

48" Aluminum Drywall T-Square with Extra-Thick Blade

Model #: JTS48HD
UPC: #049448587438

Take errors and guesswork out of your next drywall job with this heavy-duty 48" T-square from Johnson. Its extruded aluminum blade and head are a robust 3/16" thick, creating a safer straight edge that prevents your utility knife from slipping, while its clear protective anodized finish will keep your tool safe from rust and corrosion. The JTS48HD T-square features a unique rivet assembly that permanently bonds the head and blade, so that it stays square for life. This T-square was also designed to be easy to use. It features thermal-bonded black 1/8" graduations that are large and bold for easy reading.
