The Choice of Professional Tradesmen Since 1924

The IRWIN® VISE-GRIP® brand is legendary. Professional tradesmen have trusted the strength and durability of VISE-GRIP pliers since 1924. With proven performance in every turn, these are the tools that tradesmen choose first – and pass on to the next generation.

VISE-GRIP locking tools have twice the life of any other locking pliers on the market. The familiar VISE-GRIP Original™ locking tools, with the classic trigger release, continue to be a favorite. Our innovative VISE-GRIP Fast Release™ locking pliers have a one-handed, triggerless release, so they're twice as easy to open as the traditional design. Plus, anti-pinch, non-slip ProTouch™ Grips provide comfort, control, and less hand fatigue.

The newly re-engineered curved jaw (CR) locking pliers are the latest innovation in the VISE-GRIP family of locking tools. With a self-energizing lower jaw, these locking tools have three times more gripping power than traditional locking pliers, and will never slip or strip. There's no need for heavy input pressure – the jaws tighten to provide maximum grip as more torque is applied to the tool. The CR range is available in both Original and Fast Release.

VISE-GRIP GrooveLock pliers have a press-n-slide button that adjusts the jaw twice as fast as other groove joint pliers. Anti-pinch, non-slip ProTouch™ Grips provide comfort, control, and less hand fatigue. With precise jaw positioning and a multi-groove ratcheting system, GrooveLock pliers are now available in straight, smooth, and v-shaped jaws.

In addition to locking tools and groove joint pliers, VISE-GRIP offers a full line of pliers and wrenches, including traditional pliers, pipe wrenches, and specialty tools – all backed by the IRWIN VISE-GRIP Lifetime Guarantee.

IRWIN VISE-GRIP pliers and wrenches continue to set the standard for dependability, quality, and innovation... today and tomorrow. Wherever there's a need for a quality tool, IRWIN VISE-GRIP is on the job.

The Perfect Grip for Any Job

The Original SINCE 1924™

IRWIN VISE-GRIP Original locking tools, with a classic trigger release, are designed to provide maximum locking force.

Fast Release™

IRWIN VISE-GRIP Fast Release locking pliers have a one-handed, triggerless release, so they're twice as easy to open as the traditional design. Anti-pinch, non-slip ProTouch™ Grips provide comfort, control, and less hand fatigue.

2X LONGER LIFE*

CURVED JAW LOCKING PLIERS FEATURES

1. Curved Jaw** is perfect for securely gripping and torquing multiple surface shapes, such as round pipe, square or hex bolts, and more; ideal for any application that requires maximum torque.
2. Self-Energizing Lower Jaw – pivot allows jaw to align on workpiece for maximum grip without slipping or stripping; provides maximum torque or grip without requiring heavy input pressure; jaw mechanism grips tighter, as more torque is applied to the tool.
3. Fast Release Handle for one-handed, triggerless release; no pinch points.
4. ProTouch™ Grips have molded handles for comfort, control, and less hand fatigue.
5. Hex Key Adjusting Screw offers controlled release, and draws materials together.
