a gold mine in sports bars or other places where beverages are sold! Many color variations available! Machines sold separately.  
Dimensions: 96"W x 36"D x 80"H

## Cotton Candy & Popcorn Wagon

### #3150CP Cotton Candy & Popcorn Wagon

This wagon features plenty of work space, built in floss machine area, and a side shelf large enough to hold a 6 oz. popper. A great all-in-one set up for popping and spinning up sales! Machines sold separately.

Dimensions:

With #2660 Popper: 77 3/4"W x 20 3/8"D x 58"H (197 x 52 x 147cm)

Without Popper: 77 3/4"W x 20 3/8"D x 28 3/8"H (197 x 52 x 72cm)

## Combo Cotton Candy & Popcorn Cart

### #2951 "Combo" Popcorn and Cotton Candy Cart

This attractive merchandiser has it all-stainless steel countertop, recessed cutout for cotton candy machine. Power strip outlet inside the cabinet. Locking doors. Adjustable merchandising shelves for candy cups or family size bags or popcorn. Easy roll off casters. Ideal for high traffic retail locations. A virtual money machine! Body size 84" x 36". Shelves extend to approximately 108" x 44". Machines sold separately.

## Animated Light Floss Cart

### #3120 Animated Light Floss Cart

Nostalgic and attention getting, this beautiful cart adds excitement and fun to any cotton candy operation. With all of the extra traffic this display will draw, profits will be rolling! Machine sold separately.

Dimensions: 42"W x 28"D x 54"H (107 x 71 x 137cm)

# The Most User Friendly Machines Available!

## Lock-n-Go Floss Machines

Handle Up for quick and easy single handed transportation

Handle Down to release head and make product

You wanted an easier to operate cotton candy machine, and now you've got it with Gold Medal's patent pending Lock-n-Go handle design. Lock-n-Go machines feature a handle that snaps up and locks the floss head in place, for easy transportation. No more thumbscrews to worry about. When it is time to make the product, simply push the handle forward and down to release the floss head. This feature is absolutely ideal for machines to be in rental operations. Comes with the floss pan.

Currently the Lock-n-Go feature is available for the Breeze, Accu Breeze, Auto Breeze, and Stainless Steel Econo Floss® models. The Tornado 200 also has a Lock-n-Go System. See page 50.

- #3017SR Stainless Steel Econo Floss® with Lock-n-Go handle
- #3030SR Breeze with Lock-n-Go handle
- #3040SR Accu Breeze with Lock-n-Go handle
- #3052SR Auto Breeze with Lock-n-Go handle

## Auto Breeze

Improved!

3052SR

### #3052 Auto Breeze

A larger tubular heat element allows this model to produce twice the cotton candy as the regular Breeze. Accu control perfectly adjusts the voltage for perfect results. No other adjustments are needed for this single switch operation machine. Auto cool down simplifies the operation of machine by preventing spinner head clogging. New heating element improves output by 20%! Features a 1/5 H.P. spinner head motor, and a 1500 watt heat element. Requires a 15 amp plug and 1440 watts. Comes with floss pan.

**#3052SR Auto Breeze with Lock-n-Go handle**

## Unifloss Top on Pink Unifloss Cart

### #3035P Unifloss Top on #3118P Pink Unifloss Cart

Ease of mobility in an attractive merchandiser. Machine sold separately.

## 48" 2 Wheel Cotton Candy Cart

### #3150CC 2 Wheel Cotton Candy Cart

Generous work space for filling Candee Fluff Cups! Eye-catching graphics make it a great merchandiser. Can be designed to accommodate one or two machines -- specify when ordering. Machine sold separately.

Dimensions: 52 3/4"W x 20 3/8"D x 28 3/8"H (134 x 52 x 72cm)

See chart on page 58 for floss machine dimensions and other details.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## The Floss Boss®

The Ideal Beginner Floss Machine

- A full size, entry-level Cotton Candy machine at a very low price.
- Easy to operate..plugs in anywhere.
- Our lowest – cost Cotton Candy machine can pay for itself in one weekend.

### #3024 Floss Boss®

Includes #42040NM Non-Metallic Floss Pan Works best when used with #3010 Whirlgrip (sold separately). The Floss Boss® is the most dependable Cotton Candy machine in the industry. Solid state heat control, high capacity spinner head and cool running operation makes it easy. It is recommended that this and all other floss machines be operated with some type of floss bubble to protect from flying sugar crystals in case someone overloads the spinner head. Comes with floss pan. 1320 watts. Ship weight 37 lbs.

## Breeze

- Stainless Steel band
- Permanent floss head
- 1/10 horsepower motor
- Carbon brushes

3030SR

### #3030 Breeze Cotton Candy Machine

A successful re-introduction of the tubular heating element floss machine Gold Medal made back in the 60's. Laser technology, improved motor and heat control design makes the nearly permanent candy floss heating element a viable cotton candy machine. Probably the ideal machine to rent when the operator is not the same person as the owner. New heating element improves output by 20%! Stainless steel cabinet, Aluminum floss pan and Whirlgrip stabilizer. Comes with floss pan. 1200 Watts, 115 Volts. Ship weight 46 lbs.

### #3030SR Breeze with Lock-n-Go handle

## Accu Breeze

3040SR

### #3040 Accu Breeze Cotton Candy Machine

The Gold Medal engineering department has developed a cotton candy machine with no dials to turn and no heat to adjust. Accu Electronic Controls assure consistent electrical voltage. New heating element improves output by 20%! Stainless steel cabinet, Aluminum floss bowl and Whirlgrip stabilizer. Comes with floss pan. 1200 Watts, 115 Volts. Ship weight 46 lbs.

### #3040SR Accu Breeze with Lock-n-Go Patent Pending

### #77470 Plastic Whirl Grip Clips

Position the whirl grip quickly and easily inside the floss pan for maximum benefit. Fits all floss pans. Comes standard with 3010.

## Mega Breeze

### #3042 Mega Breeze Cotton Candy Machine

Although Gold Medal owned the original patents for a tubular heating element cotton candy machines, there was a "missing link." In the past few years, because of "dynamic balancing," these "permanent" floss heads are extremely dependable. Like the #3016 Mega Floss, the #3042 Mega Breeze features a 7" diameter head with the equivalent of a "single ribbon" tubular heating element. Note: All Econo Floss®, Mega Floss, Floss Boss, and Breeze machines now have the 50% larger carbon brush and brush holder assemblies. A 50% larger carbon brush should actually lead to virtually a 100% longer carbon brush life! The Mega Breeze produces about 30% more cotton candy than the 5" Breeze. Aluminum floss bowl is standard. However, rental stores may wish to substitute the non metallic pan at no additional cost. Total watts 1700. Comes with floss pan.

Gold Medal Products is proud to be associated with the agencies noted below. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Stainless Steel Tornado Cotton Candy Machines

With EMS Voltage Booster System

### #3005ED Tornado with EMS Voltage Booster System

Every Tornado cotton candy machine built since the mid 50s has featured a built-in voltage booster system. The #3005ED also features a variable electronic heat control and a huge auto transformer. With the digital control, once the number is set, the heat will remain the same, regardless of incoming voltage. The digital display reads from 0 - 100.

This machine is extremely fast and has a 7-inch diameter head to produce about 50% more floss than the 5-inch machine. It has a 1½ HP, 3450 rpm motor with sealed ball bearings. Four large brushes and two extra wide slip rings ensure long, dependable life. Comes with floss pan. 3216 watts. Ship weight 91 lbs.

### #3007 Tornado High Output

## The "Super Floss" Cotton Candy Machines

Ultra High Output Candy Candy Machine

### #3038ED Super Floss

- Worlds first 8" diameter spinner head.
- 29" ID Floss Bowl.
- The first "permanent" floss head.
- Completely eliminates the use of ribbons and bands.
- Produces the most perfect Cotton Candy.

This machine is ideal for cotton candy packaging, high traffic theme parks or other midways. Plus, the permanent floss head is easier to set and run. The new digital control makes it simple to read and set your heat (display indicates numbers 0-100). Once set, the heat will remain the same regardless of incoming voltage.

It has a 29-inch ID Floss Bowl, an 8-inch diameter spinner head, and completely eliminates the use of ribbons and bands. The dynamic floss head holds almost 3 full pounds of sugar! Comes with floss pan. 3100 watts. Ship weight 79 lbs.

All floss machines on this page have a stainless steel cabinet, size 14"W x 22"D x 9"H 19" H to the top of the floss bowl. All floss bowls are 25"ID except the #3038ED which is 29"ID. On 50HZ electricity, the rpm is reduced to about 2850. 2500 watts.

## Original Tornado

### #3005SS Original Tornado with Lotta Volts System

Like the #3005E above, this model features a large fixed transformer plus a variable transformer and the ability to boost or buck incoming line voltage.

Today, there are only two manufacturers of variable transformers. Long range, these may not be available before too much longer.

We will continue manufacturing the #3005SS as long as variable transformers are available. Comes with floss pan. 3396 watts. Ship weight 88 lbs.

## Twin Wind Two-Color Cotton Candy Machine

### #3019 Twin Wind

The only "two-color" Cotton Candy machine. While this looks like a Tornado, there actually are two spinning sugar compartments -- each feeds its own heating element consecutively. Total production a little more than 50% of a Tornado. Same cabinet size, 3396 watts maximum. Comes with floss pan. Ship weight 104 lbs.

"The Original"

## 5 1/2" Diameter "Double Band" Floss Machines

### X-15A Whirlwind

Now "high output" at no extra charge!

- 1/3 horsepower motor
- Solid state heat control

#### #3015A X-15 Stainless Steel Whirlwind

The Whirlwind has been the standard of the Candy Floss Industry for over 50 years. Today, the electronic heat control makes it even more dependable. You'll like the performance of the X-15A.

1/3 horsepower sealed ball bearing motor, Whirlgrip Floss Stabilizer and 25" ID spun aluminum floss bowl included. 1800 Watts. For International voltage, order Model #3015AX for 230 Volt, 50 Hz. Ship weight 69 lbs.

### Super Floss Maxx

Maximum Cotton Candy production on a 15 Amp line

- Whirlwind band
- 1/10 horsepower motor

#### #3077 Super Floss Maxx

The Super Floss Maxx is a really high output machine suitable for operation on almost any 15-Amp line for more production, fluffier cotton candy, more yield per pound of sugar.

Note -- do not use high wattage heating elements -- use special Floss Maxx heating elements. 1800 watts. The wattage has been reduced so that you can plug in on a 15 Amp line. Ship weight 43 lbs.

#### #42040 Aluminum Floss Pan is included.

The white non-metallic bowl (#42040NM) is optional at no extra charge. Rental stores love the non-metallic bowl because it does not dent -- won't scratch -- won't discolor.

## Automatic Voltage Control Floss Machines

### Accu Floss

Patent Pending

#### #3002 Accu Floss

If you are in a location where voltage fluctuates, the Accu Floss may be the ideal machine for you. When voltage is too low, the patented Accu Floss control automatically adjusts the voltage so you are making perfect cotton candy. If voltage is too high the control will bring the voltage down to the proper level. Great for rental locations where voltage supply is unknown.

Once the unit is on location and set up, you should not have to adjust the controls. Making cotton candy has never been easier. Comes with floss pan. 1800 watts. 1/2 horsepower. Ship weight 62 lbs.

### Tornado 200

#### #3005EMS Tornado 200

Standard Lock-n-Go system and lighter weight make this machine an easy option. No voltage boost transformer is needed and it is controlled by the Exclusive EMS Energy Management System. Input is 208 or 240 volts (6-20P Plug). Comes with floss pan. Export is #3005EXS.

See chart on page 58 for floss machine dimensions and other details.

## Deluxe Whirlwind

The Whirlwind has been the industry leader since 1949!

### #3008ED Deluxe Whirlwind with EMS (Energy Management System)

Since 1962, the Deluxe Whirlwind Cotton Candy Machine has been the key to success for midway operators, especially for those who like to make 3 floss colors. The fixed transformer, plus the variable heat control, allows you to both boost and buck line voltage to secure the exact voltage you need to optimize the output.

The variable heat control today is a solid state, electronic control. Plus, the new digital control makes it easier to read and set your heat (display indicates numbers 0-100). Once set, the heat will remain the same regardless of incoming voltage. The #3008ED has 3,415 rpm, and a 1/3 HP sealed ball bearing motor. 3300 watts. 25 amps. 120 volts, 60HZ. Comes with aluminum floss pan. 14"W x 22"D x 9"H (35 x 55 x 23cm). Ship weight 69 lbs.

## Super Breeze Cotton Candy Machine

### #3033ED Super Breeze Cotton Candy Machine with EMS

The Super Breeze is perfect for anyone who makes 2 or 3 color cotton candy colors in a concession trailer or a midway stand. The new digital control makes it easier to read and set your heat (display indicates numbers 0-100). Once set, the heat will remain the same regardless of incoming voltage.

It has a heavy-duty, stainless steel whirlwind cabinet, stainless steel band, triple wrapped tubular heating element, and an electronic digital heat control. This permanent head floss cotton candy machine is a midway operator's dream! Comes with aluminum floss pan. 1700 watts. Ship weight 79 lbs.

## Deluxe Whirlwind

### #3008SS Deluxe Whirlwind with Lotta Volts System

A large fixed transformer and variable transformer give you pin point heat control in the boost or buck range. The Deluxe Whirlwind features four brushes for longer brass life. All cabinets size 14"W x 22" D x 9" H (35 x 55 x 23 cm) – 19" to the top of 25" ID Aluminum Floss Pan (included). 3516 watts, 25 amps, 120 volts, 60HZ only. Ship weight 87 lbs.

## Super High Output Whirlwind

### #3009 S.H.O. Deluxe Whirlwind

This machine is like the #3008SS shown at left, except there is the high output baster between the upper and lower floss band and ribbon assembly. This extra three quarters of an inch, coupled with the leather floaters, creates a little more "separation" and gives you more volume of Cotton Candy per ounce of sugar. It is truly a super high output Deluxe Whirlwind. Comes with floss pan. 3000 watts. 14"W x 22"D x 9"H (35 x 55 x 23 cm). Ship weight 88 lbs.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

# Be Sure to Cash in on Take Home Cotton Candy Sales! You Could Double Your Business!

**#3044 Automatic Floss Bagger**

# World Famous Econo Floss

## Mega Floss®

Maximum production with very little electricity required

### #3016 Mega Floss

Now the high performance of the Tornado and the reliability and versatility of the Econo Floss® are combined into a 7" (18 cm) diameter single band/ribbon Cotton Candy machine!

Comes complete with a 25" (64 cm) Aluminum Floss Bowl and Whirl Grip, as illustrated. Draws about 10.5 Amps. Special Hot Shot Ribbon. Plugs into virtually any 15-Amp line.

Easily produces 30% more floss than Econo Floss® or Floss Boss. 1/12 HP, heavy-duty motor. 3450 RPM on 60 Hz. Fits virtually any floss stand shown in this section. Comes with floss aluminum pan.

1500 Watts, 120 Volts. 230 Volt, 50 Hz version available as a #3016EX. Ship weight 43 lbs. in two cartons.

## Econo Floss®

### #3017 Econo Floss

- Lowest cost UL listed Floss Machine
- Low cost entry-level machine
- Up to four small servings per minute
- The #3943 Double Floss Bubble fits this bowl

This heavy-duty machine has an extra heavy-duty motor, plus solid state, cool-running heat control. Four carbon brushes help reduce wear and tear on the brass slip rings. Comes with an floss aluminum pan.

This high efficiency candy floss producer will run on the minimum available electricity. Draws about 10 Amps, 1200 Watts on 120 Volts.

#3017EX Export version Econo Floss® for use with 230 Volt, 50 HZ power. Ship weight 37 lbs. in two cartons.

## Stainless Steel Econo Floss®

With virtually unbreakable #3943 Double Bubble

3017SR

### #3017SS Stainless Steel Econo Floss®

#### #3010 Whirl Grip Floss Stabilizer

#### #3943 Double Bubble (sold separately)

This deluxe version of the Econo Floss® features a stainless steel cabinet, spun aluminum pan and the Whirl Grip Floss Stabilizer. The white non-metallic floss pan (#42040NM) may be substituted at no additional cost. Bubble sold separately.

All Gold Medal Cotton Candy machines are equipped with four carbon brushes and contact with the brass slip rings -- in a slightly unbalanced sugar load, this extra hardware helps prevent damage to the brass.

Single 5 1/2" (14 cm) ribbon machine, 1200 Watts, 10 Amps, 120 Volts. #3017SX is a 230 Volt, 50 Hz version. Ship weight 37 lbs. in two cartons.

#### #3017SR Stainless Steel Econo Floss® with Lock-n-Go handle

#### #3943 Double Bubble

This is the most popular floss bubble of all -- good protection for kids who may be on the other side of the floss machine. Sits on the top rim of either style floss bowl. Easy to clean -- easy to polish. Shown on page 57. Sold separately.

## U-Tote-It Cotton Candy

The U Tote It carrier is a two wheel truck "transport-safe" heavy duty molded carrier for your floss machine and bubble that converts to a stand on which you operate your machine.

### #6051 U Tote It - Cotton Candy

Cotton Candy Machine sold separately.

See our full line of Floss Bubbles on page 57.

## All Econo Floss® Have 50% Larger Carbon Brushes

All Econo Floss® Have 50% Larger Carbon Brushes. One of the few things to ever wear out in a cotton candy machine, that is reasonably well maintained, is the carbon brush. All Econo Floss®, Mega Floss®, etc., have 50% larger brushes which should lead to virtually 100% longer brush life!

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Pinkie Floss Cart

### #3149 Pinkie Floss Cart

This is the world's most popular "Floss on Wheels" setup. Designed primarily for the Econo Floss®, Mega Floss®, Floss Maxx® machines.

Many rental operators prefer the non-metallic bowl on their Floss Boss, Econo Floss® or Mega Floss®.

Cart Body 20"W x 20"D x 38"H (50W x 50D x 95 cm). 20" x 20" (50 x 50 cm) stainless steel spacer included. Bubble sold separately. Machine and pan sold separately. Ship weight 60 lbs.

### #3943 Double Floss Bubble

### #3149 Pinkie Floss Cart with

### #42040NM Non-Metallic Floss Bowl

## Floss About Cart

### #3148FC Floss About Cart (shown with floss machine and bubble)

The Floss About features four 2" diameter casters and a pull cord so that you can pull it from inside the store out into the mall, or from a storage facility out into a retail location. Any Gold Medal floss machine sits on the Floss About -- you must always use at least a Double Bubble. Cart, bubble and floss machines are sold separately. 20"W x 20"D x 16"H (50W x 50D x 40 cm). Ship weight 40 lbs.

## Antique Unifloss Cart

### #3119 Antique Unifloss on #3118CF Floss Cart

### #3117 Antique Base (not shown)

The 28" x 28" (71 x 71 cm) two wheel floss cart is an ideal way to implement Cotton Candy in a high traffic location. Carts and Unifloss Top Half each sold separately. Some assembly required.

Top - Ship weight 92 lbs.

Cart - Ship weight 83 lbs.

Base - Ship weight 84 lbs.

## Unifloss...The Indoor Cotton Candy Department

### Designer Unifloss Cabinet For any Cotton Candy Unit

### #3053 Designer Unifloss Cabinet

Maximize your profits with the #3053 Designer Unifloss Cabinet, featuring rounded corner posts and pink theme construction.

### The Unifloss

### #3035 Unifloss Top Half on #3036 Stainless Steel base

This is our most popular Unifloss stand. Exhaust with washable aluminum wool filter screen eliminates virtually all "Cotton Candy dust." The top half mounts into custom concession counters to create a nice Cotton Candy department.

### Neon Unifloss

### Pink and Blue Neon Header

### #3035BN Neon Unifloss

Shown here on a #3036 stainless steel base. All Unifloss stands on this page are stainless steel. All base units are 28" x 28".

### Mini Unifloss For any Cotton Candy Unit

### #3034 Mini Unifloss Top

All base units are 28" x 28". Welded aluminum sneeze guard and tempered glass windows fits in almost anywhere. Units are sold separately.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

#### Great For:

Theatres • Stadiums • School Sports • Fun Spots • Party and Rental Stores

Candee Fluff keeps Cotton Candy fresh for weeks with no shrinkage or spoilage. It also allows product to be produced ahead of time to prepare for crowds and store labor. Easy to pack. A great merchandiser!

#### #3118 Candee Fluff Lobby Master

You can mount any Gold Medal Floss machine in the Lobby Master -- Lexan Sneeze Guard protects customers from any "sugar spill." Space for an attractive display. Ample storage for Flossugar and empty Candee Fluff cups in the large 48" x 28" x 62" (120 x 70 x 158 cm) wagon body. Cotton Candy Machines sold separately. Some assembly required. Ship weight 225 lbs. in two cartons.

### A Great Way to Merchandise Cotton Candy!

#### #3039 Candee Fluff Merchandiser

Three 20" x 24" (50 x 60 cm) shelves create a tempting display! Mix and match -- display at least two colors and two sizes -- replenish as you go. 6 per pack.

#### #3018 Large Candee Fluff Containers

1 oz (28 g) Net wt. 175 containers and lids per case. The lids are packed in with the containers.

#### #3020 Small Candee Fluff Containers

1/2 oz. (14 g) Net wt. 500 per case (lids and containers).

#### #3020N Lid Lock for Candee Fluff Containers

The lid lock is an "open one time only." No heat shrink cello band required. 1/2 oz (14 g) Net wt. 400 per case (lids and containers).

#### #3890 Cotton Candy Neon Sign

Attract everyone's attention with this neon sign. Indoor use only.

#### #3118SS Stainless Steel Candee Fluff Lobby Master

Continuous Cotton Candy sales can be taken to any location with the Candee Fluff Lobby Master! This 68" wagon holds any Gold Medal Floss Machine and has room to store pre-made Candee Fluff as well as the supplies you'll need to keep making floss on location. A great merchandiser!

#### #3049 Pre-Packaged Candee Fluff by the Case

34 per case -- pink and blue swirl.

#### #3022 Candee Fluff Merchandiser

Every rental operator with Moonwalks and Bubble Bounces should sell a minimum of one or two cases of Candee Fluff with every inflatable rental! Party stores and hostess centers should sell one to five cases for every birthday party. Every Cotton Candy operator can increase business by selling 24 count cases of Candee Fluff. Make it up in slow periods. This carrying carton turns into an attractive display for retail stores. Build up a route of Candee Fluff customers. Shipped flat.

## Floss Cones

### #3011 Clown Print Floss Cones

4,000 per case. Shipping wt. 37 lbs.

### #3011M Clown Print Floss Cones

1,000 per case. Shipping wt. 9 lbs.

### #3011ST Striped Floss Cones

Red and Blue. Case of 4,000. Shipping wt. 39 lbs.

Our Clown Print Floss Cones will add flash to your cotton candy sales at very little extra cost. Same heavy-duty white Kraft paper, printed with bright red overall clown design.

### Special Print Identification Floss Cone

If you have a rather sizeable operation, it's extremely important to gain and maintain control. The only way to do this is with Monogram Floss Cones that are unique to your company. "Ringers" at major special events could cost you literally \$5,000-\$10,000 a day! It pays to have your own monogram cones. Full payment in advance required on special monogram items. 100,000 Cone minimum order,  $\pm 10\%$  tolerance on quantity because of special print paper. Ask for details.

## Cotton Candy Cones

#3021 Plain Cotton Candy Cones 4,000 per case

#3021M Plain Cotton Candy Cones 1,000 per case

#3321 Plain Cotton Candy Cones 1,200 per case, packaged in 4 boxes of 300. Shown

#3321CT Plain Cotton Candy Cones 300 per box.

Gold Medal Cotton Candy Cones are the strongest cones available. We start with tough fiber Southern Kraft paper and our triple-wrap at the "handle end" assures you the strongest cone available. We pioneered the Cotton Candy Cone more than 58 years ago, and we still give you the best. Cotton Candy Cones are packed 1,000 to a carton, 4 cartons per case.

## Cotton Candy Operating Tips

1. It's always important to run "Vanilla Pink" — that's the aroma that people associate with Cotton Candy.
2. Every time you empty the spinner head as you produce Cotton Candy, add a different color -- so your display will have a minimum of two colors for every 25 containers of Candee Fluff or bags of Cotton Candy.
3. To have two colors in one container, you really need two machines. Produce first one color and then a second color -- a smaller ring of each so that you have two distinct rings showing in the see-thru container or bag.
4. On the Midway, professional Cotton Candy operators will dip first out of one machine then a second -- and sometimes even a third to create three-color Cotton Candy. If you have a more captive crowd, you may not need this.
5. Try our Candee Fluff containers and merchandisers on page 55!

## Flossine

Most large amusement parks use Flossugar, however, many professional operators simply add about one or two heaping tablespoons of Flossine to every 10 lbs. of regular granulated sugar. Mix thoroughly and it's ready to use. Flossine has been a favorite of professional Cotton Candy operators since Gold Medal introduced it in 1948. Flossine absolutely will not clog the ribbon heating elements. However, be careful of the sugar you mix with -- some contains corn starch which will clog the ribbons! Flossine gives your Cotton Candy the proper look -- the proper aroma -- and a great taste in every flavor! Be sure to change colors every time you fill the floss head. A variety of colors helps you sell more. Packed in 1 lb. jars.

### Flavor List

#3451CN Vanilla Pink

#3452CN Cherry Red

#3453CN Blue Raspberry

#3454CN Strawberry Pink

#3455CN Grape Purple

#3457CN Lemon Yellow

#3458CN Orange

#3459CN Bubble Gum

#3460CN Watermelon

#3461CN Pina Colada

#3462CN Banana

#3466CN Green Apple

To order a master case of 12 jars, omit "CN" after item number.

# Flossugar

For maximum Cotton Candy sales, change colors each time you add sugar to the spinner head

**Most Popular!**

No Mixing, Ready to Use Flossugar.

## Flavor List

#3201	Boo-Blue	#3209	Pina Colada
#3202	Silly Nilly	#3208	Bubble Gum
#3203	Spookie Fruiti	#3212	Wacky Watermelon

Raspberry	Pink Vanilla	Grape Purple	Green	Orange	Melon	Strawberry	Yellow	Cherry	Pink	Bright Yellow	Green Apple	Yellow	Blue

## Gold Medal Flossugar

Gold Medal Flossugar is made from a special sugar – not too fine, not too coarse. Colors have been “vividized” so that you get a bright color, but color concentrations do not exceed the limits set down by Food & Drug Administration’s GMP Directives.

Flossugar is packed in sealed 3 1/4 lb. cartons. Open the box and pour into the spinner head—no messy mixing or unsanitary sugar buckets. Inventory is easy and more accurate.

## Floss Bubbles

Virtually unbreakable in normal use!

### Clear Bubbles

#### #3936 Regular Floss Bubble

Flat Flange. Perfect for trailer mounting or built-in stands.

#### #3122 Turned Down Flange Floss Bubble

For use primarily on bases and carts.

### Color Bubbles

An Attention Getter!

#### #3945 Blue Double Bubble

Made from durable, food safe, LLDPE plastic (linear low density polyethylene).

#### #3938 Clip-On Floss Bubble

Clips to any 25” to 26” (64 to 66 cm) diameter floss pan. Stainless steel clips furnished, but not installed.

#### #3943 Double Bubble

Simply sets on the top rim of any 26” (66 cm) outside diameter floss pan. Ideal for #42040NM Non-Metallic, White Floss pan. Not recommended for Whirlwinds, Tornados, and Super Floss.

#### #3944 Pink Double Bubble

Made from durable, food safe, LLDPE plastic (linear low density polyethylene).

## Gold Medal "Hi Pro" Floss Ribbons

"Hi-Pro"... the heating element for your Cotton Candy machines that leads to higher production. Now there are five different Floss ribbons. Make sure you select the one that is correct for your machine. Not all machines use the same ribbon! To further help you identify, machines produced after February 1999 will have an added identification -- some will have a brown insulator -- others will have a white insulator.

### #43004 Standard Tornado

7" (18 cm) diameter Floss Ribbon  
White insulator, 9 Amps, 120 Volts, wired in parallel on 120 Volt equipment, wired in series on export.

### #43188 Mega Floss Ribbon

10.5 Amps. Brown insulator. The "Hot Shot" heating element you need to make a Mega Floss produce correctly.

For export Mega Floss, you may choose to experiment. 256 Volts might be too hot for a Mega Floss working on 50 Hz electricity. You may get better results with the #43004 listed above.

### #20005 Ribbon

For #3008SS and #3015SS.  
5 1/2" (14 cm) Ribbon. White insulator block, 8 Amps.

### #42338

130 Volt, 8.5 Amps, White insulator block used on Export Floss Boss #3024EX and Export Econo Floss #3017EX.

### #42565 Floss Maxx Ribbon

For #3077 and #3015A.  
5 1/2" (14 cm) diameter ribbon. 120 Volts, 6.5 Amps, Brown insulator block. **Note:** Do not use a #20005 Ribbon. It draws too much electricity and will "pop" a 15 Amp circuit breaker.

### #42279

Light green insulator block for Econo Floss and Floss Boss with electronic controls.

## World's Best Floss Bands

Shown above are the five different types of Floss Bands now being used on various Gold Medal Cotton Candy machines. Make sure you get the correct band for your machine. Many operators prefer to carry a complete maintenance kit including a replacement floss band and ribbons.

In the old days, when porcelain coated floss bands were used, some of this glass-like porcelain would chip off from time to time and end up in the floss. Today, patented, plasma-coated Gold Medal floss bands are created to last through tens of thousands of dollars worth of production. However, you can destroy them.

Never try to "super heat" the floss head while it's on the machine. The plasma coating is designed to be melted once at 3,000° F.

Never put a floss band in a self-cleaning oven. Simply stated -- never try to burn the carbon out of the ribbon while the ribbon-heating element is still in the band -- even though it is off of the machine.

We've told you how to destroy a Gold Medal lifetime band -- they may not last a lifetime. But you should get years and years of trouble-free service if you take good care of this rather expensive part.

### #42517 5 1/2" (14 cm) Double Band

For use in the Floss Maxx machine, #3015A and #3077.

### #42213 5 1/2" (14 cm) Double Band

For Whirlwind models: 3008 and 3015, but not for model 3015A.

### #43165 5 1/2" (14 cm) Single Band

For use in Floss Boss and more recent Econo Floss with the non-metallic head.

### #42214 7" (18 cm) Double Band

For Tornado.

### #42401 7" (18cm) Single Band

For Twin-Wind, 7" (18 cm) H.O., Tornado S.H.O. or Mega Floss.

**Note:** The bands listed above are also available with a high temp, non-stick surface for even better results. Use the same item number, followed by PE. (Example: #43165PE)

## Gold Medal Breeze Floss Bands

The Breeze floss Bands feature a precision stainless steel band, coupled with a multi-turn tubular heating element. The durable assembly is balanced to assure smooth and reliable operation. When operating any Floss Machine with the Breeze floss band, always let the motor cool off the band for one minute after the heat is turned off. This simple step will prevent the molten sugar from clogging the slots in the Breeze Band.

## Cotton Candy Counter Tray

### #3062 Cotton Candy Counter Tray

Holds six cones. Stamped aluminum with tapered holes to hold servings upright. 8" x 4" x 18" (20 x 10 x 46 cm). Shipping weight 3 lbs.

## Whirl Grip Floss Stabilizer

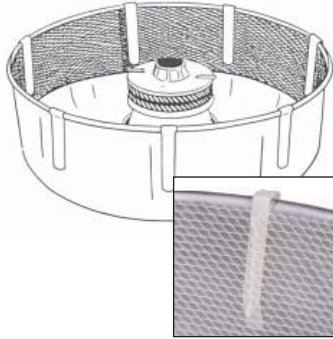

Patented design keeps cotton candy from flying out of the pan. The plastic screening material is held tightly in 6 places, with space behind it between the clips. The floss adheres to the screening to make spinning a cotton candy cone very easy. A must for every cotton candy operator. Six clips included.

### #3010 Whirl Grip Stabilizer

For use with all floss pans.

### #77470 Plastic Whirl Grip Clips

Position the whirl grip quickly and easily inside the floss pan for maximum benefit. Fits all floss pans. Comes standard with 3010.

Now featuring plastic clips for maximum benefit!

## Floss Machine Maintenance/Repair Kits

It pays to own a complete maintenance kit

If you operate your Gold Medal Floss machine according to instructions, you should get years and years of dependable service. However, there are a few repair/replacement parts that are smart to have on hand. (Items that you can't buy at the local hardware store, for example.)

**Note:** None of the maintenance kits include a replacement floss band. The Econo Floss/Floss Boss Kits include a motor switch and heat switch.

### #3197 Econo Floss with Metallic Spinnerhead (before Nov. 1998)

Kit includes:

- |  |   |
|--|---|
| #20005 (1) Replacement 5" Ribbon             | #42138 (4) Cap Brush Holder             |
| #20010 (8) Leather Floater                   | #42140 (4) Carbon Brush                 |
| #42152 (4) 10-24 x 1 3/8" Screw              | #42305 (1) Terminal Assembly            |
| #42045 (2) 8-32 x 1/4" H x HD Whizlock Screw | #42436 (2) Dual Brush Holder with Leads |
| #42072 (1) Spintite                          | #47201 (2) Switch Toggle                |
| #42073 (1) 1/8 Allen Key                     | #43018 (1) Tool Box                     |
| #42074 (1) Ignition Wrench 11/32             | #47155 (4) Rubber Foot                  |
| #42075 (1) 1" Wide Abrasive Cloth            | #74125 (1) Set Screw 1/4" - 20 x 3/8"   |
| #42078 (1) Screwdriver                       |   |

### #3197E Econo Floss & Floss Boss Electronic

Kit includes:

- |  |   |
|--|---|
| #42279 (1) Replacement 5" Ribbon             | #42138 (4) Cap Brush Holder             |
| #20010 (8) Leather Floater                   | #42140 (4) Carbon Brush                 |
| #42041 (4) 10-24 x 2" Screw                  | #42305 (1) Terminal Assembly            |
| #42045 (2) 8-32 x 1/4" H x HD Whizlock Screw | #42436 (2) Dual Brush Holder with Leads |
| #42072 (1) Spintite                          | #42798 (2) Rocker Switch                |
| #42073 (1) 1/8 Allen Key                     | #43018 (1) Tool Box                     |
| #42074 (1) Ignition Wrench 11/32             | #47155 (4) Rubber Foot                  |
| #42075 (1) 1" Wide Abrasive Cloth            | #74125 (1) Set Screw 1/4" - 20 x 3/8"   |
| #42078 (1) Screwdriver                       |   |

### #3197EW Econo Floss & Floss Boss Electronic

Kit includes everything that the #3197E does, but has the "wider" 3/8 inch brushes and brush holders.

Kit also includes:

- #55007 (4) 1/4 x 3/8 Carbon Brush

## Parts Listing

When you use a replacement part from your maintenance kit, buy an additional one. It pays to have profit insurance like this.

We have listed some of the common repair parts for your cotton candy machines, but you should refer to instruction manual for complete listings.

### #3198 Whirlwind X-15R, 3008, 3008SS & 3015

Kit includes:

- |  |                                    |
|--|------------------------------------|
| #20005 (2) Replacement 5" Ribbon                   | #42072 (1) Spintite                |
| #20010 (8) Leather Floater                         | #42074 (1) Ignition Wrench 11/32   |
| #20033 (4) Tension Spring - Brush                  | #42075 (1) 1" Wide Abrasive Cloth  |
| #20034 (4) Carbon Brush                            | #42076 (1) 3/32 Allen Key          |
| #20050 (2) 10-24 x 2 1/4" Screw - Low Profile Cap  | #42078 (1) Screwdriver             |
| #42041 (2) 10-24 x 2" Screw - Low Profile Cap      | #42305 (1) Terminal Assembly       |
| #42199 (4) 10-24 x 2 3/4" Screw - High Profile Cap | #43018 (1) Tool Box                |
| #42045 (4) 8-32 x 1/4" H x HD Whizlock Screw       | #47155 (4) Rubber Foot             |
| #42070 (1) 10-24 x 1/2" Set Screw                  | #20006 (4) Suspension Spring       |
|  | #42216 (2) Phenolic Band Insulator |
|  | #20011 (2) Head Gasket             |

### #3199 Tornado 3005 & 3005SS

Kit includes:

- |   |                                   |
|---|-----------------------------------|
| #43004 (2) Replacement 7" Ribbon                  | #42074 (1) Ignition Wrench 11/32  |
| #20010 (8) Leather Floater                        | #42075 (1) 1" Wide Abrasive Cloth |
| #20033 (4) Tension Spring - Brush                 | #42076 (1) 3/32 Allen Key         |
| #20034 (4) Carbon Brush                           | #42078 (1) Screwdriver            |
| #20050 (2) 10-24 x 2 1/4" Screw - Low Profile Cap | #42305 (1) Terminal Assembly      |
| #42041 (2) 10-24 x 2" Screw - Low Profile Cap     | #43018 (1) Tool Box               |
| #42045 (4) 8-32 x 1/4" H x HD Whizlock Screw      | #47155 (4) Rubber Foot            |
| #42070 (1) 10-24 x 1/2" Set Screw                 |                                   |
| #42072 (1) Spintite                               |                                   |

## Floss Pan Cover

### #3121 Floss Pan Cover

Buy a floss pan cover for each machine when not in use. Reinforced plastic fabric with elastic edge. Ship weight 1 lb.

## Flosskoop

### #3027 Flosskoop

Specially designed stainless steel scoop makes it easy to feed your mixed Flosssugar into the spinnerhead. Tapered -- holds over a pound of sugar. Try one today. Ship weight 1 lb.

# Hawaii's Finest® Shave Ice Machines for Cubes

## High Production MaximIcer Heavy Duty Shave Ice Set Up

### #1023 MaximIcer on #1027HD Heavy Duty Hawaii's Finest Shave Ice Machine

Most shave ice profits are made from the high volume locations -- the result of continuous production of the extra fine "snow." A load of cubed or cracked ice up to 20 to 25 lbs. or more in the heavy plastic tube, plus the hopper in the machine requires some serious torque for continuous shaving.

No problem with the 3/4 HP Brute Force Motor found in both the #1027HD and the #1047.

You must use the foot switch and have cups ready. One person shaving and making up "blanks" and two more people adding flavor and making change could produce over 500 sales per hour. The heavy duty #1027HD with #1023 maximizer (sold separately) could produce up to a \$1000 per hour in sales. But if you only need \$100 dollars in sales, it's still a wise move to go for the high production, heavy duty Hawaii's Finest.

### #1027HD Heavy Duty Hawaii's Finest Shave Ice Machine with 3/4 hp motor.

115 volt, 60 hz - base same as #1027. Ship weight 71 lbs. MaximIcer sold separately order #1023.

### #1008 Foot Switch

## Hawaii's Finest Shave Ice Machine with 1/3 HP Motor

### #1027 Hawaii's Finest Shave Ice Machine with 1/3 HP Motor

The professional Midway Operators wanted a more powerful Shave Ice machine. The #1027 with its Gear Drive 1/3 HP motor has long been the Midway favorite!

For continuous, ultra-high production, you may wish to use the MaximIcer cylinder shown at the left.

Note: MaximIcer (#1023) must be used with #1027HD model.

15 1/2"W x 20" x 21 1/2"D (39 x 51 x 55 cm), shipping weight 57 lbs.

## MaximIcers for Shave Ice Machines

The MaximIcer helps create continuous shave ice production. With up to 20 lbs. of cracked ice or cubes, it's easy to see why you must use a heavy duty drive motor. See #1027HD at left. The foot switch is an absolute necessity (see page 62).

### #1023 MaximIcer for use with #1027HD & #1027

### #1024 MaximIcer for use with #1047 Super Shave Ice Machine.

Now with new graphics!

## Super Shaver with 3/4 HP Gear Drive Motor

### #1047 Super Shaver Shave Ice Machine with 3/4 HP Gear Drive Motor

You asked for it...a higher production, more powerful shave ice machine. The #1047 is the ultimate -- the world's highest production, most powerful shave ice machine. Hopper takes a full 8 lb. bag of cracked ice or cubes and quickly turns it into snow that is "finer than nature's finest!" Can you handle that?

The base casting of the Super Shaver is about the same size as the #1027. You can see that the rest of the machine is dramatically larger. Features include a "Kill Switch" on the loading door for operator safety! Stainless Steel main column. Weight approximately 80 lbs., 31" (79 cm) tall when the fill lid is open.

A really skilled operator will need the #1008 foot switch on any of these machines. It helps to have a "hands-free" operation.

12 amps 120 volts, 60 Hz. 18"W x 21"D x 31"H (46 x 53 x 79 cm) with lid open.

### #1047EX For export.

The 3/4" HP gear motor is dual rated for 230 volt, 50 Hz and will be properly wired at the factory.

## Hawaii's Finest Shav-Pro

### #1810 Hawaii's Finest Shav-Pro

This single-serve band shaver has a 1/3 HP motor for increased throughput. Easy to operate with air operated foot switch (included).

### #1810DC Hawaii's Finest Shav-Pro

This Go Anywhere shaver is a single-serve band shaver has a 1/3 HP motor for increased throughput. It runs off a gel style battery, with battery compartment in back. Long life shaving band tested for more than 7,000 lbs. of ice with minimal wear. Battery not included. High torque 12 Volt DC Motor. Air operated foot switch is included.

## Ice Shaper

In high speed operations, a shave ice cup in one hand, a shave ice shaper in the other hand, and your foot on the footswitch maximizes the number of perfect servings any operator can make per hour.

### #1127 Ice Shaper

Make the perfect shave ice with this. Cuts down on serving time.

## Why Shave Ice?

Why Shave Ice? It's pretty obvious -- a Shave Ice or a Sno-Kone® serving both use a little less than 1/2 pound of ice. Retail prices on Shave Ice begin at \$2.00. It's not easy to get more than .75¢ for a Sno-Kone®. Either way, both are very profitable.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

# Shave Ice Supplies & Essentials

## Ice Mold with Lid

2 Qt. Round Molds

### #1085 Ice Molds with Lids

When you use a Block Ice Shaver, ensuring an adequate inventory of blocks to shave is your responsibility.

When you are out of round blocks, you may be out of business! It is important to have a dozen or two dozen molds "working" at all times -- then pack your blocks in poly bags and repeat the freezing process.

### #1085 Half Gallon Plastic Ice Mold with Lid

#1085DZ One Dozen Ice Molds with Lids Shown above.

## Shave Ice and Sno-Kone® Flavor Concentrate

For more than 65 years, Gold Medal Flavor Concentrates have been famous! Frequent taste test panels ensure that you have great taste, fruit like aroma and the proper color to help produce a syrup topping. The Citric Acid is already in these concentrates - use 1/2 cup (4 oz.) of Flavor Concentrate plus 5 - 6 lbs. of sugar to make one gallon of Shave Ice or Sno-Kone® topping syrups.

Gold Medal Shave Ice/Sno-Kone® Flavor concentrates.

See page 68 & 69 for more information on syrups & concentrates.

## Foot Switch for Shave Ice Machines

### #1008 Foot Switch for Shave Ice Machines

It takes two hands to properly prepare a serving of Shave Ice! To make the task easy, plug the machine into the foot switch outlet and plug the foot switch cord into the power supply. Turn the shaver on and off as needed to make perfect Shave Ice servings every time!

## Replacement Shave Ice and Ice Shaver Blades ("Depth Gauge" included)

#22017 for  
Sno-Konettes  
Shavettes  
Shav-A-Doo  
SnoKing

#12025 for  
Bliz Whiz

#39031 for  
Shavatron

#12094 for  
#1007 & #1027  
Shave Ice  
#12263 for  
#1047 Shave Ice

#12328 for  
Shavemaster II

#12281 for #1087  
New Orleans Block  
Ice Shaver

If your machine does not have an adjustable blade, then it helps to have a thin metal gauge to help you get the correct setting. Replacement blade sets include a gauge.

When the blades are dull, the motor works harder and runs hotter. All ice shaver motors have "thermal overload" protection.

It's important to know how to change blades. Most owner-operators know how to do this.

BE CAREFUL! When you have honed the blades on

the #1026 Diamond Blade Sharpener, the edges are extremely dangerous.

Always own a spare blade or set of blades. Sharpen them at your convenience when you change so you always have a sharp set ready to go.

Some Shave Ice people sharpen blades on a daily basis in busy locations. Some Sno-Konette owners don't change blades even once a year. Sharp blades will shave finer snow. Fine snow has a higher perceived value and commands a higher price.

See pages 68 & 69 for syrups and concentrates

# "Olde New Orleans" Block Ice Shaver

## Shave Ice? Snow Balls? Sno-Kones®!!

"Olde New Orleans" means extra finely shaved snow! They call them "Snow Balls" down in the Crescent City. Ice this fine is called Shave Ice every place else.

Shown at left is the improved **#1087 "Olde New Orleans" Block Ice Shaver**. This is one of the most powerful ice shavers in the world. Features a ¾HP motor. A "V Belt" pulley reduces the motor speed down to about 350 RPM. The large three-blade shaver head planes snow off of the larger block and delivers it from the chute at the lower right-hand corner of the body.

To operate the #1087, put a 6 to 12 lb. block of clear ice into the ice block compartment. The front door has a "safety switch" to protect the operator until the cast aluminum door is safely locked in the closed position! The heavy-duty lever on the left-hand side allows the operator to ratchet the handle to apply pressure. The more pressure, the coarser the ice -- light pressure provides a finer snow.

The Model #1087 is shipped complete with the catch basin and the 8 oz. Sno-Kone® Dipper -- the right size for producing a **#1407 Hawaii's Finest Shave Ice Cup** full of snow. Order the containers shown below, plus the Point-Of-Purchase material and start enjoying Shave Ice profits from the "Olde New Orleans" Block Ice Shaver. **#1087DC** 24 Volt model available. Ask for details.

## #1087 "Olde New Orleans" Block Ice Shaver

33"W x 11½"D x 31"H (84 x 29 x 79 cm). ¾ Hp. Ideal ice block size: 5½" x 5½" x 15" (14 x 14 x 38 cm) max. 115 Volts, 68Hz. ABS Plastic Drip Pan Included, 32"W x 22"D x 3"H (81 x 56 x 8 cm). Crated shipping weight 168 lbs.

## Shave Ice Containers

**#1064**

**#1153**

**#1407**

**#1408**

**#1064 World's Fair Snow Sundae Cup** Case of 240

**#1153 9oz. Clear Plastic Parfait Cup** Case of 500

**#1407 12 oz. Hawaii's Finest® Printed Styrofoam Container Cup**  
Case of 500

**#1408 16 oz. Hawaii's Finest® Printed Styrofoam Container Cup**  
Case of 500

## 7 ½ lb. "Olde New Orleans" Ice Block Molds

When you have a Block Ice Shaver and you are out of block ice, you are out of business! Don't let that happen to you! Freeze your own. Keep several hundred pounds of blocks in the freezer for those really busy days. It's also important to have the correct size bag. The bags listed here are specially-sized for Ice Mold #1487.

## #1487 Galvanized Steel Ice Mold

Includes 10 bags. 5" x 5" x 12" (13 x 13 x 30 cm)

## #1488 Ice Mold Bags

250 count pack. 7.875" x 7.875" x 12" (20 x 20 x 30 cm), .004" material thickness.

## The Blade Sharpener

See page 62 for all shaver replacement blades.

## #1026 Diamond Blade Sharpener

Some people sharpen their shaver blades daily. The colder your ice, the more frequently you need to bring back the razor edge with a diamond sharpener.

## Gloves

Approved for food preparation, these gloves are a must for any Shave Ice operation. Your employees can form the ice into "ice balls" more easily.

## #1063 Food Prep Sanitary Gloves

1000 count

## #1063BG Food Prep Sanitary Gloves

100 count

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Shave Ice Wagon

Wheels are not steerable - see #2129HF Wagon at right.

### #2936HF Hawaii's Finest® Shave Ice Wagon

#### #2144HFB Barrel Awning

Stainless steel 36" x 20" (91 x 51 cm) wagon, painted white and decorated with Hawaii's Finest® graphics. The awning assembly includes the poles, the aluminum frame and the mounting brackets. Some assembly required. Full 36" x 20" (91 x 51 cm) stainless steel counter is included in the price of the #2936HF Wagon. Some assembly required. Shave Ice machine sold separately. Shipping weight 82 lbs. - wagon only.

## Shave Ice Bottle Racks

### #2724 Shave Ice Flavor Bottle Rack

Holds 20 of the #1059 Shave Ice Flavor Bottles. All stainless steel. 13 1/2" x 20 1/4" (34 x 51 cm).

### #2725 Tiered Shave Ice Flavor Bottle Rack - see picture at right.

## Shave Ice Flavor Bottles

Plastic Pour Outs and Sanitary Hoods

Shave Ice Flavor Bottles are an absolute necessity. Clear plastic long neck bottles show off the brightly colored syrups. Use the plastic pour out spout to control the amount of syrup on each Shave Ice serving. The "dust cover" hood is required by most Health Officials.

#1059 Shave Ice Flavor Bottle Pack of 12

#1069 Plastic Pour Out Spout Pack of 12

#1074 Plastic Dust Cover Hood Pack of 12

## Shave Ice Wagon

### #2129HF Shave Ice Wagon #2144HFB Barrel Awning

The #2129HF Wagon body measures 20" x 48" (51 x 122 cm). Made of stainless steel, painted white with epoxy powder coating decorated with Hawaii's Finest® graphics. Zinc plated wheels. The awning assembly includes the poles, the aluminum frame and the mounting brackets. Some assembly required. Shave-Ice machine sold separately. Shipping weight 121 lbs. - wagon only.

#2444 Red "Tite Topper" Barrel Awning  
Available for all Shave Ice Wagons.

## 2 Wheel Sno-Kone® Cart

### #3150SK 48" 2 Wheel Sno-Kone® Cart

Solid, stainless steel top provides ample work space. Bold graphics make this unit a crowd-drawing money-maker, great for a variety of locations and venues! Machine sold separately.

## 12 Volt "Go Anywhere" Sno-Konette

#2015SK Sno-Kone® Cart starts with the stainless steel body, white powder-coated. Includes the shelf for syrup dispensers. All other items sold separately.

### #1009 12 Volt Battery Sno-Konette

NOTE: Battery is sold separately.

#2015SK Sno-Kone® Cart Shipping weight 76 lbs.

#1067 Dispenserack with

#1028 Syrvelles

This Go-Anywhere Sno-Kone® setup allows you to produce cool profits in virtually any location. All items sold separately.

See pages 68 & 69 for syrups and concentrates

### Bliz Whiz Ice Shaver

#### #1001 Bliz Whiz

The Bliz Whiz Ice Shaver has been re-engineered to run smoother, more quietly and more user friendly. The Bliz Whiz is a compact automatic ice shaver. Simply shovel a large scoop of cubes or cracked ice into the hopper, close the lid with its safety switch and turn out very fine snow.

The #1001 Bliz Whiz will shave up to 500 lbs. of ice an hour. You can set the blades a little finer and reduce output slightly to get finer snow. Usually, colder chunk ice will shave finer.

The Bliz Whiz is the easiest automatic ice shaver in the industry, and with all of the improvements, you'll love the smooth operation. Accessories include: Cup Dispenser, Special Sno-Kone® Dipper and Large Plastic Ice Scoop.

22"W x 16"D x 29"H (56 x 41 x 74 cm). 650 watts, 5.5 amps, 120 volts. 230V~, 50 Hz version available. The 1/3 HP motor is direct drive. Ship weight 99 lbs. (Cannot ship UPS.)

### Shavatron® Ice Shaver

#### #1020 Shavatron Ice Shaver

- 1/2HP Drive Motor
- 300% larger hopper opening
- Shaves almost every type of ice
- Improved "Power Wedge" Automatic Feed
- Safety Inter-Lock for operator protection
- Quiet, geared belt drive system
- Larger ice case...more user-friendly

The Shavatron is a powerful machine, designed to make huge Sno-Kone® profits -- or, with a slightly finer blade setting, Shave Ice profits. Three large blades in the shaver head turning at just over 300 RPM enable you to plane snow off of the ice chunks in the hopper. Stainless steel dome; imitation "neon" lighted sign in the header.

28"W x 20"D x 33 1/2"H (71 x 51 x 85 cm), 800 watts, 6.7 amps, 120 volts. (#1020EX also available for 230V~, 50 Hz). Powered by 1/2 HP motor with silent cog-belt drive, no gears to wear out. Shipping weight 146 lbs.

### Polar Pete™ Sno-Kone® Machine

#### #1890 Polar Pete™ Sno-Kone® Machine

Get noticed with Polar Pete™. This attractive, cool design will heat up Sno-Kone® sales, increasing profits and encouraging repeat business. It's perfect for any business where merchandising is important, including rental companies. It's made from durable polymer material, making it scuff resistant, lightweight, and easy to transport. It has a commercial grade motor to blast through ice, and can easily be run on a standard 15-amp plug. The overall dimensions are 33.6" h x 35.6" w x 19" d (85 x 90 x 48 cm).

#### #1891 Optional Door for Polar Pete™ Sno-Kone® Machine

This optional form fitting translucent door fits all Polar Pete™ ice shavers without hardware.

### Sno-Bliz Ice Shaver

#### #1812 Sno-Bliz

This model features the power of the Bliz Whiz in a lightweight, durable cabinet. Safe and easy to operate - ideal for rental use.

26"W x 14"D x 29"H (66 x 36 x 74 cm). 5.5 amps, 120 volts. Ship weight 84 lbs.

### Sno Pro Ice Shaver

#### #1800 Sno Pro

New technology using band shavers offers an entirely automatic, light weight cabinet. High profits and volume machine. No hassles, no fuss. 29"W x 14"D x 29"H (74 x 36 x 74 cm). 4.6 amps, 120 volts. Ship weight 48 lbs.

#### #1889 Optional Door Kit

### Sno Master Ice Shaver

#### #1333 Sno-Master

This high production machine has a momentary safety switch, hinged doors and lighted cabinet. It also features a removable inner ice pan for quick cleaning, and easy access for blade changing.

24"W x 17 1/4" D x 25"H (61 x 44 x 64 cm). 6.8 amps, 120 volts. Ship weight 88 lbs.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Sno-King Sno-Kone® Machine

### #1888 Sno-King Sno-Kone® Machine

The Sno-King is virtually indestructible under use in the most adverse circumstances or environment. For safety you must have one hand on the motor switch and the other pulls the pusher handle down to engage the spinning shaver head. Easy to clean.

The best new shaver in a decade features LLDPE 1/4" thick cabinet, 1/3 horse power, 1725 RPM motor, 6.8 amps, 26"W x 14"D x 29"H, weight 45 lbs.

Comes with drain hose and Sno-Dipper. **Now UL and UL Sanitation listed!**

### #1889 Optional Door Kit

## "Two Piece" Shav-A-Doo

### #1903 Shav-A-Doo II Shaver Unit (complete)

### #1906 Shav-A-Doo II (top half only)

### #1907 Shav-A-Doo II (case only)

A great unit for rental stores, "quickie" spots or school carnivals. The Shav-A-Doo II shaver head is mounted on a heavy aluminum "cap" which fits on the Shav-A-Doo ice case. As with all Shav-A-Doo units, you need to purchase the drip pan separately. This is item #1207 – it is not included in the "combination" price of the #1903/1906.

## Shavette Ice Shaver

115 Volt, 230 Volt and 12 Volt models

### #1006 Shavette Little Shaver

The Shavette Little Shaver will do a fine job of shaving ice for Sno-Kones®, shaved ice cocktails or any other use. Capacity up to 500 lbs. an hour. Comes complete with Ice Pan for catching shaved ice and ice scoop.

22"W x 16"D x 27"H (56 x 41 x 69 cm), operates on 816 Watts, 6.8 Amps, 120 Volts. 230V~, 50 Hz version available. Ship weight 45 lbs.

### #1006DC Battery-Operated Shavette

12 Volt motor runs on a heavy-duty "RV" battery all day long.

**Also see the #1906 Shav-A-Doo II**

## Simply Sno Sno-Kone® Machine

**New!**

### #1813 Simply Sno Sno-Kone® Machine

If you have no plug for a Sno-Kone® machine, no problem. The #1813 Simply Sno in a manual Sno-Kone® machine that is very compact, easy to use and will hold up to 10 lbs. of ice.

**Check out this entire section for the equipment and supplies you need for a complete Sno-Kone® set-up.**

## Non-UL Shav-A-Doo

**Improved!**

### #1803 Shav-A-Doo

Not listed by Underwriters Laboratories. The primary difference between the #1203 and the #1803 is the absence of the motor cover. Now has blue cabinet and clear windows. Ship weight 52 lbs.

### #1207 Aluminum Drip Pan Optional (not shown), 18" x 26" (46 x 66 cm)

# Sno-Konette...The World's Original Sno-Kone® Machine

## The Famous Sno-Konette

### #1003S Sno-Konette Ice Shaver

The Sno-Konette was the world's first complete ice shaver with display case. The Sno-Konette features a 1/3 HP, 1725 RPM high-speed shaver mounted on an extruded aluminum cabinet with tempered glass windows. The stainless steel "motor box" effectively hides the motor. The switches are mounted in the box. To operate, simply lift the pusher handle, fill with chunks of ice, turn on the motor and pull the handle. You can vary the fineness of the finished snow by using colder ice, putting less pressure, or setting the blades to shave more finely.

The Sno-Konette could very well pay for itself in one busy afternoon. Shaves up to 500 lbs. per hour. Accessories included are the cup dispenser, Sno-Kone® Dipper, Ice Scoop and Drain Pan.

22" W x 16" D x 19" H (56 x 41 x 48 cm), 6.8 Amps, 120 Volts.

Ship weight 84 lbs. Cannot ship UPS.

### #1160 Door option

**#1161 Doors for Deluxe Sno-Konette** -This folding door can be retro fitted to any #1002S and #1003S. Doors come with drill bit properly affix the door to the machine.

## Deluxe Sno-Konette

### #1002S Deluxe Sno-Konette Ice Shaver

Sno-Konette machines are simple, easy to maintain and safe to operate. Long life, heavy-duty stainless steel blades should stay sharp through tons of ice.

The Deluxe Sno-Konette is the shaver of choice for rental operators, school and church carnivals, public park and recreation districts -- any place where the owner of the machine is not the operator. Attractive stainless steel dome with illuminated sign helps build Sno-Kone® sales faster. Accessories included are: Sno-Kone® Dipper, 6 oz. Cup Dispenser, Ice Scoop and drain pan.

Capacity 300 to 500 lbs. of ice per hour.

22"W x 16"D x 18"H (56 x 41 x 46 cm). (39 1/2" [100 cm] with pusher handle "up"). 816 watts, 6.8 amps, 120 volts. Ship weight 87 lbs. (Cannot ship UPS.)

**#1002EX** 230V~, 50 Hz version.

### #1160 Door option

**#1161 Doors for Deluxe Sno-Konette** -This folding door can be retro fitted to any #1002S and #1003S. Doors come with drill bit properly affix the door to the machine.

## Battery Operated Sno-Konette Ice Shaver

### #1009 Battery Operated Sno-Konette Ice Shaver

No Electric -- No Problem!

22"W x 16"D x 19"H (56 x 41 x 48 cm)

Ship weight 83 lbs. (Cannot ship UPS)

## Shav-A-Doo...UL Listed, Entry Level Ice Shaver

### #1203 Shav-A-Doo Ice Shaver

This is our least expensive shaved ice machine that carries the Underwriters Laboratory listing. The compact Shav-A-Doo ice shaver occupies 20" W x 14" D (51 x 36 cm) -- a little smaller than the Sno-Konette. It now has blue cabinet, blue tinted windows and motor cover.. Drip pan is sold separately. Ship weight is 52 lbs.

### #1207 Aluminum Drip Pan (not shown)

An optional, but very desirable "extra." 18" x 26" (46 x 66 cm)

## Deluxe Shav-A-Doo

### #1840 Deluxe Shav-A-Doo Ice Shaver

The attractive blue and silver colors will appeal to customers and it has a 1/3 HP motor for increased throughput. The Deluxe Shav-A-Doo also has a removable Sno pan and single door for easy cleaning. Hinged door is standard.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Save Money with Sno-Kone® RTU Syrup

### Deluxe Sno-Kone® Syrups with AllCane Sugar

#### Ready To Use, in gallons, half gallons & quarts. Great tasting flavors!

If you do not have the time to "make your own," your best bet is Gold Medal Syrup. Each Deluxe Sno-Kone® Syrup is made with all natural AllCane Sugar, flavor and citric acid. No high fructose corn syrup, stretchers or gums ever used.

**RTU HALF GALLON FLAVOR LIST** Case of 6 1/2-gallons. A new 1-oz. pump for the 1/2-gallon bottles is available (#1081), and they are also available by the dozen (#1081DZ).

#1450 Watermelon

### Sugar Free Sno-Kone® Syrups

Sugar Free Sno-Kone® Syrups open up new markets from schools to rentals and more. Comes in 3 Sugar-Free RTU flavors.

#1404 Blue Raspberry #1406 Grape  
#1405 Cherry

### Sour Attitude

Expand your menu with sour versions of any flavors!

Pump up profits with Sour Attitude! "Sour" flavors are one of the hottest tongue tingling crazes today and are so easy to add to your menu with this sassy syrup. One squirt transforms any flavor into an exciting new taste treat. The addition of one bottle to any concession stand virtually doubles the flavor selections. Of course, more choices attract more customers.

Sour Attitude can be used for Sno-Kones®, Shave Ice, Frusheez Frozen Drinks, or to give Lemonade an extra kick. This syrup can go with just about anything that could use a little pucker power.

#1056 Sour Attitude Ready to Use Packed (4) 1 gallon bottle per case. Shipping wt. 38 lbs.

### Sno-Treat Flavors

You asked for it – a more economical Sno-Kone® syrup topping. Sno-Treat syrups are sweetened with high fructose corn syrup. This is a less expensive sweetener and the savings are passed on to you. Packed four gallons of one flavor per shipping carton. Shipping weight about 45 lbs.

#1223 Cherry  
#1224 Grape  
#1225 Blue Raspberry  
#1226 Lemon-Lime  
#1227 Strawberry  
#1228 Orange

#1229 Pineapple

#1255S Watermelon  
#1256S Pina Colada  
#1257S Banana

# Flavor Concentrates for Shave Ice and Sno-Kones®

## Since 1936....The Best on the Midway

### Make Your Own Syrups from Concentrates

Save over \$2.00 a gallon with Gold Medal professional quality concentrates for Shave Ice, Sno-Kone® or Slush. Gold Medal has been a leading manufacturer of Flavor Concentrates since the early 30's and today, this is the finest line of concentrated flavors available. Simply use 4 oz. of Concentrate, plus 5 to 6 lbs. of regular sugar to make a better topping syrup than you can buy from anywhere else!

### Sugar-Free Syrups

For Shave Ice/Sno-Kones®

#### #1400 Sugar-Free Syrupmak'r

You asked for it – an easy way to present a sugar-free alternative Sno-Kone® and Shave Ice.

Now, every Gold Medal concentrated flavor can be used to produce sugar-free, Ready-To-Use syrups and toppings.

Feature at least a few "Sugar-Free" flavors for Shave Ice – you'll sell more. 36 packets per case. Ship weight 13 lbs.

### Ee-Zee Concentrates®

Ee-Zee Concentrates are by far the most popular product for making your own Sno-Kone® or soft drink syrups. Convenient pre-measured pouches take all the guesswork from making syrup. Just add sugar and water – that's all there is to it.

You do not sacrifice quality when you switch to Ee-Zee – the flavors are compounded by the same chemists that develop all our flavors. They know the problems in flavoring Sno-Kones®, and they give you top notch, full strength, richly colored syrups.

Ee-Zee Concentrates are packed 10 pouches per Junior Carton and make 10 individual gallons of ready-to-use syrup. Ee-Zee Concentrates may also be used as Slush Flavors. Each pre-measured pouch will flavor 5 gallons of slush.

Cherry	Grape	Strawberry	#1010CT Strawberry
			#1011CT Cherry
			#1012CT Grape
Blue Raspberry	Grape	Green Apple	#1013CT Orange
			#1014CT Lime
			#1015CT Blue Raspberry
Orange	Lime	Watermelon	#1017CT Bubble Gum
			#1021CT Watermelon
			#1321CT Green Apple

For a Master Case (enough to make 100 gallons), remove the CT from the four digit number.

### Sno-Kone® Concentrate Gallons

#### Make Your Own Syrups...

- 1 oz. makes 1 quart
- 4 oz. makes 1 gallon Ready-To-Use Sno-Kone® syrup
- 4 oz. makes 15 oz. flavor concentrate for Slush
- Low cost, yet highest quality

Only these four flavors are available in gallons:

- #1030GA Strawberry
- #1031GA Cherry
- #1032GA Grape
- #1035GA Blue Raspberry

### Sno-Kone® Concentrates

These concentrates available in quarts only.

One 32 oz. Bottle plus sugar makes 8 gallons of Ready to Use (RTU) syrup.

| #1048 Blue Hawaii       |                           |

### How to Use Gold Medal Sno-Kone® Concentrates

#### For a quart of Shave Ice or Sno-Kone® Ready-To-Use Syrup:

One oz. of concentrate plus 1/4 of a 5 lb. bag of sugar makes one quart of Ready-To-Use Syrup.

#### To make a gallon of Syrup:

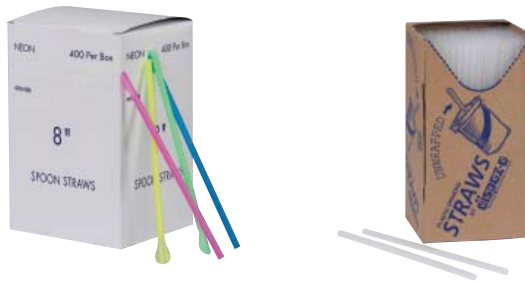

Put 5 to 5 1/2 lbs. sugar in a clean, empty jug, add 4 oz. Flavor Concentrate, add hot water and shake well – top off and you are ready.

**To make a pint of Slush Concentrate:** Put 4 oz. Flavor Concentrate in a clean, empty slush bottle – fill to within 1" (3 cm) of top with water and shake. That's all there is to it.

**Note:** 1 oz of our Sno-Kone® concentrate flavors one quart of Simple Syrup or Sugar-Free Syrup.

## Sno-Sippers & Spoon Straws

The neon plastic spoon straws are rapidly becoming the favorite for both Sno-Kones® and Slush. They are about 8" (20 cm) long with one end die-cut and flattened into a spoon-like shape. The Sno-Sippers are 7 3/4" (20 cm) white plastic straws that allow you to break up snow and sip the Sno-Kone® or Slush drink. Shipping weight about 1 1/4 lbs. per thousand.

**#1082M Sno-Sippers** 1,000 unwrapped, (4) boxes of 250

**#1082 Sno-Sippers** 12,500 per case

**#1120M Neon Spoon Straws** (2) boxes of 400

**#1120 Neon Spoon Straws** 10,000 per case

**#1120W Wrapped Spoon Straws** 5,000 per case

**#9992 Wrapped Straws** 12,000 per case

## Cup Dispensers

We have dispensers for both the cone shaped cups, as well as flat bottom paper and plastic cups. For cone shape cups, you must order the dispenser for exact size cups. The units for flat bottom are adjustable. Wall mounted.

**For Cone Shaped Cups:**

**#1206 Dispenser for 6 oz. cup**

**#1208 Dispenser for 8 oz. cup**

**For Flat Bottom Cups:**

**#1106 Dispenser for 6 oz. to 12 oz. cup**

**#1107 Dispenser for 12 oz. to 24 oz. paper cup**

**#47509 Wall mount bracket for cup dispenser**

## Vending & Counter Trays

### #1072 Universal Vend Tray

This "3 Way" 24 Hole Vending Tray is packed with strap, handle and aluminum drip/drain tray. Some assembly required. You put on the handle or strap – whichever your hawkers prefer. Shipping weight 5 lbs.

### #1076 8 Cup Sno-Kone® Counter Tray

In a high production Sno-Kone® operation, you always need this tray on the counter to set the finished Sno-Kones® in while the customer pays. 14"L x 6 1/2" W x 2 1/2"H made of brushed aluminum.

## 1 oz. Syrup Pumps

The least expensive measuring dispenser you can buy. Fits standard gallon jugs (glass or plastic.) One stroke of pump delivers one ounce. Made entirely of plastic with stainless check

1 oz. pumps.

**#1071 1 oz. Plastic Syrup Pumps**

**#1071DZ 1 oz. Plastic Syrup Pumps**

1 dozen

**#1081 1 oz. Plastic Syrup Pumps for half gallon bottles.**

**#1081DZ 1 oz. Plastic Syrup Pumps for half gallon bottles.**

1 dozen

## Syrvelle Syrup Dispensers & Dispenseracks

### #1028 Syrvelle Syrup Dispenser

While we show the Syrvelle Dispenser in the Dispenseracks, you can buy them alone if you wish. Made from white molded plastic with No-Drip Faucet for fast operation. You can invert a jug of syrup in top opening, or use the lid provided. The Aluminum Dispenserack holds 3 Syrvelles securely and includes removable drip tray. Where space is at a premium, you can stack 3 Syrvelles with the Vertical Dispenserack and use only 9 1/2" (24 cm) counter space. Measures 21 1/2"W x 14"D x 10"H (55 x 36 x 25 cm).

Lid and faucet. Ship weight 3 lbs.

### #1070 Faucet only

The old push-button, brass faucets are now illegal. Replace with the #1070.

### #1073 Aluminum Dispenserack

Illustrated with three Syrvelles. Dispensers not included. Ship weight 10 lbs.

### #1067 Vertical Dispenserack

Shown with Dispensers – priced without. Made of welded aluminum, powder coated with epoxy white finish. 8"W x 9"D (20 x 23 cm). Holds up to three Syrvelles. Ship weight 7 lbs.

### #1982 Sno-Kone® Neon Sign

Attract everyone's attention with this neon sign. Indoor use only.

Check out this entire section for the equipment and supplies you need for a complete Sno-Kone® set-up.

## Sno-Kone® Cups

## Flower Shaped Sno-Kone® Holders

### #1175 Flower Shaped Sno-Kones® Cups

Create a buzz with these 8 oz. plastic, flower-shaped cups. Their bright colors and unique shapes have great marketing appeal and really stand out in a crowd. Available in one sleeve per color in each case (green, yellow, pink, and blue), and the cups are packed 240 cups per sleeve for a total of 960 cups per case.

**New!**

### #1174 Small Flower Shaped Sno-Kones® Cups

Keep the buzz going with these 4oz. flower shaped Sno-Kone cups. Packed in 600 to a case, these cups come in four colors: red, yellow, blue and green.

See pages 68 & 69 for syrups and concentrates

# Smoothies, Yogurt & Frosty Freeze®

## Fantastico Italian Ice Base Mix

Create Your Own Flavors!

Imagine having as many flavors of Italian Ice as you have of Sno-Kones®! Add two ounces of any Sno-Kone® concentrate to one carton of Fantastico Italian Ice Base Mix, plus 7 pints of water. This mixture works great in soft serve machines for a terrific frozen dessert. For fun animation, add this fantastic mixture to the Frusheez machine.

The Fantastico Italian Ice Base mix gives you the unique opportunity to have numerous flavor combinations when added to Sno-Kones®. Add any flavor of Italian Ice to the bottom of a Sno-Kone® cup and place a scoop of ice on top. Flavor it with a different flavor for a layered treat.

Give your customers the fun of creating their own combination of flavors, along with the different texture sensations in one product.

**#1182 Fantastico Italian Ice Base Mix** 12 per case. Shipping wt. 26 lbs.

## Dry Yogurt Mix

**96%  
FAT FREE**

**YoSoGood™** the best word to describe this great tasting, low-fat Yogurt made from a powder. Rich and creamy -- not grainy like the other powders. Simple and inexpensive to use. No refrigeration or special storage required for this foil packed powder. However, once you mix with water, refrigerate it!

YoSoGood™ Yogurt contains live inactive Yogurt cultures. Water activates them -- so this is real Yogurt! And it's a healthy snack item. Low in fat -- only 75 calories per 3.5 oz. serving of Vanilla.

**#1222 Vanilla YoSoGood™** 6, 2 3/4 lb. pouches per case

## Frosty Freeze®

A great non-dairy dry mix for soft serve or shakes. Very smooth powdered mix. Makes a great finished product. The "Fruit and Cream" mixes are a blend of Italian Ice plus Vanilla Soft Serve.

**#1217 Frosty Freeze® Vanilla**

**Soft-Serve Mix**

**#1218 Frosty Freeze® Chocolate**

**Soft-Serve Mix**

6 half gallon cartons per case

## Hot Chocolate Mix

**#7037 Hot Chocolate Mix**

Warm up to hot profits with this rich and delicious concession stand favorite.

6-2lb. packages per case.

## Soft Serve Freezers

18"W x 33"D x 28.75"H  
(45W x 83D x 72 cm) (without legs).

**#1952G Two Flavor Gravity Feed**  
**#1952P Two Flavor Pressurized**

20 to 40% overrun with gravity feed, 40 to 90% with "pump" feed. Two hp compressor for each cylinder.  
22"W x 34D x 56"H  
(55W x 85D x 140H cm) (without legs).

## Batch Ice Cream Freezer

**#1950 Batch Freezer**

Making traditional hard ice cream is easy! Just pour ice cream mix and flavor into the cylinder and turn on the switch. Produces a four quart batch about every 15 minutes.

30 Amp separate branch circuit - 115 volts.  
15"W x 28"D x 27 1/2"H (38W x 70D x 69 cm). Shipping weight 253 lbs.

**#5041 Whipped Cream Machine**

A penny's worth of machine-made whipped cream produces 50 cents more in retail. Great for desert trailers, fudge puppies, etc. Starts with real whipping cream. If you use two cases of Aerosol per week, you save money with the #5041 whipped cream machine! Our #5041 (KW50) will produce 30 gallons of whipped cream per hour.

120 volt 15 amp, 9"W x 15"D x 18"H (22 x 37 x 44 cm).

## Smoothie'O and TeaWave Drinks

### New Smoothie Blenders

These uniquely shaped blenders are a must have. Out perform your competition and keep your patrons coming back for more. You will blend more smoothies with these fast, efficient, and sleek designs. Serve the hottest frozen beverages for a cool profit.

#### #1211 EZ Blender

This blender is fast and efficient with a unique patented design and 2 horse power to 3 horse power output motor.

#### #1212 Q-Series Blender

This unique patented design is a sound reduction blender that is fast and efficient.

### Concession Smoothies

#### #1220 Heavy-Duty Smoothie'O Blender

One horse power. Shipped with two containers with lids. This helps you improve output.

Smoothies are one of the hottest frozen beverages being offered today. A Smoothie is a blend of yogurt and fresh fruit. All Smoothie'O mixes are packed six 30 oz. bags per case.

#### #1216 Smoothie'O Dairy Mix

#### #1216ND Smoothie'O Non-Dairy Mix

### TeaWave® Drinks

Only using the highest quality of fruits, TeaWave® Drinks have no artificial flavors, no preservatives, no HFCS (only uses pure cane sugar), caffeine free, and has a long shelf life. TeaWave® Drinks come in four great flavors!

#### #1276 - Sour Green Apple

Contains 43% real fruit

#### #1277 - Strawberry Banana

Contains 32% real fruit

#### #1278 - Strawberry Sensation

Contains 29% real fruit

#### #1279 - Wild Berry Desire

Contains 30% real fruit

## FrusheeZ™ Supplies

For Margaritas and Daiquiris, production is faster when you put the liquor in the cup and then add the frozen drink to it. Otherwise the liquor makes it difficult to freeze to maximum capacity. Six 1/2 gallons of a single flavor per case.

Pictured at left are six of the 10 FrusheeZ™ mixes available in 1/2 gallons. To use, mix four parts of water with one part of concentrated mix. For high production, use the standard Bag-In-Box container of FrusheeZ slush mix plus the "Auto Fill" hardware (see page 75). For Bag-In-Box select the flavors with the "BIB."

## Supplies for other Slush Freezers

### Neutral Slush Base

We use all cane sugar, plus our Slusherizer for smoothest slush your machine can make. No corn syrups or other substitutes are used.

#### #1119 Neutral Slush Base

Case of four, 1 gallon jugs

#### #1119GA Neutral Slush Base

1 gallon jugs

### Powdered Neutral Slush Base

Polar Pete™ Slusherizer is the stabilizer you need. One packet of powder plus 5 lbs. of sugar makes a great neutral slush.

#### #1098 Polar Pete Slusherizer

Case of 10 boxes.

#### #1098CT Polar Pete Slusherizer

1 box of 8 pouches.

### Slush Flavor Bottles

Square 16 oz. bottles as used on all slush machines, keep spares on hand. 1/4 oz. type pumps fit the bottles.

#### #1104 16 oz. Flavor Bottles

Without pump

#### #1105 1/4 oz. Plastic Slush Pump

Fits above bottles

#### #1105DZ 1/4 oz. Plastic Slush Pump

1 dozen

### Cleaning and Mixing Supplies

For Soft Serve or Slush Machines

#### #1103 Stainless Churn Mixer

#1109 Chlor-Tech Cleaner and sanitizer for ice cream and slush, per 8 lb. jar.

#1110 Petro-Gel The famous lubricant for all ice cream and slush machines, per 4 oz. tube.

#1112 FrusheeZ Cleaning Kit Jar of Chlor-Tech Sanitizer, 1 set of o-rings, 1 rear seal, and a tube of Petro-Gel.

## Special Print FrusheeZ™ Cups

# Gas & Electric Funnel Cake Fryers

## 95,000 BTU Cake Fryer and Cart

95,000 BTU burner... Fry Six at a time. LP gas only

### #5099NS Six Cake Funnel Cake Fryer

In a Class By Itself! 95,000 BTU Burner makes six Funnel Cakes fast. Non-electric thermostat holds your cooking oil temperature - reduces cooking oil absorption - increases profits. Equipped with thermostat, safety pilot and drain. Always use a minimum 80 to 100 lb. gas tank. For outdoor use only.

30"W x 27"D x 25"H (76 x 69 x 64 cm) 95,000 BTU's from one "jet burner." LP gas only. All stainless steel construction - tank is 22 1/2" x 29 1/2" x 7 3/4" (56 x 86 x 63 cm). 50 lb. cooking oil capacity. Minimum 10" (25.4 cm) clearance required on two sides and rear. Shipping weight 220 lbs.

#5099NS

### #5096 Low Boy Cart

This is a heavy duty welded box-extrusion cart. Easily capable of handling a 500 lb. load. It's hard to work special events without a #5096 Low Boy for each of your #5099NS Funnel Cake Fryers. Using spacer #67911 is required for #5094. Shipping weight 40 lbs. Fryer Sold Separately.

### #5094 Funnel Cake Fryer

This four cake fryer works best with an LP tank larger than a 20 lb. Capacity four 8" funnel cakes.

45,000 BTU's on LP Gas. Equipped with the "awesome" jet burner for maximum efficiency and high BTU output. 21 lb. cooking oil capacity.

Be sure to use the square skimmer frequently to keep the bottom of the tank clean for greater efficiency.

19 1/4"W x 17 1/2"D x 24"H (48 x 44 x 60cm). Shipping weight 140 lbs.

## Funnel Cake Profit Tips

Always use a thermometer in your fryer. Try to keep your oil temp between 375° and 400°. Let the fryer "recover" before you pour more cakes. Cooler oil (359°) causes rapid oil absorption, when you add oil you must wait for the oil temp to get into the proper range. Some cheap mixes absorb oil faster. Thus, when you add oil, you reduce output substantially.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

# High Output Ribbon Element Fryers

## Deluxe Funnel Cake Fryers, #8078, #8082, #8090, #8088

Increased oil capacity combined with higher efficiency flat ribbon type heat elements give faster recovery and higher production. Over 30% increased production compared to FW-12 and K6 counterparts. Oil pre-heat circuit warms up solid shortening at reduced power.

Spare Ribbon Power Heads available on all ribbon fryers. Call for details.

**Ribbon Element Fryer**

**Ribbon Element Fryer**

**Ribbon Element Fryer**

### #8078 Deluxe Funnel Cake Fryer FC-4

This fryer can cook four 8" funnel cakes or six 6" funnel cakes at a time. High production ribbon-type heating element for more square inches of heating contact gives quicker recovery time. This unit has an oil pre-heated feature to safely heat the tank at start of production. 47 lb. cooking oil capacity. 5500 watts, 240 volts, 30 amp plug. 22 $\frac{1}{2}$ "W x 17 $\frac{1}{4}$ "D x 16"H (57 x 44 x 41). Same cook surface as K6, 21"W x 15 $\frac{3}{4}$ "D (53 x 40) Remote power switch mounts on side of tank.

### #8082 Funnel Cake Fryer FC-6

6600 watt, 240v, 50 amp plug. 27 $\frac{1}{2}$ "W x 17 $\frac{1}{4}$ "D x 16"H (70 x 44 x 41). Same cook surface as K6, 26"W x 15 $\frac{3}{4}$ "D (66 x 40) Remote power switch mounts on side of tank. 58 lb. cooking oil capacity.

### #8090 Deluxe Hot Shot Fryer FC-4

FC-6 power head in FC-4 tank. 6600 watt, 240v, 50 amp plug. 22 $\frac{1}{2}$ "W x 17 $\frac{1}{4}$ "D x 16"H (57 x 44 x 41). Remote power switch mounts on side of tank. 47 lb. cooking oil capacity.

**Check out the complete line of Gold Medal Funnel Cake Mixes, Toppings, & Supplies on page 82!**

### Fryer Capacity:

Funnel Cake fryer capacity depends on the number of watts (which can depend on your line voltage), the depth of your cooking oil (which eliminates the "shock" that comes when you pour), the quality of your funnel cake mix (some absorb cooking oil like a sponge -- not ours, of course!), the temperature of your batter, the amount of batter you pour, and your unwillingness to wait a few moments if your oil temp has declined into the "high oil absorption" range. When you add oil, you lose rhythm and production suffers dramatically.

### Emergency Fryer Shut Off Switch

UL Requirement now standard on all Gold Medal electric fryers. You can shut off without reaching over the oil.

## Funnel Cake Fryers

### Hot Shot Hi-Watt Shallow Fryer

6500 Watts

#### #8066 Hot Shot Hi-Watt Shallow Fryer

The Hot Shot Hi-Watt Shallow Fryer has an additional 1,000 Watts that enables you to virtually pour Funnel Cakes continuously.

**CAUTION:** If you use two or more fryers, do not cook the product on one side in the first fryer and then flip over to the other side in the second fryer. Complete both sides in the fryer you start with. If your oil temperature drops below 375°, grease absorption goes up dramatically. As you add more shortening, temperature goes down even further. 6500 Watts, 25" W x 25" D x 13" H (63.5 x 63.5 x 33 cm), includes drain valve and tray for use in fire emergency – 208 or 240 volts only, 20 lb. cooking oil capacity. Ship weight 43 lbs.

### K-6 Shallow Fryer

6500 Watts

Capacity =  
6-8" Funnel Cakes

#### #8075 K-6 Shallow Fryer

This higher capacity shallow fryer will easily do six Funnel Cakes at a time and keep up with virtually a continuous "pour and cook" from a single fryer. At \$2.00 to \$3.00 each, it's easy to see how quickly these units will pay for themselves! Drain board is furnished to cover the fryer at night or in case of an emergency, such as a fire. 6500 Watts and requires 32 amps, 208 or 240 volt minimum. 27<sup>3</sup>/<sub>8</sub>" W x 17<sup>1</sup>/<sub>4</sub>" D x 10" H (57 x 44 x 25 cm), to back of powerhead. Oil depth approx. 3" cold to 4" hot. 35 lb. cooking oil capacity. Ship weight 51 lbs.

### FW-12 Shallow Fryers

5500 Watts

Capacity =  
4-8" Funnel Cakes

#### #8050D FW-12 Fryer

The standard of the industry for large Funnel Cake and Elephant Ear Fryers. Easily work four 8" (20 cm) Funnel Cakes, two large diameter Elephant Ears or 12 French Waffles. 5500 Watts. 22<sup>1</sup>/<sub>2</sub>" W x 17<sup>1</sup>/<sub>4</sub>" D (57 x 44 cm). Cook surface 21" x 15<sup>3</sup>/<sub>4</sub>" (53 x 40 cm). 27 lb. cooking oil capacity.

For the really BIG locations, use two, three or four at one time. An effective way to triple the "pot life" of your cooking oil! Ship weight 43 lbs.

**Note:** All fryers on this page manufactured with drains only.

### Super King...The Ultimate Shallow Fryer!

Ribbon Element Fryer

9000 Watts

#### #8088 Super King "Ultimate" Funnel Cake Fryer

This fryer can cook eight Funnel Cakes at a time on a continuous pour and cook basis! High production "ribbon" type heating element has more square inches of contact. Use two #5103 mold rings on platforms to "form" the Funnel Cakes. "Swish" the formed Funnel Cake into the open shortening as soon as possible. This also creates convection and reduces grease absorption. 47 lb. cooking oil capacity.

34<sup>1</sup>/<sub>4</sub>" W x 18<sup>1</sup>/<sub>2</sub>" D x 8"H (87 x 47 x 20 cm). 9,000 watts, 230 volts, requires a 50 amp, 230 volt line. Ship weight 80 lbs.

## Funnel Fingers

This is a new twist to a classic favorite. They are easy to make, easy to serve, and easy to eat. Simply pour Gold Medal's funnel cake mix in any of Gold Medal's electric or gas fryers using the 4 count or 6 count funnel finger molds available.

**TIP:** Make the funnel finger batter on the thicker side to create perfect funnel fingers.

#### #5218 - 4 Count Funnel Finger Mold

For use with gas fryers and tubular element electric fryers.

#### #5219 - 4 Count Funnel Finger Mold

For use with ribbon element electric fryers.

#### #5220 - 6 Count Funnel Finger Mold

For use with gas fryers and tubular element electric fryers.

#### #5221 - 6 Count Funnel Finger Mold

For use with ribbon element electric fryers.

#### #5220PE - 6 Count Funnel Finger Mold

For use with gas fryers and tubular element electric fryers with non-stick coating.

#### #5221PE - 6 Count Funnel Finger Mold

For use with ribbon element electric fryers with non-stick coating.

#### #5098 Easy Flow Batter Pump

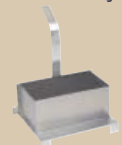

Now you can pour your funnel cakes or funnel fingers with less mess! Includes 2 buckets/ and lids and air powered foot switch. 120 Volt.

- #8064 Powerhead for FW-12** 230 volt Fryer, 5500 Watts
- #8067 Powerhead for Hot Shot or K-6** 230 volt Fryer, 6500 Watts

## Funnel Cake Mold Rings and Accessories

The Mold Ring is important to good Funnel Cake operations. The "lift-off" rings not only give you the best results, but they also make doing Funnel Cakes easy. You simply fill the mold, cook a bit, then lift off mold ring and let the Funnel Cake float free. A middle plate for the ring to rest on is included. This eliminates any batter getting down onto the elements. The lift-off rings come in three styles. Also, don't forget accessories such as the Skimmer and Wire whisk, both important for doing the job right.

- #5104 Lift-Off Style 6" (15 cm) Mold Ring**
- #5103 Lift-Off Style 8" (20 cm) Mold Ring**
- #5108 Lift-Off Style 8" (20 cm) Mold Ring** for ribbon style heat element fryers
- #5142 Triple Mini Funnel Cake Mold Ring**
- #8055 Square Skimmer**
- #5105 Wire Wisk**

## Shallow Fryers

120 Volts, 1800 Watts.. or 230 Volts, 4400 Watts.

### #8049D or #8051D FW-9 Fryer

The FW-9 inside dimensions 15" x 15" aren't quite big enough for four funnel cakes. With 1,800 Watts max available on 115 Volts, you run the danger of "over pouring." When you pour batter too quickly, you cool down the shortening - grease absorbs into your funnel cakes and the oil level goes down even faster. When you add oil, you must not pour until the oil temperature reaches 375° once again. Just because there is space to cook, doesn't mean the oil is hot enough to cook. If you want to do funnel cakes, find a way to secure the correct amount of electricity or LP Gas and use the appropriate fryer - there's too much to gain!

**#8049D FW-9 Fryer** 240 volt

**#8051D FW-9 Fryer** 120 volt (for smaller volume locations)

Approximately 3 Funnel Cake capacity. 20 lb. cooking oil capacity. A great place to start. 17 1/2" x 17 1/2" with 15 1/2" x 15 1/2" ID cook surface. Ship weight 37 lbs.

## Funnel Cake Pouring Pitchers & Tool Kit

### #5112 Non-Metallic Funnel Cake Pouring Pitcher

Two quart pitcher. Higher production. You determine the rate of flow as you "open up" the pouring spout to a diameter you prefer.

### #5102 Non-Metallic Funnel Cake Pouring Pitcher

One quart pitcher.

### #5109 Stainless Steel Funnel Cake Pouring Pitcher

This is the "original." Imported. Solid stainless steel. 1 1/2 quart capacity. A great value. Dishwasher safe.

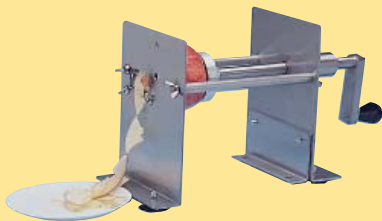

### #5106 Funnel Cake Tool Kit

The Funnel Cake Tool Kit (not shown) includes a Funnel Cake Pitcher, Fat Skimmer, Spatula, Sifter for powdered sugar, Sugaring Pan and jug for measuring water. This kit makes Funnel Cakes much easier.

## Spiral Fries, Ribbon Fries, Etc.

### Spiral Fries, Potatoes, Onions, Too!

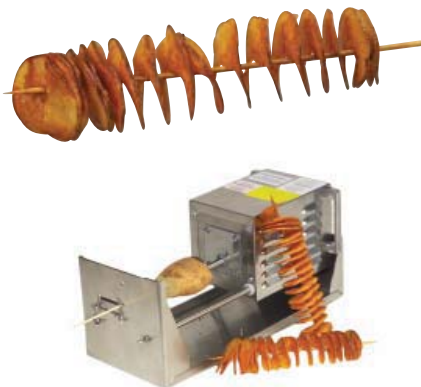

Spiral Fries are a major "Sales Triumph" on the midways! People like fresh fries rather than frozen.

Every **#5280 Gold Medal Fry Cutter** comes with three blades for three products. The Ribbon Fry is the one you probably will use the most. Blades are furnished for the Curly Fries or Spiral Fries shown above, as well as Hash Browns. Also, be sure to try the Spiral Fry blade on onions. Use the Onion Batter on page 84 before you fry them. Shake on a little spice after cooking. The savory flavors listed on page 42 will help fries become a major money maker for you!

### Saratoga Swirls

Try this new fair favorite! Saratoga Swirls are simple to make and easy to serve.

### #5280M Gold Medal Fry and Saratoga Swirls Cutter

The hottest fried fun foods on the midways are the Saratoga Swirls and ribbon fries. You can't buy these at the super market, like the spiral fry. Simply put a clean, unpeeled Idaho potato on the driver plate for ribbon fries or insert the wooden stick in the appropriate spot for Saratoga Swirls. Next turn the motor on and watch the Saratoga Swirls or ribbon fries appear. Deep fry it and season as desired.

Also, try "Fried Apples". Take the stem out – set the apple on the drive plate, turn the motor and push the drive box and the apple toward the blade and watch the Ribbon Apple come out. Then fry it, bread it or make your own special treat. Approximately 100 watts, .73 amps, 120 volt only. Ship weight 12 lbs.

## Funnel Cake Mixes...2 Choices

### Old Fashion

#### #5115 "Old Fashioned" Funnel Cake Mix

If you have been burned by cheap mixes and have suffered excess cooking oil absorption, step up to our Old Fashioned Mix - special formula helps sear quickly - reduces cooking oil absorption.

Six 5 lb. bags per case.

Step up to Old Fashioned, but be sure to try the Pennsylvania Dutch. Then you be the judge.

#### #5157 Funnel Cake Poster

Available to Funnel Cake Customers

#### #5111 8" (20 cm) Funnel Cake Platter

This molded paper platter with "Funnel Cake" printed border looks good and is strong! Add toppings for extra sales! Case of 500.

### Deluxe "Profit Maker"

#### #5100 Deluxe Pennsylvania Dutch Funnel Cake Mix 6-5 lb. bags

The Gold Medal "original recipe" Pennsylvania Dutch Funnel Cake Mix has become the favorite Funnel Cake of the professional operator.

Here are some of the benefits:

- **Convenient.** Six 5 lb. bags per case. This mix gives you the consistency from the day you leave winter quarters till the end of the season.
- **Lower grease absorption.** Every operator who has compared knows this to be a fact - the reason is in the recipe! You'll have lower grease absorption when you use better ingredients in your batter, so it "sears" the instant it comes in contact with 375° cooking oil. Little or no grease absorption means longer "pot life" on your oil - lower food costs on each Funnel Cake - more production per hour!
- **More profits per hour.** If you have to stop to add oil, that "shocks" all the shortening in your fryer and you are "out of business" until all of the shortening gets back up above 375°.
- **More funnel cakes per hour.** Measure your funnel cake success in total funnel cakes sales per hour - not on saving a penny on batter. You'll sell more with the deluxe mix.
- **The best flavor on the Midway!** These Funnel Cakes taste great! A little confectioners sugar or fruit topping compliments the great tastes of these Original Recipe Funnel Cakes.

#### #5107 Pennsylvania Dutch Funnel Cake Mix 25 lb. bulk.

## World's Greatest Toppings

### Funnel Cakes • Ice Cream • Waffles

A few pennies worth of topping gets an extra 50¢ for a Funnel Cake. The same is true with a little Whip Cream! Build up your sales and build up your profits with the "World's Greatest" brand of toppings. Packed in three 66 oz. jars per case except Hot Fudge, which is packed 6, #10 cans, per case.

- #5137 Apple
- #5138 Cherry
- #5140 Strawberry
- #5146 Hot Fudge

## French Fry Cups

#### #2301 French Fry Cup

16 oz. 500 per case

#### #2302 French Fry Cup

32 oz. 500 per case

#### #2303 French Fry Bucket (plastic)

48 oz. 300 per case

#2303

#2302

#2301

## Small Fryers

### #8048D with Drain

The original purpose for each of these three fryers was for Corn Dogs – either “Foot Long” or Regular. Many people fry other specialty fun foods such as Cheese Dogs, Shrimp Rolls, or Fried Veggies. Skewer clip assembly is “spring loaded” and can be quickly removed. Fryer basket is available for Bacon Puffs – see page 84. 30 lb. cooking oil capacity. Drains are necessary for safe operations.

All Corn Dog Fryers shown on this page come with two standard six position Skewer Clip Assemblies. Large Single Basket can be substituted. The Voltage in these units is sufficient for Corn Dogs or light frying – but not high enough for heavy duty French frying.

### #8047D Small Fryer

1800 watts, 120 volts. 10”W x 22”D x 15”H (25 x 56 x 38 cm). Includes drain valve. Ship weight 29 lbs.

The #8047D fryer should be operated with only one Skewer Clip Assembly. The recovery rate is too slow for more.

### #8048D Small Fryer

3000 watts, 230 volts, two-wire service for domestic or export. 10”W x 22”D x 15”H (25 x 56 x 38 cm). Shipping weight 29 lbs. Includes drain valve. For fast, continuous Corn Dog preparation, see the #8068 with 5750 watts. It's the fastest Corn Dog Fryer on the midway! Ship weight 29 lbs.

## Universal Gas Fryer for Corn Dogs, Etc.

### #8065NS LP Gas Fryer

A more versatile, high production gas fryer for the midway. Non electric thermostat.

Outside dimensions 16”W x 19 3/4” D x 24”H. Add 13” to top of chimney. 43 lb. cooking oil capacity.

### #8052 Single Large Fry Basket for #8063

### #8053 Twin Basket for Small Fryers #8048D and #8047D

### #8054 Dog on a Stick Kit for six dogs per side, only

### #8072 Single Large Fry Basket for Universal Fryer

## Universal Gas Fryer

For Corn Dogs, Turkey Legs, French Fries, Pork Tenderloins, etc.

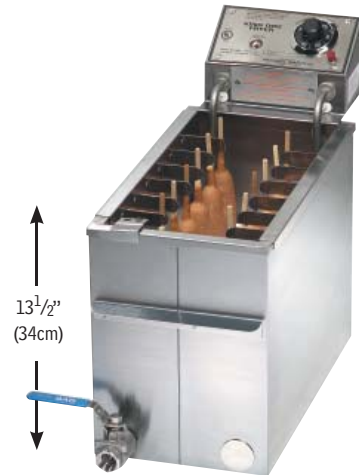

65,000 BTU

### #8065NS Gas Corn Dog Fryer

## King Dog Fryer

This is the World's Fastest Electric Corn Dog Fryer!

### #8068 King Dog Electric Corn Dog Fryer

Now there are two depths. The #8068 - 5750 watt, 50 lb. shortening capacity King Dog Fryer can handle any Corn Dog up to 8 1/2” long (22 cm). The #8068FL will take a full 12” long (30 cm) “foot long” Corn Dog. Today, the 12” (30 cm) “foot long” is the most popular Corn Dog on the midway! It sells for a premium price – and the #8068FL is the only fryer that can cook it.

The Hot Dog and Sausage Council says that any Hot Dog 7” (18 cm) or longer can be called a “foot long.”

### #8068 King Dog Electric Corn Dog Fryer

5750 Watts, 230 Volts, 10”W x 22”D x 17”H (25 x 56 x 43 cm). 35 lb. cooking oil capacity. Ship weight 37 lbs.

**#8068FL 12”(30 cm) Foot Long King Dog Corn Dog Fryer**, 5750 Watts, 230 Volts, 10”W x 22”D x 19 1/2”H (25 x 56 x 50 cm). Unit is shipped with two, six-position Skewer Clips. 50 lb. cooking oil capacity. Ship weight 40 lbs.

**#4156 “Double Dog” 10” (25 cm) Wood Skewers** 1000 per carton.

## Batter Dip Tank for Foot Longs and all other Corn Dogs

The Safer Way - The Easier Way - This Makes You An Expert!

Using the batter dip tank for regular length or foot long corn dogs is the safer way to cook corn dogs. In a #8048, do not use more than five at a time. In a #8068 King Dog Fryer, use all six. For foot longs, reduce to four. You must do some trial and error to learn how to hold your Safe Cook temp. Do not use with a 115 volt corn dog fryer.

**#8070 Batter Dip Tank is for regular corn dogs (tank only)**

**#8070FL is for hot dogs up to 10”-12” (tank only).**

**#8054 Dog on a Stick Kit for six dogs per side, only**

Shown with the #8054 not included

**#8070FL Batter Dip Tank for 12” Corn Dogs**

## Corn Dogs

Some of the busiest fun spots and major fair midways have deep fried Corn Dog stands! You can make regular length or "foot long" Corn Dogs. The best way to cook Corn Dogs is in a Gold Medal Fryer.

Our hot dog clips are designed for the 5 1/2" (14 cm) wood stick or Setterstix. If you use smaller sticks, you will need a special tighter skewer clip – we can furnish these.

## Onion Blossom and Corn Dog Supplies

### #5116 Dipsy Dog Mix

Dipsy Dog is packed in 5 lb. cartons, six per case. It is considered a "sweet" mix and will adhere to the hot dog once you dip it and as you fry it.

### #5117 Pronto Pup Mix

A little less sweet than the #5116. 50 lb. bags.

### #4155 Large Wood Sticks

5 1/2" x 3/16" (14 x .6 cm) 10,000 per case

### #4158 12" Wood Skewer for Corn Dogs

12" x 3/16" (30 x .6 cm) 5,000 per case

### #4155M Large Wood Apple Sticks

5 1/2" x 1/4" (14 x .6 cm) 1,000 per case

### #4004 Super Setterstix, Paper

6 1/2" (17 cm) 5,000 per case

### #4005 Regular Setterstix, Paper

5 1/2" (14 cm) 5,000 per case

### #4005M Regular Setterstix, Paper

5 1/2" (14 cm) Per thousand

### #4156 Double Dog or Shish-Kabob stick

10" (25 cm) 1,000 per case

### #5468 Corn Dog Bags

Printed, 1,000 per case

## Liquid Frying Oils

### #5095 Liquid Heavy Duty Frying Oil

35 lb. net weight. "Bottle in a box." Shipping weight 38 lbs.

### #5097 Liquid Heavy Duty Frying Oil - Trans Fat Free

35 lb. net weight. "Bottle in a box." Shipping weight 38 lbs.

## Oil Filters

### Filter Cone Holder

Ideally, to get much longer "pot life" a power filter should be implemented. If a power filter is not available, a manual filter cone should be used to drain the cooking oil from your Gold Medal fryer. Be very careful. Cooking oil gets up over

375° and takes a long time to cool down.

### #8057 Filter Cones, Paper, pack of 50.

### #8058 Filter Cone Holder, Chrome-plated steel

## Deep Fried Onions

(Onion Blossom)

"Colossal"... "Magic"... "Bloomer"... you name it!

This is the Giant Onion that is cut, battered and "opens up" when it hits the 375° cooking oil in a King 9 Fryer.

Here is the Onion cutter. Start with a Colossal Size onion. Batter/bread and deep fry. Normal food cost varies according to the scarcity of Colossal Size onions – Retail is \$5.00 or more. A very profitable item.

**#4190 Onion Cutter Complete** Ship weight 20 lbs.

**#4191 Onion Mix** Six 5 lb. boxes per case

## King 9

### #8073 King 9 Fryer

The King 9 is a great fryer for Onions. Cook surface is 15 1/3" x 15 3/4" (40 x 40 cm). 47 lb. cooking oil capacity. Oil depth not over 8" (20 cm) for French Fries, Onions or other foods that contain a lot of moisture. Outside dimensions, 17 1/4" x 17 1/2" (44 x 44 cm). 230 Volts only, 5500 Watts.

### #8073BF Battered King 9 Fryer

This version has a slight variation in the tubular heating element, which stays about two inches off the bottom of the fry tank so there is room for the excess batter to get down into the cold zone. This prolongs your cooking oil pot life.

### #8074 Powerhead Only

Also available. 5500 Watt power head is available for those who build up their own fry tank and wish to have electric power heads.

### #8077 Long Handle Fryer Skimmer Basket

8" (20 cm) diameter.

You can't do onions without one.

### #8052 Single French Fry Basket

Holds 1 .5 lbs. of frozen fries.

## Bacon Puffs

Pork Rinds

Bacon Puffs remain a popular item. They've been around for years as Pork Rinds, Cracklins, or Bacon Chips. When the pellets are submerged in hot (400°F) oil for a few seconds, they puff up to many times the original size!

Cook them in our Corn Dog Fryer with **#8059 Bacon Puffs Kit**. The kit gives you cooking basket with lid to keep pellets submerged while cooking. For a real treat, dust the Bacon Puffs with our Savory Popcorn Flavors. Use Super Saver Bags for carry-home sales.

**#8100 Bacon Puffs Pellets** 80 lb. box

**#8059 Bacon Puffs Cooking Kit**

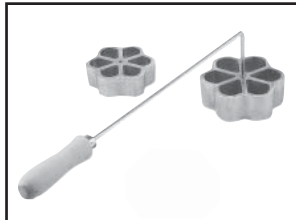

# More Fried Fun Foods

## French Waffles

- #8011 French Waffle Mix**  
Six 5 lb. bags per case
- #8043 E-Z Off Triple Waffle Mold**
- #5119 4" (10 cm) Rosecake**
- #5120 5" (13 cm) Rosecake**

French Waffles are called by many names – Sugar Waffles, Rosecakes, Rosettas, Circus Waffles and many others, too. But no matter what you call them, they are a very thin, crispy fried product that folks love. Waffles are profitable, too! You dip the iron in batter, fry, release, and sprinkle with confectioners sugar. The secret to good waffles is in the mix, and our French Waffle Mix is the best! The E-Z Off Triple Waffle Mold (shown in front of the bags of mix) is the best way to make waffles.

## Elephant Ears / Frying Saucers

- Elephant Ear being cooked in FW-9 Shallow Fryer** (see page 81)
- Elephant Ears are large 12" (30 cm) discs of fried dough, smothered with butter and cinnamon sugar that people love! They cost you about a quarter to make and sell for \$1.50! Our mix requires only flour and water to be added. Each bag of mix, plus 5 lb. bag of flour makes 30-32 ears.
- #8027 Frying Saucer Mix** 24 bags per case
- #8028 Cinnamon Topping Mix** 35 lb. pail
- #2039 Golden Flav-R** 6 gallons per case

## Churros Fil-A'

Filled Churros Confections

The "filled" Churro is created by extruding the Churro dough with a hollow center. This confection is then deep-fried. The internal hole is retained during the fry process and once it is slightly cooled, a flavorful filling is squirted into the hole to fill the cavity, similar to adding a cream filling into a Chocolate Eclair or a Cream Puff. Frequently, a Caramel, Jelly or Chocolate filling is squeezed into the opening in the hollow Churro using a soft plastic squeeze bottle.

- #9005 Hollow Churros Extruder**  
includes two Cylinders and four End Caps.  
Ship weight 42 lbs.
- #9009 Extra Cylinder Kit with Two End Caps**  
(Several #9009's recommended per installation)

**#9005 Hollow Churro Extruder with Cylinder**

## Churro Merchandisers

- #2049 Hanging Churro Display Case**  
Churros hang on display in this lighted cabinet merchandiser!  
16" W x 16" D x 30 1/2" H  
(41 x 41 x 71 cm).  
Ship weight 53 lbs.
- #5587C Churro Warmer**  
Keep those delicious churros hot and fresh in this attractive merchandiser!  
12 1/2" W x 15 1/2" D x 23" H (32 x 39 x 58 cm).  
Ship weight 38 lbs.

## State Fair Mini Donuts

### #5411 State Fair Mini Donuts

You don't need a fryer to sell tempting, sweet donuts. State Fair donuts are available in re-sealable tubs with snap-on lids to ensure freshness, and have a 12-day ambient shelf life once thawed. The donuts are Trans Fat free and can be easily heated in a conveyor toaster oven. These fresh-from-the-oven donuts are not greasy, and taste delicious plain or with cinnamon and sugar. Each case contains 8 tubs of donuts with 76 donuts per tub (approx. 608 mini donuts per case).

### #5413 Cinnamon Sugar for Mini Donuts

(4) 5 lb bags per case

### #5418 Bags for Mini Donuts

1000 per case

## Fried Donuts

#8049D FW-9 Donut Fryer  
Shown with two #89227 Donut Drain Screens. Sold separately.

### #5197 Type K Batter Dispenser/Cutter

For Cake Donuts only

### #5196 Countertop Stand

For Donut Cutter

### #5519 Chocolate Dip Coating

35 lb. pail.

### #8028 Cinnamon Topping Mix

Cinnamon sugar for donuts, elephant ears, etc. 35 lb. pail.

## Midway Music

### 3 Compartment Nacho Tray

#### #5254 Nacho Tray

This tray uniquely allows you to offer a "combo" with chips in the middle, cheese sauce in one compartment and salsa in the other for a real treat!

Packed 500 per case

## El Nacho Grande Bag Cheese Dispenser

### #5300 Cheese Dispenser

Maintains air-tight control over your cheese sauce, extracting more out of every bag and extending the cheese life. Virtually no cleaning internally, because the cheese never touches the machine parts. Faster loading, easy to line up the pump. Space for a second bag to pre-heat inside. Now with three button dispensing control, adjustable settings, and improved air flow. UL approved! This Cheese Dispenser works with almost any brand of bagged cheese. For best results, use bagged cheese #5278 or #5279, listed below. 28" H x 10" W x 16" D (65 x 25 x 40 cm). Shipping weight 30 lbs.

## Nacho Cheese Cup Warmer

### #5330 Cheese Cup Warmer

This economically priced warmer is easily accessible, has a small footprint and is UL listed. This warmer comes with a three position switch to accommodate many items (the middle position is "off.") Position I = 120 degrees and is ideal for pretzels. Position II = 145 degrees and is ideal for cheese cups. This versatile warmer is also good for #2427 Pre-Packaged Caramel Corn, Icing Cups and more. Pretzel and Nacho Decals come with machine. Capacity 32 cups. 11 1/2"W x 16 1/2"D x 12 1/2"H (30 x 43 x 33 cm). Shipping weight 9 lbs.

## Portion Pak Cheese

No MSG!

Now  
Transfat  
Free!

### #5277 El Nacho Grande Deluxe Portion Pak Cheese

You asked for it-schools demand it. Portion Pak Cheese Sauce with no MSG!

Portion Pak Cheese Sauce made with Real Cheese. You always expect better quality from Gold Medal. This is not a microwave container. The packaging is designed to be pre-warmed in any of the units shown in this section. 3.5 oz. Portion Pak Cups, 48 per case.

### #5262 Rico's Cheese Sauce

The original! Less filling. This is still a popular product. Note #5262 contains MSG. 48, 3.5 oz cups per case. Not microwaveable.

## Cheese Cup Dispenser

### #5482 Cheese Cup Dispenser

Keep your portion pak nacho cheese warm in this open front dispenser. Capacity 36 cups. 10"W x 12"D x 17 1/2"H (25 x 30 x 44 cm). Shipping weight 20 lbs.

## Integrated Chip Rack

New!

### #5339 Integrated Chip Rack

This chip rack is a great space saver and holds up to 28 bags of chips. Also can hold Meister Bake Pretzels, #2427 Pre-Packaged Caramel Corn and more!

13 1/2" W x 18" D x 23 1/2" H.  
(34 x 45 x 59 cm). Ship weight 28 lbs.

# Hot Diggity Hot Dog Grills...The Really Big Ones!

## #8225 14 Roller Hot Diggity® Hot Dog Grill

This is "the ultimate" -- 14 rollers, 13 rows, 4 wide, 20-minute cook cycle minimum -- hold'em if you wish. The 14 roller Hot Diggity is shown on the #8219 extra deep bun cabinet with adjustable temperature control.

Because of the extra size, the 14 roller machines are made of a heavier gauge stainless steel so that the drive system runs true.

### #8219 Heated Bun Cabinet

### #8235 Sneeze Guard (not pictured)

## #8025SL Slanted Hot Diggity® Hot Dog Grill

### #8019 Bun Warmer

### #8030 Sneeze Guard

The Hot Diggity® features 29½" heated roller tube length -- ideal for high capacity sales locations such as theatres, arenas, auditoriums, etc. Gold Medal roller type hot dog grills are industry favorites for one simple reason, they get the hot dogs to proper and safe serving temperature and hold them at a safe serving temperature. Most other machines cannot make that statement! Separate temperature controls for the front five or the rear five rollers. Separate motor switches makes "cook and hold" as well as cleaning easier.

### #8030SS Self-Serve Sneeze Guard (not pictured)

### #8030SSD Self-Serve Sneeze Guard with Door (not pictured)

#8035 Non-Electric Bun Cabinet (not pictured) Used for extremely "fast serve" locations where a heated bun warmer is not necessary.

For specifications, see chart on page 99.  
For information on bun cabinets and sneeze guards see page 98.

## #8123 Three Tier Hot Dog Grill

### #8117SPL Bun Warmer (See below)

### #8123PE Non-Stick Roller Version (See below)

### #8133 Sneeze Guard Self-serve sneeze guard (Shown above)

The serious Hot Dog location now offers at least three or four different types of Hot Dogs. Eliminate the confusion and the messy roller tubes by separating! 20" heated tube length. Separate heat controls for each set of five rollers. Separate motor switches make cleaning easier.

The #8123 is not only a space saver, but increases your total sales capacity and, gives you more "customer choice." And, that's what it's all about! Ideal for convenience stores with self-serve sneeze guard.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## More Hot Selections and Options

### #8025 Hot Diggity® Hot Dog Grill

### #8019 High Capacity Bun Warmer

### #8030 Regular Sneeze Guard

Dual cook/hold capability. Bring your warmed hot dogs forward and replenish with the rollers in the rear on high, for example. Very versatile machine. 29½" (150 cm) of cook surface. For export order #8025EX.

### #8019 Hot Diggity® Bun Warmer

35"W x 17"D x 9½" H (89W x 43D x 24H cm). 600 watts, 5 amps, 120 volts. Available as #8019EX. Ship weight 71 lbs. 72 bun capacity.

### #8035 Non-Electric Bun Warmer

Use in lieu of #8019 for really fast operations that don't require the holding temperature of #8019. (The height on all of the slanted grills is 10½" [27 cm]. The height on all of the non-slants is 10½" [27 cm]). Ship weight 20 lbs.

### #8025PE Hot Diggity® Hot Dog Grill Non-Stick Roller Version

### Double Diggity 14 Roller Grill

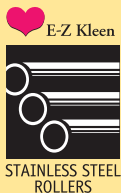

### #8224 Double Diggity 14 Roller Hot Dog Grill

All 14 rollers are available slanted only for operator convenience. Roller length allows for two of the large quarter pound gourmet hot dogs (or three smaller hot dogs) in each of the thirteen positions. When you only have 21" of counter space and want to sell up to 50 sales per hour chose this "money machine!" 30 minute cook cycle from frozen, 20 from room temperature.

#8224 Self-Serve Sneeze Guard (not pictured)

### Why a Gold Medal Roller Hot Dog Machine?

To eliminate warranty expense, you get the most positive roller drive system in the industry. Gold Medal Distributors Nationwide agree that the positive traction drive in all roller hot dog machines on these pages are the most trouble free in the entire food service industry! Finally... you can get a hot dog grill that never fails! That's what the multi-unit operators now say! No other brand of roller hot dog machine can give you this much quality.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

### Crêpes

**New!**

### #5089 Crêpes

Now you can make crêpes easily and with no waste and no mess. Using the #8200 Table Top Griddle your crêpes could be ready to eat in 5-7 seconds. Packed 5 crêpes per pack - 10 packs per case (50 individual crêpes per case) and includes 50 serving cones.

### Table Top Griddle

### #8200 Table Top Griddle

Cook hamburgers, sausages, vegetables, eggs, almost anything you can think of. Ultra easy to clean, non-stick coated casting. Infinite control offers exact cooking temperature. Large capacity.

27 ¼"W x 17"D x 8 ⅜" H

1720 Watts, 120 Volts, 14.33 amp, 15-amp plug. Ship weight 30 lbs.

### A Roller Grill and a Flat Cooking Surface in one!

### #8032 Flat Cook Surface Accessory for Roller Grills

This cook surface keeps sausages and hot dogs warm, so you can continue to cook when they no longer fit on the rollers. Shown with a #8025 Hot Diggity® Hot Dog Grill which is sold separately!

### Flat Fence Grill

### #8162 Small Flat Fence Grill

This compact design has a flat cooking surface that quickly heats up to help you sell more hot dogs faster. It also comes with a single heat control and a reduced depth to accommodate standard counter depths. The moveable fence bars also make it easier to tailor the grill for your cooking needs. It has a non-stick, easy-to-clean surface and measures 22" D x 22¾" W (56 x 58 cm).

**New!**

### Sneeze Guard for Griddles

### #8201 Sneeze Guard for Griddles

Designed for the #8200, this light sneeze guard features the durable polycarbonate construction, suction cup feet for firm placement, and easy clean corner design.

For specifications, see chart on page 99.

# One Diggity – Hot Diggity – Lil' Diggity

## One Diggity Dogger

### #8022 Single Roll "One Diggity Dogger" Roller Hot Dog Machine

When you only have 13" wide of counter space and want to sell deluxe quarter pounder hot dogs at \$2.50 to \$3.50, you can sell 18 per hour with the #8022.

The most frequent use to "merchandise" hot dogs "out front" with a full display of glistening quarter pound hot dogs and make up your sales from the #8225 on the back counter. Want to double your hot dog sales in the theatre snack bar, try it.

**Gold Medal Hot Dog Roller Grills** feature the now famous Gold Medal posi-drive, E-Z Kleen Roller System.

## Lil' Diggity Complete

### #8024 Lil' Diggity Hot Dog Roller Grill With #8018 Bun Cabinet and #8026 Sneeze Guard

Lil' Diggity can handle two of the large quarter pound hot dogs on each of the nine positions. Three types of sneeze guards available. Slanted version of the Lil' Diggity (8024SL) shown below.

#### #8018 Bun Warmer Cabinet

21"W x 17"D x 9 1/2" H Capacity 36 average buns, 300 Watts, 120 Volts. Ship weight 48 lbs.

#### #8091 Grill attachment for #8024

## Hot Diggity 14 Roller Grill

### #8223 Hot Diggity 14 Roller Hot Dog Grill

When you can't go wider on counter space, go deeper. Accommodates 13 rows of the jumbo quarter pound gourmet hot dogs. #8117 Bun Warmer frequently mounted under the counter. If you wish to mount them together, order #8117SPL.

#### #8223PE Non-Stick Roller Version

#### #8233 Self-Serve Sneeze Guard (not pictured)

## Hot Diggity® Hot Dog Grill

### #8023SL Hot Diggity Hot Dog Grill #8117 Heated Bun Cabinet with a #8036SS Self Serve Sneeze Guard

The 26" wide Hot Diggity is available as a "combo." A flat cook surface is shown below. The slanted cook surface is shown above.

**#8117 Bun Warmer** is 26"W x 17"D x 9 1/2"H Approx: 54 Buns. 300 watts 120 volt. Sneeze guard extends a 1/4" per side. Ship weight 57 lbs.

For specifications, see chart on page 99.

### #8023 10 Roller Hot Diggity

Flat cook surface.

#### #8023SLPE Non-Stick Roller Version

#### #8092 Grill attachment for #8023

## Lil' Diggity

### #8024SL Slanted Roller Lil' Diggity Hot Dog Machine

This compact profit maker as with all our machines, takes hot dogs from frozen to "sales ready" in 30 minutes or from room temperature to "ready" in 20 minutes.

#### #8024SLPE Non-Stick Roller Version

# "All In One" Hot Dog Grills

## Unheated Bun Cabinets

### #8324 Lil' Diggity Hot Dog Grill and Bun Cabinet Combo

#### #8324SL Slanted Version (not pictured)

Both the #8324 and the #8324SL are "all in one" design. The bun cabinet does not have a heating element because there is ample latent heat to keep the buns adequately warmed.

This Lil' Diggity is also available as an #8324SL Combo. Choose the style that is more appropriate for the location in your snack bar. Then choose the appropriate sneeze guard. #8026 is used on a front counter installation. 15" tube length.

#8324SL Lil' Diggity Combo as above, except with 10 slanted tubes.

### #8323 Hot Dog Grill and Bun Cabinet Combo

#### #8323SL Slanted Version (not pictured)

20"L heated rollers. 27 bun capacity. The #8323SL is also available if you prefer the slanted roller arrangement. Both models are the same dimensions.

Both units would use the #8036 Sneeze Guard for a front counter installation - #8036SS for Self Serve.

### #8423 14 Roller Hot Diggity Hot Dog Grill and Bun Cabinet Combo

Each of the 14 rollers has 20" of heated tube length. 39 Bun Capacity. Seven rollers per heat control. A very versatile hot dog grill.

## One Diggity Combo

### #8322 "One Diggity" Single Roll Combo Cooker/Bun Cabinet

#8322 "One Diggity" Single Roll "Combo" Hot Dog Cooker goes beyond the "merchandise" tool of the #8022 shown at the top left of page 93. This is a real live mini hot dog department. If you work with hot dogs that are thawed completely, they'll cook in about 20 to 23 minutes on high. Not quite three cycles per hour -- but at a \$2.50 premium hot dog, that's about 24 per hour -- over \$50.00 in sales per hour. Is there a better way to use just 13" of counter width?

#8132 Sneeze Guard sold separately.

## Three Roller Grills with Premium Engineered High Temperature Non-Stick Coating

Three of Gold Medal's most popular Roller Grills are now available with a non-stick roller coating, for optimal cooking results and easy clean up.

### #8423PE 14 Roller Hot Diggity Hot Dog Grill and Bun Cabinet Combo Non-Stick Roller Version (shown on this page, upper right.)

### #8223PE Hot Diggity 14 Roller Hot Dog Grill Non-Stick Roller Version (see page 93)

### #8123PE Hot Diggity 14 Roller Hot Dog Grill Non-Stick Roller Version (see page 91)

For specifications, see chart on page 99.

# Reciprocating Hot Dog Grills

## Grilla... The World's Most User Friendly Hot Dog Grill

Patent  
Pending

### #8160 Grilla Reciprocating Hot Dog Grill

All other "reciprocating" (fence) grills are the same. The Grilla gives you what the other's don't:

- Actual "grill" marks on every hot dog -- just like you get on your backyard barbecue. People love them.
- "Excalibur" non stick easy clean cook surface.
- "Juice" separation. Juices come down vertically to the juice tray.
- Wider spacings to allow for today's Jumbo 1/4 lb. hot dogs! It will take any hot dog.
- Prevents burning. All hot dogs roll at least 1 1/4 turns with each "recip." Even if they come out of the freezer square, they will eventually roll and take on the grill marks.
- Dual heat controls.

### #8161 Large Grilla Reciprocating Hot Dog Grill

The same benefits in a wider, higher capacity machine.

### #8160F Flat Cooking Plate Model

All of the benefits of the standard Grilla in a flat version that heats up faster. Since items roll more easily, this model is also great for heating taquitos and other round frozen snack items.

## Grilla Sneeze Guard Options

### #8160 with #8165 Grilla Sneeze Guard with Doors

Great for self-serve locations. This sneeze guard features easy open and close doors.

### #8160 Grilla Reciprocating Hot Dog Grill #8170 Heated Bun Cabinet #8168 Sneeze Guard

## A Great New Way to Merchandise!

### #8180 Bun Cabinet Merchandiser

This attractive merchandiser features a built-in bun cabinet and lighted sign. Shown here with the #8160 Grilla, it can also be used with the following roller grills: #8023, #8223, #8224, #8123

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

# Hot Dog Steamers

## Super Steamin' Demon

### #8012 Super Steamin' Demon

You asked for it, a Hot Dog Steamer with still more capacity than the #8007. The #8012 Super Steamin' Demon uses the same footprint -- 19"W x 15 1/2"D (48 x 39 cm) -- but has 50% more capacity.

Perfect for 1/4 lb. hot dogs. This unit will get your hot dogs up to proper and safe serving temperature!

## The Steamin' Demon

### #8007 Steamin' Demon

The Steamin' Demon is truly the world's best Hot Dog Steamer. It's the most durable steamer you can buy. Stainless Steel cabinet -- stainless steel lids - no painted parts -- hot dog juice tray is standard. This makes your machine easier to clean and helps prolong the heating element life.

### #8007DE Steamin' Demon with Dry Element

The world's best hot dog steamer is now even better, the heating element is now out of the water, providing a longer element life. The machine is easy to clean and you can wash the water basin in a sink or in a dishwasher.

#8081 Sterno-heated unit looks similar -- truly goes anywhere to merchandise Hot Dogs!

### #8080 Hot Dog Steamer Cart

This Hot Dog Steamer is a real merchandiser! It's constructed of durable stainless steel. Electric heating element heats the water compartment. Two compartments for hot dogs -- one is on "warm-up" and the other is ready to serve. One large compartment for buns. Table top unit -- the wheels are a decoration. The umbrella is included. This is the improved "second generation" tabletop hot dog steamer cart similar to those you have seen in Chicago or New York. Now, more dependable. Improved internals. Quantity orders with special decals invited.

## Glass Front Hot Dog Steamers

### #8150 Glass Front Hot Dog Steamer and Bun Warmer

What's so great about the model #8150? Like every other Gold Medal hot dog machine, it's user friendly... It's easy to clean... It does a perfect job of getting the hot dogs up to the proper serving temperature in a minimum amount of time. The model #8150 is a compact unit. Infinite heat control is standard on all our hot dog machines. Pilot light.

Heavy duty construction. Separate water pan and cooking chamber makes it easy to clean and keep clean. A Gold Medal exclusive!

### #8150S Hot Dog Stand (optional)

Fits in the #8150 Steamer. Allows hot dogs to cook quicker. Great merchandiser.

### #8151S Hot Dog Stand fits in the #8151 Steamer (optional)

### #8151 Large Hot Dog Steamer

#8151 has all the features of the smaller unit, including the separate water pan for easy cleaning. Attractive design helps merchandise hot dogs. Also features infinite heat control. You'll be glad to know that if the water pan runs dry, you won't damage the heating element. You have adjustable steam baffles to regulate the heat more effectively. Top section lifts off. So E-A-S-Y to clean and keep clean.

For equipment specifications, see chart on page 99.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Rotisseries

### Regular Dogeroo

#### #8102 Dogeroo Hot Dog Cooker

The Dogeroo is easy to clean. Each segment lifts off the Bun Warmer, powerhead and rotisserie assembly. Lift out the tempered glass windows. The Bun Warmer sets over a water pan and thus provides moist heat to help keep hot dogs in a bun and foil bag warm.

#### #8102 Regular Dogeroo

Capacity 56 dogs, 40 buns

#### #8102FC Fixed Cradle Dogeroo

Capacity 56 dogs.

#### #8104 Spiked Tooth Rotisserie Dogeroo

### Super Dogeroo

#### #8103 Super Dogeroo

For a 50% increase in capacity, choose the #8103 – the highest capacity Hot Dog Cooker in the industry!

Why a rotisserie? The rotisserie gives you excellent sales-making action! Attracts attention -- and actually gives more capacity in a smaller space than the roller hot dog machine. Larger wattage heating elements give fast warm up when needed. The Super Dogeroo has become increasingly popular as more and more people discover just how well hot dogs sell when you really start merchandising them!

### Mini Dogeroo

#### #8108 Mini Dogeroo Hot Dog Rotisserie

You asked for it -- a Hot Dog Merchandiser with a very small footprint. Cabinet is only 9 1/2" W (24W cm) -- add 4 1/4" (11 cm) for the motor and drive assembly. The rotating hot dogs lend sales appeal and you'll never burn up a hot dog in Mini Dogeroo. Direct drive -- no chain or sprockets. Easily disassembled for cleaning.

50 Hz version available.

**Call for information on Sneeze Guards for Dogeroo models.**

### Easy Access Rotisserie

#### #8102Q Easy Access Rotisserie

The easy way to increase profits with hot dogs, tacquitos, or burrito sales! This merchandiser keeps product fresh, while on display. Lower wattage keeps product hot without over cooking. Features glass door, mirrored back panel. Rotisserie action stops when door is open for easy product access.

### Condiment Stand

#### #5030 Condiment Stand

This high capacity-condiment stand features two deep well containers. Each well has a capacity of over one gallon. In the center, under the covered lid, are three insert pans for onions, pickles, etc. Extremely heavy-duty construction. You've seen the flimsy ones that don't last -- here's one that will! Three insert pans included. 33 3/4" W x 7 1/8" D x 10 3/16" H (86W x 18D x 26H cm). Ship weight 26 lbs.

Condiment Pump Kit includes the 1 oz. Pump and two different length tubes.

#### #5047 Catsup Squeeze Bottles

Red plastic

#### #5048 Mustard Squeeze Bottles

Yellow plastic

#### #5049 Condiment Kit

with pump

**#8000 Food Thermometer.** You had better have one of these when you serve hot dogs -- the Board of Health person always does.

**For equipment specifications, see chart on page 99.**

\*This model has a 20 amp plug. (NEMA 5-20P)

Notes: for Canadian UL, models rated 1440 watts or more will have a 20 amp plug. (NEMA 5-20P). 8160F - Same as 8160 except with flat cooking surface

8225F - Slanted 14 roller grill with controls on back side. All 14 roller grills are slanted. All roller grills are available with "PE" coating by adding "PE" suffix to product code. IE- 8024SLPE

# Fudge Puppies

## The Fudge Puppy Story

What a fantastic discovery! Talk about pure profits! You can now retail a Fudge Puppy topped with whipped cream for \$3.50... with a food cost under 35¢! Fudge Puppies are great at major fairs, festivals and other special events. It's easy to prepare them ahead of time and keep them in the refrigerator or freezer, ready to top with whipped cream. Just make Belgian Waffles on a Stick in our #5044 Baker shown at right. Use the #5017 One Step Belgian Waffle Mix. As they cool, dip in our #5519 Chocolate Dip Coating and allow the coating to solidify. Then, they can be frozen or refrigerated. With five or six bakers, it's easy to produce 250 to 300 Fudge Puppies per hour. In a 10 hour State Fair-type event, that's a lot of money! How many can you sell where you operate your snack bars?

**Chocolate Coated Belgian Waffles on a Stick topped with whipped cream equals pure profits!!**

### Fudge Puppy Dip Warmers

Turn to page 107 for the #2200 Dipper Style Chocolate Dip Coating Warmer.

### 2200DS Fudge Puppy Kit

Includes: Thermometer, Insert Bowl, special Locking Ring for the thermometer and Spin Off Cylinder.

### #5442 Fudge Puppy Trays

3,000 per case

## Fudge Puppy Accessories

We have everything you need to make Fudge Puppies.

### #5535 Motorized Fudge Puppy Display Case

Motorized. Lighted - pictured above. 18" x 18" (46 x 46 cm).

#5530 Same as above except non- electric, no motor, no light and no doors.

### #2200 Fudge Warmer

This is illustrated on page 107.

The #2200DS Fudge Puppy Kit completes the hardware you need.

### The "Fudge Puppy Dip Kit"

The #2200DS Fudge Puppy Kit is a necessity for anyone who is serious about this high profit confection. To soften the #5519 Chocolate Dip Coating, use either a #2200 Fudge Warmer or a #4211 Twin Warmer. Choose the appropriate number of #2194, 133 oz. Stainless Steel insert bowls. (Priced separately.) #2200DS includes a locking ring with pierced hold for the #4300 Thermometer. The set collar to maintain proper thermometer height is included. Also, the special "spin off cylinder" is included. This helps you "recover" excess chocolate.

### #5519 Chocolate Dip Coating

Not an ice cream dip product. Made with Cocoa Butter, but specially compounded to work with a slightly warmed waffle. Adheres in a relatively thin coating.

Some people prefer to roll the Fudge Puppy in granulated peanuts as they hang it up to cool. The Dip Coating for Fudge Puppies forms a seal and actually "encases" the Waffle on a Stick. No refrigeration needed.

### #4128 Granulated Peanuts

30 lbs. net wt. per carton

## Fudge Puppy Waffle Baker

### #5044 Fudge Puppy Waffle on a Stick Baker

This versatile Baker is described in more detail on page 102. Simply fill each of the five cavities level with our Belvarian Belgian Waffle Mix batter. Next, put one of the white paper Setterstix into the batter and turn or twist it. Then let the stick rest in the groove. Close the lid tightly and rotate 180° so that the batter will fill the two cavities. The expansion during the cooking process will grasp the stick rather tightly. When the 3 minute cook cycle is over, remove the Waffles-on-a-Stick – trim off the "parting line overflow" and repeat. Production is about five Waffles every three minutes. 1660 Watts, 120 Volts.

#5044EX 1660 Watts, 230 Volts.

Shipping weight 42 lbs.

### #4005M Setterstix for Fudge Puppies

5" (13 cm), 1,000 per Jr. Carton

### #4005 Setterstix

5½" (14 cm), 5,000 per case

## Seas'n Kleen Grid Spray

Seas'n Kleen is a specially formulated spray to keep grids clean and prevent sticking. Works much better than household type products. Regular use should prevent carbon build-up. No CFC's.

### #5524 Seas'n Kleen

Master case of six 14 oz. spray cans.

### #5524CN Seas'n Kleen

Single can.

See page 72 for #5041 Whipped Cream Machine

# Belgian Waffles & Puff Poppers

For Coffee Shops... Midway Confection Trailers... Specialty Locations and more!

7 1/4" Diameter  
Belgian Waffle

## #5021 7 1/4" (18 cm) Round Belgian Waffle Baker

Fixed grid. Load, close the lid, and turn it over for a perfect waffle every time! 1300 watts, 120 volts.

Ship weight 32 lbs. Add "EX" for export model, 230 volt, 50 Hz.

## #5021E Electronic Round Belgian Waffle Baker

Features new easy to use electronic control. Digital temperature control and timer.

#5021ET Same features as the #5021E, but also features **non-stick coating on grids.**

## #5038 Waffle Boat Baker

For a Fruit Boat, Sunday Brunch Boat or a frozen dessert on a Waffle, the #5038 produces a unique type of waffle. Examine the lower grid and note the Waffle shape -- the upper grid is hollowed out for whatever "food fill" you desire. Create your own "meal on a waffle" or "Super Sundae." 1660 watts. Ship weight 39 lbs.

#5038EX For 230 Volt, 50 Hz.

4" x 4"  
4 Square  
Belgian Waffle

## #5024 Four Square Belgian Waffle Baker

For success on the midways, at special events or in tourist attraction areas, create a high ticket dessert on a 4" x 4" (10 x 10 cm) Belgian Waffle. Fast 3 minute cook cycle makes about 70 to 80 waffles per hour. Retail at \$2.50 to \$3.50 each and you can see potential for three busy Four Square Bakers! The dessert shown with ice cream, strawberry syrup and whipped cream, has a food cost of about 30¢ -- a selling price of \$2.50. 1660 watts, 120 volts. Ship weight 39 lbs.

#5024EX For 230 Volt, 50 Hz.

#5024ET Features **non-stick coating on grids.**

## #5042 Round Removable Grid Belgian Waffle Baker 7 1/4" (18 cm)

When your Belgian Waffle Baker is turned "ON" for 5 hours every morning and is not used continuously, the grids will get dirty. When the baker is in constant use, the grids stay clean. Thus, the removable grid. The grids are easy to remove as you turn the two knobs on the upper portion or the two on the lower portion -- clean your grids away from the Baker. It's easier and safer.

1500 Watts. Ship weight 32 lbs.

#5042EX For 230 volt, 50 Hz.

## Puff Poppers - The New Craze!

**New!**

## #5054 Puff Poppers Mix

This sweet tasting mix is specially made for Puff Poppers. You can make sweet or savory poppers with chocolate drizzle, cinnamon & sugar, jalapenos, Savory Shakes and much more.

## #5634 Sweet Icing Cups

These 1.5 oz cups are sweet and ready for any pretzels, Funnel Fingers™, Puff Poppers, or anything else you can think of to dip in. Packed 96 - 1.5 oz cups in a case.

**New!**

## #5055ET Puff Popper Baker

Now you can make the newest snack with the new Puff Popper Baker. With this baker you can make perfect walking food. Make 42 bite-size savory or sweet puffs in minimal time. Great for dipping too!

## #5065 Puff Popper Die Cutter

## Waffle Mix

## #5018 "Old Fashioned" Belgian Waffle Mix

A delicious and economical option. Water is all you need. 6, 5 lb. bags per case.

## #5017 "One Step" Bel-varian Belgian Waffle Mix

Our most popular mix! Creates the "come back for seconds" attitude on the midway. Just add water! 6, 5 lb. bags per case.

## #5042E Electronic Control Removable Grid Belgian Waffle Baker

Features convenient removable grid for easy cleaning. Electronic control is reliable, easy to adjust and assures even cooking temperature. 1500 watts. Ship weight 32 lbs.

Gold Medal Products is proud to be associated with the agencies noted on the right. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

# Waffle Cones...Ice Cream Sandwiches

## Giant Waffle Cone Display Case

### #8211 Giant Waffle Cone Display Case

Made from stainless steel, aluminum, Plexiglas windows and Lexan top. Removable door. Cones are put in our #8215 Giant Cone Counter Trays. (Order separately and put in cabinet for display.)

12½"W x 16½"D x 23"H (32W x 42D x 58H cm). Ship weight 20 lbs.

### #8215 Counter Tray for Giant Cones

12 holes, sold in lots of two only.

## Batter Dispenser

### #8220 Type K Batter Dispenser

### #5196 Wire Formed Holder for Batter Dispenser

### #76365 - 16" (41 cm) Stainless Steel Tongs

This "industry standard" is used to dispense any kind of batter. It's handy for Giant Waffle Cones, Waffles, "Four Round", Ice Cream Sandwiches, etc.

It's adjustable from ½ oz. to 3 oz. Simply turn the white "adjusting ring" at top to set. For example, a Belgian Waffle requires about 3 2-½ oz. squirts.

It's usually handy to have two of these batter dispensers -- in a busy location, someone is mixing batter and filling the spare while the primary operator is working two to six bakers.

## World's Greatest Toppings

Build up your sales and build up your profits with the "World's Greatest" brand of toppings. Packed 3, 66 oz. tubs per case except Hot Fudge topping, which is packed 6 #10 tins per case.

### #5137 Apple

### #5138 Cherry

### #5140 Strawberry

### #5146 Hot Fudge

## Flavor Wafers

Flavor Wafers are perfect for drizzling on Caramel Corn or Popcorn. You control the portions so you will have little waste. Available in 3.5 lb re-sealable, tamper proof containers and 25 lb bulk boxes. Flavor Wafers come in 8 great flavors!

3.5 lb Containers

## Waffle Dog Baker

Machine of a Dozen Uses

- Baked Corn Dogs
- Fudge Puppies
- Cheese-On-A-Stick
- Pizza Sticks
- Sausage on a Stick
- Concoct Your Own Creation

Corn Dogs are a tremendously popular item, but many locations are unable to sell them if they have to have a vent hood for frying. Our Waffle Dogger is the answer -- it will bake the Corn Dogs -- not fry them! The Baked Corn Dog or Waffle Dog is a good product with much less fat and none of the problems of frying.

The Waffle Dogger is a roll-over baker, so you can get even cooking of both batter and dog. You can make up to 5 at a time and, if you need more production, use multiple machines!

For sticks, we prefer the 6½" (17 cm) Super Setterstix, although you can use regular Setterstix, or even Wood Sticks. For mix, use Dipsy Dog. It works just fine.

The Waffle Dogger can also make our famous Fudge Puppies, Sausage-On-A-Stick (use Belgian Waffle mix for this), or use your imagination -- there are many other items you could create.

#5044 Waffle Dog Baker, 120 volts, 1660 watts. Ship weight 35 lbs.

#5116 Dipsy Dog Mix, 6, 5 lb. bags per case.

#4004 Super Setterstix 6½" (17 cm), 5,000 per case.

Available in export voltages.

## Four Round and Ice Cream Sandwich Waffle Bakers

The Famous C.N.E. Ice Cream Sandwich

### #5025 Four Round Belgian Waffle Baker

The Four Round size waffle is a perfect brunch Breakfast Waffle. Or, a "foundation" for Eggs Benedict. Try it topped with soft serve, syrup and whipped cream, a great midway dessert! Makes four 3⅓" (8 cm) diameter Belgian Waffles. Use our standard mix.

1660 Watts. 120 Volts. 230V~, 50 Hz version available. Ship wt. 39 lbs.

### #5051 Ice Cream Waffle Baker

Bake two of the "regular thickness" Waffles -- cut slabs from quart size bricks -- top with chocolate syrup or whipped cream.

Use your imagination -- create a \$2.50 midway dessert with a food cost under 40¢!

1440 watts, 120 volts, 230 volt, 50 Hz. version available. Ship wt. 39 lbs.

# Giant Waffle Cones Boost Ice Cream Sales!

1-800-543-0862 to request the agency approvals for any specific model.

# Soft Pretzel Profits Start Here

## Pretzel Merchandisers

### #5550PR Pretzel Warmer and Display Merchandiser with "Simplex" Humidity System

Rotating rack holds 60-70 jumbo pretzels-the right size to maximize sales and profits.

Lift out glass for easy cleaning. 4" NSF legs. Interior cabinet illumination. 22 $\frac{1}{4}$ "W x 22 $\frac{1}{4}$ "D x 33 $\frac{1}{4}$ "H (56 x 56 x 83 cm). 1260 volts, 12 amps, 1440 watts. Ship weight 89 lbs.

### #5550PRD Double Door Unit

Ideal for self-serve lines with operator loading from other side.

### #5551PR Pretzel Warmer and Display Merchandiser with "Simplex" Humidity System

This Pretzel Merchandiser has a cap tube thermometer to keep you informed of the inside cabinet temperature. 48 to 50 Jumbo Pretzel capacity.

28"D x 22"W x 35"H (56 x 56 x 88 cm), 940 watts. Easy access water fill. Uses tap water. For double door unit order #5551PRD. Ship weight 78 lbs.

### #5551PRD Double Door Unit

#5551PRL Lighted Sign Unit 965 watts.

## Pretzel Salt

**#5604 Pretzel Salt**, 2 lb. Jar -- While almost all frozen pretzels have a package of salt, which is ample, from time to time pretzel operators want a little additional salt. We carry a 2 lb. jar -- it's handy to have one if you are in the Pretzel retail business.

## Sterno Pretzel Merchandiser

### #6501 Sterno Heat 18" x 18" Pretzel Merchandiser

For vendors along the parade route, or at major special events, boat races, auto races or on the routes leading to major football games, etc. -- this is where the Sterno Heat Humidified Pretzel Merchandiser helps you discover a gold mine! 60 to 75 Jumbo Pretzel capacity lets you take in a few hundred dollars prior to any large crowd function.

#6501 uses up to five Sterno Cans -- lasts several hours. 18"W x 18"D x 38 $\frac{1}{4}$ "H

## Combo Pretzel Warmer and Display Merchandiser

### #5552PR Combination Pretzel Warmer and Humidified Merchandiser Cabinet

This is a real profit maker for your snack bar. Now you can cook and hold pretzels in the same unit. Proper humidified warming compartment. Holds 48-50 jumbo soft pretzels. 28"D x 24"W x 43"H (56 x 61 x 109 cm). 1540 watts. Ship weight 110 lbs.

## Pretzel Display Case

### #2050 Pretzel Display Case

Stainless Steel base, Lexan windows. 275 Watts, 16"W x 16"D x 30 $\frac{1}{2}$ "H, (41 x 41 x 77 cm). Shipping wt. 34 lbs.

Note: This unit is not a Food Warmer, but it does have a motorized Pretzel Rack to create animation to build sales. Pretzels will dry out quickly in a non-humidified cabinet.

# Meister Bake Pretzels

## Meister Bake Pretzels

Now, anyone can profit from pretzels. The revolutionary No Freezer Required (NFR) pretzel is available in three great flavors: Salted, Unsalted, and Cinnamon & Sugar. They can be enjoyed straight from the pack or served warm. Prep time is eliminated thanks to the fact the pretzels are never frozen. They remain soft and moist, and the consistency is the same throughout the pretzel. The pretzels are also Kosher Dairy certified. 48 pretzels per case.

# 5627 Meister Bake Pretzel Salted

# 5629 Meister Bake Pretzel Unsalted 12 oz. pretzel salt included

# 5631 Meister Bake Pretzel Cinnamon & Sugar

## # 5330 Meister Bake Pretzel Warmer

This economically priced warmer is easily accessible, has a small footprint and is UL listed. This warmer comes with a three position switch to accommodate many items. Position I = 120 degrees and is ideal for pretzels. Position II = 145 degrees and is ideal for cheese cups. The middle position is "off." This versatile warmer is also good for #2427 Pre-Packaged Caramel Corn, Icing Cups and more. Pretzel and Nacho Decals come with machine.

## Meister Bake Merchandising

#5633 Meister Bake Pretzel Counter Display

# 5632 Meister Bake Pretzel Poster

## #5505 Curved Glass Display Case

Curved glass case is a great counter top merchandiser. Screw on back panel for permanent display purposes.

15 1/4" W x 20" D x 20" H, (39 x 51 x 51 cm).

## #5506 Curved Glass Display Case

Heated model with door.

## The Meister Bake Difference

The difference is high quality ingredients, moist, consistent, lowers operating costs, simple preparation, great tasting.

### GREAT TASTE

We use the highest quality ingredients to provide you with an authentic soft pretzel flavor.

### CONSISTENCY

Because it is not coming from a frozen state -- you will never serve it with a cold middle and it is always moist.

### REDUCED LABOR COSTS

- We have done the work for you with our pre-salted and cinnamon & sugar pretzels.
- Each pretzel comes in a self contained high quality package.
- No need to continually monitor a humidified warmer's water level.

### MUCH FASTER TRANSACTION TIME

After a brief warming time, you simply provide the product to the consumer. No other prep time needed.

### FEWER ITEMS TO INVENTORY

- No need for pretzel serving containers, salt, cinnamon & sugar, etc.
- Frees up concession space with no need for a humidified cabinet.

### ELIMINATION OF UNSALEABLES

- An important question: How many of your current brand of pretzels do you dispose of annually?
- We believe you will find great benefit in being able to sell every pretzel you purchase.
- Another important question: What will that do to your bottom line?

## #5516 Slanted Pretzel Warmer

This low-cost warmer is perfect for serving Meister Bake Pretzels. It holds 18 pretzels in the display racks and has additional room in the bottom. The 120-volt warmer runs off a standard 15-amp plug.

## #5634 Sweet Icing Cups

These 1.5 oz. cups are sweet and ready for any pretzels, Funnel Fingers™, Puff Poppers or anything else you can think of to dip in. Packed 96 - 1.5 oz. cups in a case.

New!

# Pizza Merchandisers, Combo Units, Ovens

## Pizza Display/Holding Cabinet

With Simplex Humidity System

### #5551PZ Pizza Merchandiser with Simplex Humidity System

Increase sales with hot, ready-to-serve pizzas. The holding cabinet provides adequate moisture to keep your pizzas fresh and can store up to four pizzas that are 14" max diameter. A revolving display rack is included. 940 watts, 18"D x 18"W x 33"H (45 x 45 x 83 cm). Ship weight is 80 lbs.

### #5551PZD Double Door Unit

#5551PZL Lighted Sign Unit (965 watts)

## Combo Pizza Oven Warmer and Display Merchandiser

### #5552PZ Combo Pizza Warmer and Humidified Merchandiser Cabinet!

Creating the most appealing pizza to last throughout the sales takes the right temperatures, air movement and moisture. The combo oven and holding cabinet helps you cook and store your pizzas to create the ideal product. Store up to 4 pizzas that are 14" max in diameter on the rotating rack. Also included are an adjustable timer, capped tube thermometer and reinforced stringers across each shelf. 1880 watts, 28"D x 24"W x 43"H (71 x 61 x 109 cm). Ship weight is 110 lbs.

## Pizza Display/Holding Cabinet

With Simplex Humidity System

### #5550PZ Pizza Humidified Merchandiser

Holds up to four pizzas - up to 18" (46 cm) diameter. Shelf bracing in the rotating welded rack takes pizza pans as small as 12" (30 cm). The unit features lift-out glass for easy cleaning. 4" (10 cm) NSF legs are included. Twin water pans easily removed for cleaning. 1480 watts, 12 amps. Ship weight 112 lbs.

31"D x 31"W x 37"H (79 x 79 x 94 cm). Capacity 4 - 20" Pizza Pans.

#5550PZD Double door version of the humidified cabinet shown above -- ideal for cafeteria serving lines or any location.

## Flat Rack Humidified Cabinet

### #5551FR Flat Rack Humidified Cabinet

Flat Rack humidified cabinet, similar to 5 motor and flat shelved rack.

## Warming Cabinet

### #5888 Warming Cabinet

18 1/2"W x 18 1/2"D x 36"H (45 x 45 x 90 cm)

For Pizza and other items. Attractive cabinet with "Fresh and Hot" graphics, great for a variety of food items. Shelves are adjustable.

660 watts. Shipping weight 76 lbs.

## Bake-it-All High Speed Oven

### #5554 High Speed Oven

Includes one cooking stone & two aluminum shelves. Six different vertical positions for stone. Great for other items like sandwiches, calzones, etc. Features electronic control for temperature and time settings. Multiple ovens can be stacked. 1400 watts 11.7 amps. 27 1/2" W x 20 1/2" D x 14" H (70 x 52 x 36 cm)

## Pizza Paddle

### #5651 Pizza Paddle

Serve your pizzas with ease.

Gold Medal Products is proud to be associated with the agencies noted below. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

## Fudge Warmers

#2200

#2201

We offer two styles of Hot Fudge Warmers -- the Dipper Style and Pump style. Both models feature our oversized water tank, stainless cabinet and colorful illuminated sign. On the dipper style, you will need to order the #2200HF Hot Fudge Kit, which includes the Lock Ring to hold down the can, a Wire Basket to hold can of fudge and a  $\frac{3}{4}$  oz. Dipper. If you are going to make Fudge Puppies, order the #2200DS Dipstick Kit, which includes a Thermometer, Insert Bowl, special Lock Ring and a Spin-Off Cylinder.

**#2201 Pump Style Hot Fudge Warmer**

**#2200 Dipper Style Hot Fudge Warmer**  
Shipping weight 15 lbs.

**#2200DS Fudge Puppy Kit**  
(see page 100)

**#2200HF Hot Fudge Kit**

**#4211 Double Fudge Warmer**

**#2194 Stainless Steel Insert Bowl**  
133 oz. 2 needed

## Chili Dog Warmer

#2205

Hot Dogs sell better with Chili Dog Sauce. Adjustable heat controls. Stainless Steel insert bowls must be ordered separately -- order the appropriate size.

**#2205 Chili Dog Warmer**

Dipper Style. Shipping weight 16 lbs.

**#2194 133 oz. Stainless Steel Insert Bowl** For #2205.

**#2199 64 oz. Stainless Insert Bowl**

**#77400 Chili Static Cling**

Use this static cling to promote **#5282 El Nacho Grande Bag Chili**. Easy to apply and remove. **#5300 Dispenser** sold separately. (See page 88.)

## Barbecue Sauce Warmers

#2196

Barbecue sandwiches are easy to make and can be a great addition to your menu. The famous Vanee Beef Barbecue, warmed in one of our Barbecue Warmers, is all you need.

Our Barbecue Warmers are of long life construction -- stainless steel water tanks, replaceable elements, adjustable thermostat. Illuminated sign on #2196 Warmer. Insert Bowls not included in price. Order separately. 2 oz. Dipper included.

**#2196 Barbecue Warmer**

Shipping weight 16 lbs.

**#2194 133 oz. Stainless Steel Insert Bowl**

**#2199 64 oz. Insert Bowl**

Vanee Beef Barbecue (shown below) is the best we have found!

**#5033 6, 50 oz.** Cans per case

**#5439 Foil Barbecue Bags, 1,000**

A.

B.

The Warma-Serve Food Warmer is ideal for keeping many Fun Foods hot and fresh longer. The #5057 shown features two 250 Watt heat lamps mounted on heavy aluminum extrusion frame.

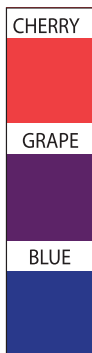

**A. #5057 Warma-Serve Twin Lamp Food Warmer**

Shown with the #5056 Accessory Kit including the pans, this UL and NSF listed accessory is a must for many types of food concessions! Ship weight 25 lbs.

**B. #5056 Accessory Pans for Warma-Serve**

Note that the pans are not included with the #5057. Order this Accessory kit. Ship weight. 7 lbs.

**Candy Apple Mix  
Concentrate and RTU**  
Apple Set...Three Flavors!

Easy to use! Just open the bag, add 5 lbs. of sugar and some water -- cook to between 290° F and 300° F, and you are ready to dip. No messy glucose to measure, no heavy glucose buckets to lug around. You do not need them when you switch to Appl-Ez. Anyone can make good candy apples with Appl-Ez. Each 15 oz. bag of Appl-Ez gives you enough corn syrup solids to make the best apples, without the risk of recrystallization.

**#4144 Improved Cherry Appl-Ez**

15, 15 oz. bags per case.

**#4142 Grape Appl-Ez**

15, 15 oz. bags per case.

**#4143 Blue Raspberry Appl-Ez**

15, 15 oz. bags per case.

**Stainless Steel Kettle Apple Stove**

**#4110HD Stainless Stove 19" Diameter  
Stainless Steel Kettle**

This stainless steel unit solves the problem of outlawed copper kettles and is 50% larger than any existing candy apple kettle. The standard 65,000 BTU burner will bring a 15 lb. batch of ingredients up to dipping temperature in 27 minutes. You must stir constantly to avoid burning.

**#4011 Stainless Steel Kettle**  
(sold separately)

**Ready-To-Use "Reddy Apple" Mix**  
Just Add Water

**#4146 Reddy Apple Mix**

Portion Pak is the way to go! Ready to use. Just add water. Sized for the #4008 Reddy Apple Cooker shown on page 109. For a #4016 Double Batch, use two pouches. Add 6 to 8 oz. of water. For the double batch, add as little additional water as you need to completely dissolve the powder.

Always use a thermometer in the Reddy Apple Cooker. Be sure to stir the hottest solution off the bottom of the cooking kettle.

Six bags per cs. See description under the Reddy Apple Cookers for more info.

**#4165 Apple Prep**

This is used to remove the Shellac/Lac Resin that soap and water won't wash off. 5 gallon pail.

**Apple-Set and Red Hot Flavor**

**#4175 Apple-Set 1 lb. can**

**#4135 Red Hot Apple Flavor**

Apple-Set is a must for scratch apple recipes; provides color, flavor and setting agent. Red Hot Apple Flavor is a cinnamon flavor you add for hotter taste.

**"AWESOME"  
Gas Fired  
Candy Apple Stove**

- **Awesome 40,000 BTU "Jet" Gas Burner**
- **LP Gas**
- **Hand crafted copper kettle**
- **"High Speed" aluminum kettle also available**
- **The fast cook cycle you expect!**

Shown above is the #4110BG/LP Gas Candy Apple Stove with 16" (41 cm) diameter x 9 1/2"D (24D cm) hand-crafted Copper Kettle.

208 Volt or 230 Volt electric stoves also available.

**Note:** The aluminum kettle will cook faster than copper. It's important to always purchase a #4009 aluminum kettle -- use it when you are in a big hurry!

**#4110BG Bottled Gas 40,000 BTU  
Candy Apple Stove Only**

**#4111 Hand Crafted 16" (41 cm)  
Copper Kettle.**

**#4009 Spun Aluminum 16" (41 cm)  
Diameter Kettle**

**#67216 "Steam 'N Clean" Lid**

Put a little water in the dirty kettle, turn the heat on, put on the #67216 lid and in just a few minutes everything is steamed clean. Simply pour out the red water and you're ready for business tomorrow.

**Note: Some states have outlawed cooking in copper. Check first. No returns allowed on copper kettles.**

**Granulated Peanuts**

Caramel Apples, Red Candy Apples, Fudge Puppies, and Caramel Apple Chips -- just a few items that take on a higher perceived value with a spoonful of granulated peanuts. Costs under 12¢ an ounce.

**#4128 Granulated Peanuts**  
30 lb. net weight per carton

## Counter Top Electric Apple Cookers

**#4160 Glucose**

If you like to make Candy Apples with a scratch recipe, then you'll need 43° Baume Corn Syrup.

This is by far the easier way to use Corn Syrup when you use a scratch recipe.

**#4416 Hot Shot Electric Candy Apple Stove**

Special heating element with infinite control lets you cook quickly and maintain your mixture temp in a "dipping" mode.

1550 Watts, 15"W x 17"D x 17"H (38W x 43D x 43H cm) to top of cooking vessel. On-Off switch, plus 6 position fine tune. Ship wt. 43 lbs.

**#4008 Reddy Apple Cooker**

This counter top 1500 Watt cooker brings Candy Apple production to virtually any location. 14 1/2" W x 14" D x 13" H (37W x 36D x 33H cm). 1500 Watts. Ship weight 23 lbs.

**#4016 Double Batch Reddy Apple Cooker**

Similar to the #4008 but with a higher wattage. 1800 Watts, cabinet same size as above. Ship wt. 23 lbs. 14 1/2" W x 14" D x 13" H (37W x 36D x 33H cm).

Let Gold Medal help you select the perfect cooker for your needs.

## Cello Apple Wrap and Ties

**#4010M Apple Wraps**

10" x 10" (25 x 25 cm)  
1,000 per case.

**#4010 Apple Wraps**

5,000 per case.

**#4012M Jumbo Apple Wrap**

12" x 12" (30 x 30 cm) 1,000 per case.

**#4012 Jumbo Apple Wrap**

5,000 per case.  
**#4015 4" (10 cm) Twist-Ties**  
Red and White Striped. Carton of 2,000

## Setter Sticker

## Candy Apple Sticks

**#4155 Wood Candy Apple Sticks** 5 3/16" (14 cm), 3/16" diameter. 10,000 per case.

**#4155M Sticks** 5 1/2" (14 cm), Single Carton of 1,000

**#4145M Small Wood Candy Apple Sticks** 4 1/2" (11 cm), 1,000

**#4145 Small Apple Sticks** 4 1/2" (11 cm), 10,000 per case.

**#4005M Setterstix** 5 1/2" (14 cm), Paper, pointed. 1,000 per case.

**#4005 Setterstix** 5 1/2" (14 cm), 5,000 per case.

**#4004 Super Setterstix** 6 1/2" (17 cm), Cs. of 5,000 bulk.

**#4006 Setter Sticker for Apples**

**#4017 Caramel Apple Poster**

## Candy Apple Bubble Trays

**#4148 & #4149 Candy Apple Bubble Trays**

These come in two sizes -- regular and large. It's a nice way to dress up your candy apples. The large tray might be appropriate for caramel apples. Unless you tape them, they are not totally moisture proof. A lot of people use them because they help improve apple sales!

**#4148 Regular** packed 2,000 per case

**#4149 Large** packed 1,500 per case

## Candy Apple Pans

**#4140 18" x 26" Aluminum Candy Apple Pans****#4138 18" x 13" Candy Apple Pans**

These high quality pans with steel reinforced lips are the best money can buy. They should last for decades.

## Printed Candy Apple Bags

**#4007 Candy Apple Bags**

These satchel bottom Poly Bags are packed on headers for easy handling. 1,000 per case.

## Caramel Apple Chips

A penny's worth of whipped cream from #5041 (page 72) gets an extra 50¢ per serving.

**Caramel Apple Chips**

Caramel Apple Chips are an easy alternative to Caramel Apples. Cut your apple into eight sections, remove the core, load on the **#4225 Quick Serve Topping**, add granulated nuts -- Whipped Cream is the secret.

### The Apple Hacker

#### #4180 Apple Hacker

The easy way to section apples -- just position and press.

7"W x 7"D x 27"H  
(18W x 18D x 68H cm).  
Ship wt. 6 lbs.

### The Deluxe Apple Hacker

#### #4185 Deluxe Apple Hacker

No operator fatigue with this unit. Double action leverage lets you section the apples quickly. Cast aluminum with stainless steel moving parts. 15 1/2"W x 9"D x 21 1/2"H (38W x 23D x 54 cm).  
Ship wt. 22 lbs.

#### #4211 Twin Caramel Apple Dip Warmer

This Deluxe Water Bath Warmer is a necessity to avoid burning any of the Caramel Dip or Caramel Toppings. They contain cream and would burn if placed in anything other than this "double-boiler" cooker.

22"W x 12"D x 11"H (55W x 30D x 28H cm), 640 Watts, 115 Volts.  
Ship wt. 26 lbs.

**#2194 Stainless Steel Insert Bowl** optional.

#### #4211C High Output Twin Caramel Apple Dip Warmer

This unit heats in half the time of the original warmer.

25"W x 14"D x 12 1/2"H  
(63.5W x 35.5D x 32H cm),  
1400 Watts, 120 Volts.  
Ship wt. 37 lbs.

## Caramel Apples

#### #4225 Quick Serve The World's Greatest Caramel Apple Dip

Perfect for Caramel Apple Chips or ice cream. People love the taste of this Gourmet Caramel Topping.  
6 - 8 lb. cans per case.

#### #4224 Midway's Finest Caramel Apple Dip

There's not a more consistent, super quality Caramel Apple Dip available.  
6 #10 tins per case.

#### #4123 Mom's Homestyle Caramel Dip, Zero Trans Fat

Same great taste but with Zero Trans Fat. Now packed in #10 tins.

#### #4124 Mom's Home Style Caramel Apple Dip

You can heat this directly in the water bath warmer or, remove the metal handle and soften it part way in a microwave. You may also use the **#4777 Quicker Dipper** shown below.

This is a rich Caramel Apple Dip -- totally eliminates waste because the sides are self-cleaning. Shipped four 10 lb. tubs per case.

#### #4124 - 10 lb. Tub

#### #4120 Mom's Home Style Caramel Apple Dip Block

An absolutely fantastic Caramel Apple Dip. Soften in a microwave slightly, and then melt in a Caramel Dip Warmer. Four 5 lb. bars per case.

#### #4120 5 lb. bars (4 per case)

### Cut Caramel Melt Time to 60 Minutes!

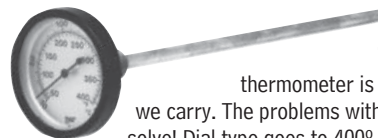

#### #4777 Quicker Dipper

Save more than two hours on caramel warming time with the quicker dipper, featuring an all new non-stick coating. Simply insert a can of caramel into one of the apple dip warming units, and stick the quicker dipper into the top.

37.5 Watts, 115 Volts.  
Shipping weight 4 lbs.

### Candy Thermometer

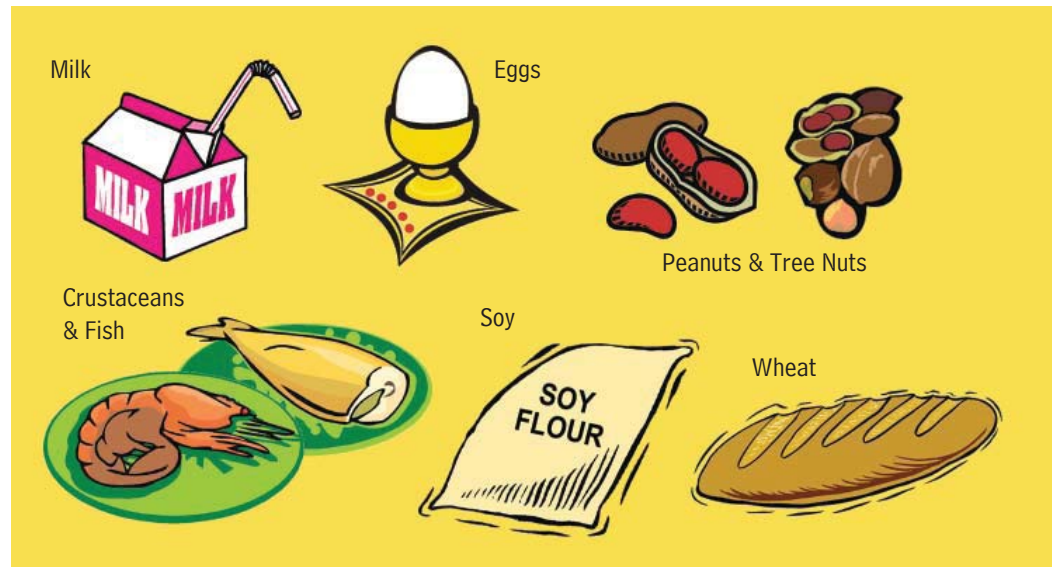

#### #4300 Dial-Type Thermometer

The dial-type thermometer is the only candy thermometer we carry. The problems with mercury are impossible to solve! Dial type goes to 400° F -- virtually unbreakable -- perfect for Candy Apples, Fudge Puppies, Caramel Corn or to check your fryers!

# Information on Nutrition, Ingredients, Allergens and Religious Documentation

## Food Allergens

Required by law as of January 1, 2006 food producers must list food allergens on all food products' package labels. A food allergen is any edible substance that causes a person to have an allergic reaction or that a person would have a strong aversion too. According to the FOOD ALLERGEN LABEL CONSUMER PROTECTION ACT (FALCPA), governed by the Food and Drug Administration (FDA) of the United States government, there are 8 predominant food allergens: MILK, EGG, SOY, FISH, WHEAT, PEANUTS, TREE NUTS, and CRUSTACEANS.

"There is no cure for a food allergy; only strict avoidance of the allergy-causing food can prevent an allergic reaction. Anaphylaxis is the most severe type of allergic reaction. It is sudden, severe, and potentially fatal. It results when the body's immune system reacts to otherwise harmless food proteins. The occurrence of an anaphylactic reaction can vary. It can begin very suddenly within seconds of eating a food, or occur hours after having ingested the food. Anaphylaxis should always be considered a medical emergency, as it may result in brain damage or death". (site: [www.foodallergyinitiative.org](http://www.foodallergyinitiative.org))

Food allergen cross contamination occurs when any allergen is introduced to one another or a non-allergen product. To verify if an allergen exists read the ingredient label or contact your Gold Medal dealer or distributor. When changing products, identify any and all allergens that exist between products. When product's allergens differ all contact surfaces and equipment must be thoroughly cleaned with soap and water to avoid cross contamination.

## Gluten Free?

Gluten is a protein in Wheat, Rye, Oats and Barley. Common Gold Medal products that do not contain Gluten are MEGA -POP popcorn/salt/oil kits, Glaze Pop, Sno-Kone RTU & concentrates, Caramel, Basic & Chocolate Corn Concentrate, Flossugar, Flossine, Frusheeze, Corn Treats, for more products please contact Gold Medal Dealers and distributors.

## Anaphylactic symptoms can include:

- Hives
- Swelling of the lips, tongue, and throat
- Nausea
- Shortness of breath, wheezing
- Drop in blood pressure
- Loss of consciousness

## TRANS FATS - Coconut Oil Does Not Have Trans Fat!

What is trans fat? Trans fat is a monounsaturated fat being associated with the risk of heart disease and increasing cholesterol levels in blood. Trans fat must be listed in the Nutrition Fact Panel on product packaging.

The most common source of trans fat is partially hydrogenated oil. Not all partially hydrogenated oil has trans fat.

If you have any questions please contact your nearest Gold Medal dealer or distributor.

Many products we make are Kosher and/or Halal Certified. Certificates available on request, or can be downloaded from our website: [www.gmpopcorn.com](http://www.gmpopcorn.com)

# School/Church Carnivals... Caterers and Party Planners.

## Lock-N-Go Auto Breeze Cotton Candy Machine

### #3052 Auto Breeze

Making great cotton candy is a Breeze! This easy-to-use machine lets even novice users make large volumes of cotton candy like a professional! Accu control perfectly adjusts the voltage for perfect results. No other adjustments are needed for this single switch operation machine. Auto cool down simplifies the operation of machine by preventing spinner head clogging. The Lock-N-Go handle makes transportation and operation even easier -- handle up

locks the floss head for transportation, handle down releases it for operation. Features a 1/5 H.P. spinner head motor, and a 1500 watt heat element. Requires a 15-amp plug and 1440 watts. Comes with floss pan.

### #3052SR Auto Breeze with Lock-N-Go handle

## Pop About Popper

### #2660SR Pop About 6 oz. Kettle Popper

This light weight portable 6 oz. popper is the easiest to transport, operate, and clean. It features built-in handles and cord holder, unique "stay hinged" doors, and an E-Z Klean Kettle. EMS system maintains correct wattage to kettle for optimum performance. Anyone can pop like a pro!

### #5059 Small Stainless Steel Surface Plate 10" x 32" (25 x 76 cm)

### #5058 High Capacity Stainless Steel Surface Plate

20" x 32" (51 x 76 cm)

Eliminate Chafing Dishes, cans of Sterno, all the mess and clean up with these Stainless Heated Surface Plates. Surface temperature is held between 160°F and 170°F. Angled sides remain cool to the touch. Construction is E-Z Klean Stainless Steel surface.

120 Volts. 200 Watt heating element, vulcanized to the entire 20" (51 cm) to 32" (76 cm) flat surface.

## 24" Gas Griddle

### #5088 24" Gas Griddle

For "Universal" Snack Bar Use!

Equipped with two 20,000 BTU Gas Burners. Separate controls for right or left hand cook surfaces. Turn both valves on and use the full 24" W x 20"D (61 x 51 cm) cook surface.

Special steel griddle. Stainless steel cabinet. Adjustable legs. Allow adequate clearance on rear side to comply with regulations.

25" W x 28"D x 14"H (62.5 x 70 x 35 cm). Shipping wt. 202 lbs.

# Build Your Profits with These Proven Favorites

Distributed by all Gold Medal Direct Factory Outlets plus  
many independently owned dealerships:

## Improved Meister Bake NFR Pretzels

No Freezer Required! See page 105 for details.

### Frozen Soft Pretzels

### Frozen Stuffed Pretzels

### Frozen Pretzel Bites

More and more of our customers have discovered the popularity and profitability of both the pretzel bites and the flavored pretzel twists. These become more popular year after year. Order today to maximize your profits.

**#5600 Regular Soft Pretzels** 2 1/2 oz.  
100 per case

**#5601 King Size Soft Pretzels** 5 oz.  
each. 50 per case

**#5606 Super Size Soft Pretzels** 7 oz. 40 per case

**#5607 Pretzel Bites** 350 per case

**#5608 Pizza Stuffed Twists** 24 per case

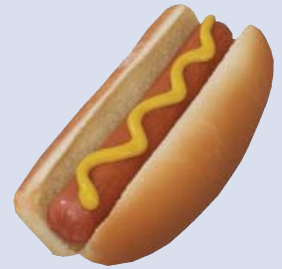

**#5611 Jalapeno Cheese Stuffed Twists** 24 per case

**#5612 Cream Cheese Stuffed Twists** 24 per case

## Frozen Hot Dogs

Deluxe and Regular

How to make money with hot dogs? The best way is to sell a premium hot dog at a premium price. One of the best in America is the famous Eisenberg. Note the "5 to 1" size. Looks like a quarter pound, sells at a quarter pound price. It's like getting one free with four! Check out the all beef gourmet Eisenberg offerings. We also carry "regular" brands if you wish to retail at "street prices."

**#8401 Sara Lee Briar Street** 8 to the lb.

**#8402 Kahn's Cheddarwurst** 5 to the lb.

**#8405 Kahn's All Meat** 8 to the lb.

**#8420 Nathan's All Beef** 4 to the lb.

**#8510 Eisenberg** 6 to the lb.

## Peanuts in the Shell

What's a ball game without peanuts and caramel corn? Roast them in the electric peanut roaster on page 44.

**#4130 Raw Peanuts**  
25 lbs per carton

**#4133 Roasted & Salted in the Shell**  
35, 8 oz bags per case.

## Frozen Pizza

Every pizza selection shown below has been rated "excellent" in taste tests. Why let your customers go to the local pizzeria when you can get those pizza profits yourself. Selections may vary by location.

See page 106 for pizza warming and cooking equipment.

Stuffed Crust

**#5693 4 Slice Pepperoni Pizza** 72 per case

**#5694 4 Slice Cheese Pizza** 72 per case

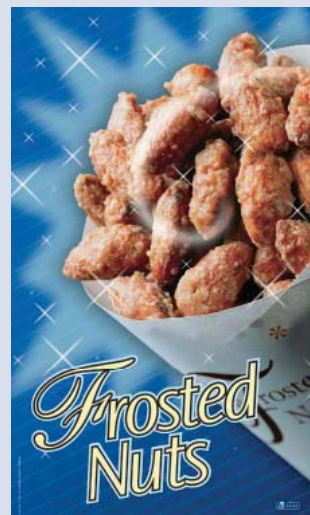

Single Serve

**#5593 5" Round Deep Dish Cheese** 60 per case

**#5594 5" Round Deep Dish Pepperoni** 60 per case

**#5597 4" x 6" Pepperoni Pizza** 96 per case

## Almonds, Pecans and Cashews

**#4132 Pecan Halves**  
30 lbs. per case

**#4129 Blanched Almonds**  
50 lbs. per case

**#4131 Roasted Almonds**  
30 lbs. per case

**#4136 30 lb. Whole Cashews**

The 110 Volt Pralinator will give better performance if you use already roasted Almonds. Use blanched with the 230 Volt unit. Note: Call for market price.

## Packaged Cotton Candy

Order 34 all the way up to thousands.  
Great for birthday parties, party stores,  
school fairs.

**#3049 Pre-Packaged Candee Fluff**  
Small size only. 34 per case.  
Pink and blue swirl.

## Suggestions on Ordering

### PRICES & SALES TAXES

Every state is very fussy about sales tax. We must charge sales tax on all applicable items and to all organizations in AZ, CA, FL, GA, IA, IL, IN, KY, LA, MI, NC, NY, OH, PA, SD, TN, TX, VT, WA, and WV until the appropriate exemption certificate has been properly documented and sent to us. There can be no exceptions—sales tax laws cannot be violated without serious consequences. Any prices in this catalog are F.O.B. Cincinnati. Prices are subject to change without notice.

### SPECIFICATIONS

In this catalog, there may be typographical errors, which we reserve the right to correct. Some photos are of prototypes and actual production may vary. Some specifications are changed to improve equipment during the course of the year. Improving design and equipment performance is a continuous way of life here at Gold Medal.

### TELEPHONE ORDERS AND OFFICE HOURS

Gold Medal is open 8 a.m. to 5 p.m. EST Monday through Friday year-round as well as Saturdays during the summer months from 8 AM–12 noon. (All branches plus headquarters). Call 1-800-543-0862 or (513) 769-7676 for Cincinnati or the 800 numbers shown on the back cover for branch locations and specific directions.

### FAX, E-MAIL & WEB PAGE INFO

You can contact us 24 hours a day and leave a message. Our toll-free fax order line is 1-800-542-1496. You can ask questions and either leave your own fax number, telephone number or E-mail address. We will get back at a

time convenient to you. Our E-mail address is [info@gmpopcorn.com](mailto:info@gmpopcorn.com). Our central telephone switchboard also receives several messages every day. As soon as we open for business on the next business day, these calls are returned. Many Gold Medal team members have their own direct 1-800 numbers as well. We want to stay in touch with you!

### TERMS

If you have not already established credit with Gold Medal, we're happy to handle your orders on cash with order basis, or we accept MasterCard, Discover, and Visa. To establish an open account, send us the name of your bank and three firms that extend you open account. We do not ship C.O.D.

### RETURNED GOODS

Requests for returned goods should be made by calling Gold Medal Cincinnati, extension 2340 for a "return authorization." No food products or food packaging may be returned.

### INTERNATIONAL SALES

Gold Medal is actively represented in many, many international cities. Of course, we are always interested in establishing relationships in cities where there is no Gold Medal international dealer. Fax us or e-mail us for the name of the international distributor nearest you. Or, if there is none, maybe it is time to establish you as a distributor if you qualify.

### WEBSITE

Visit us on our Website at [www.gmpopcorn.com](http://www.gmpopcorn.com) to check out what's new.

## Methods of Shipment

The best way of getting your shipment to you at the least cost is to specify "Best Way" on your order. Our traffic department will use best all-around routing. PLEASE ALLOW PLENTY OF TIME — all carriers do not render the speedy service as in the past. We use all popular methods of shipment: Truck Lines, Freight Forwarders, Bus, Parcel Post, United Parcel, Air Freight.

### SHIPPING CHARGES

Please call for pricing.

### TRUCK LINES

Plenty of good service from Cincinnati and, even though truck rates have gone up, this is best method for 100 lbs. or more shipments. We can prepay freight and add to our bill, but we must add a \$10.00 handling charge for this service.

### PRIORITY MAIL, UPS OR FEDEX GROUND

By far, Priority Mail has become the most satisfactory! Small parcels get the best treatment from Priority Mail.

It is unwise to send equipment such as Ice Shavers, Poppers or Hot Dog equipment via UPS or FedEx Ground - although we have sent some six-ounce machines by FedEx Ground and UPS with moderate success.

### AIR FREIGHT

In a hurry? It's your call — if you pay the freight, you may choose from "same day" such as DELTA DASH, NEXT DAY, or SECOND DAY SERVICES, or even DEFERRED AIR FREIGHTS. When you pay the freight, let us help you "have it your way!"

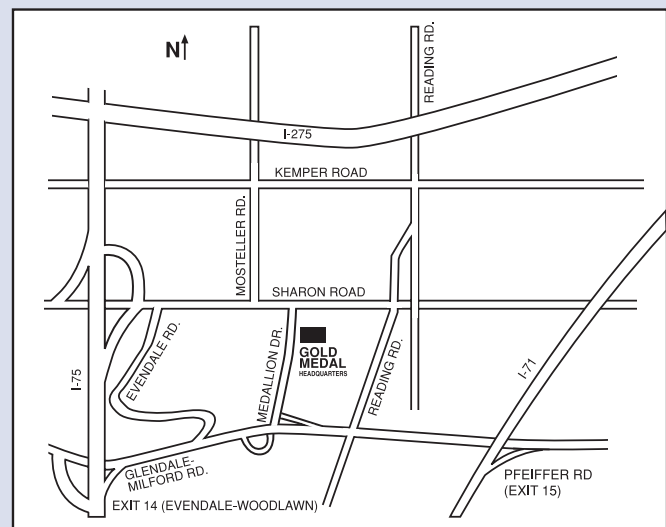

## Gold Medal Products Company - Your one-stop resource for all your concession needs.

On May 1st, 1997 Gold Medal moved into our 7th location since 1931. With this addition, we now occupy 410,000 square feet -- over 10 acres under roof -- over 20 loading docks. We are very easy to find. From I-75, take Exit 15-Sharon Rd. Go east until you come to Medallion Drive -- we are halfway between Sharon Road and Glendale Milford. Come visit our customer service department, the "Fastop."

Always be sure to visit our Annual Fun Food Festivals for Demo's, Hands On, and Super Sale Specials.

Many products we make are Kosher and/or Halal Certified. Certificates available on request.
