\*1 year limited warranty.

## Package Features

- Trilingual
  - Reach expanding and international markets
- Instructions Included
  - Easy to read graphic visuals
  - Included with all products
- Hardware Included
  - All hardware and screws are included
  - Easier to shop with fewer items to purchase
- Hang Tags
  - Product can be displayed on peg hooks
- Display Pack Packaging
  - Product can be displayed on shelf

## Light-Duty Slides

KV® light-duty slides are the perfect choice for home applications where a durable, simple-to-install slide is required. They are highly cost effective and easy to install and replace. They are widely used in bathroom vanities, built-ins, kitchen cabinets and as replacement slides in existing cabinetry.

### TT150 Soft-Close Drawer Slide

The TT150 Soft-Close Drawer Slide is a full extension soft-close, ball-bearing slide that features a lever disconnect. The TT150 is perfect for light-duty kitchen and bath cabinetry that require a soft-close feature.

- 50 lbs. load class
- Sizes: 350mm, 400mm, 450mm, 500mm, 550mm, 600mm

■ Zinc

### Optional TT401P Rear Mounting Bracket

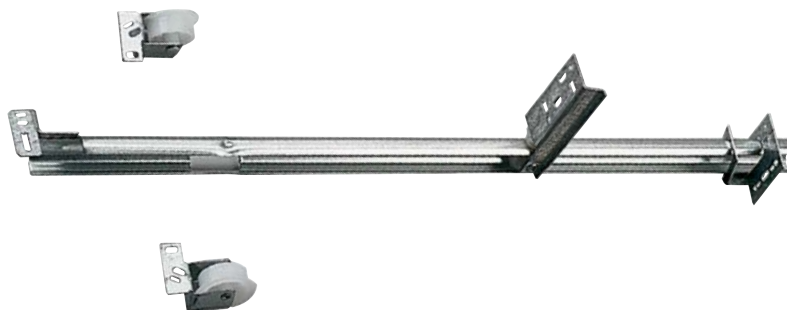

- For Face Frame Cabinets
- Non-Handed Snap-On Design

### 1175 Center Under Drawer Slide

The 1175 Slide is a 3/4 extension and center mounts with two roller guides that create a smooth and secure ride. It mounts with staples or screws for quick installation. Drawers lift out for easy removal.

- 50 lbs. load class
- Size: 22-5/8"

■ Zinc

# Medium-Duty Slides

KV medium-duty slides are the perfect choice for home applications where a durable, basic slide is required. They are highly cost effective and easy to install. They are widely used in kitchen cabinets, bathroom vanities, architectural woodwork and built-ins.

## 1260 Side-Mount Slide

The 1260 Series is built for kitchen cabinets, architectural woodwork and bathroom vanities. All models have 3/4 extension travel, a positive stop, rollers that operate on ball bearings and a lever disconnect.

- 60 lbs. load class
- Sizes: 16", 18", 20", 22"

■ Zinc

### Optional 1123-101P Rear Mounting Bracket

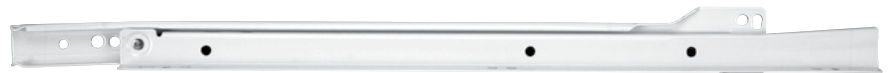

- Simplifies Installation
- Non-Handed Design

## 1805 Euro-Style Slide

The 1805 Euro-Style Slide is an epoxy-coated, 3/4 extension slide for use in kitchen cabinet, commercial millwork, home office and furniture applications where self-closing and a lift-out disconnect is desired. The 1805 is side/bottom mounting for use in both frame and frameless construction. Additional rear mounting sockets are available for face frame applications. A single captive roller limits side play for improved lateral stability.

- 75 lbs. load class
- Sizes: 350mm, 400mm, 450mm, 500mm, 550mm, 600mm

■ White

### Optional 1805-101P Rear Mounting Bracket

- Simplifies Installation

# Heavy-Duty Precision Slides

KV Precision Ball Bearing Slides contain more ball bearings per inch than most slides and are formed with a precision roll-formed ball race, making for some of the quietest and smoothest slides in the industry. Convenience and safety features – such as direct access mounting, 32mm and traditional hole patterns, cushioned stops, anti-scrape bushings and anti-rebound stay-close – provide options that span a wide range of drawer applications.

## 8450FM Soft-Close Drawer Slide

The new 8450FM Series is a step forward in side-mounted, ball-bearing, soft-close drawer slides. 8450FM slides include a patented Force-Management™ module which utilizes an innovative rack and gear system that brings the drawer box to a smooth, quiet, secure close.

- 100 lbs. load class
- Sizes: 16", 18", 20", 22"
- Fully-integrated soft-close module
- Full Extension
- Traditional and 32mm mounting hole configurations
- Non-handed lever release

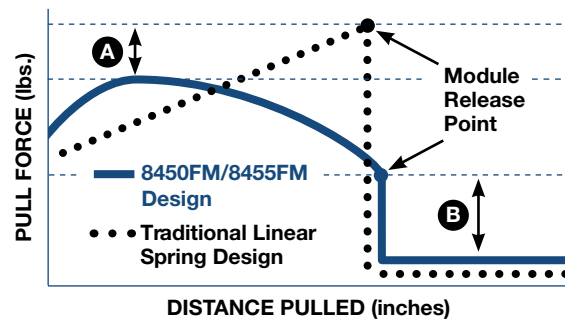

Anochrome

### Optional 8403P Rear Mounting Bracket

- For Face Frame Cabinets
- Non-Handed Snap-On Design

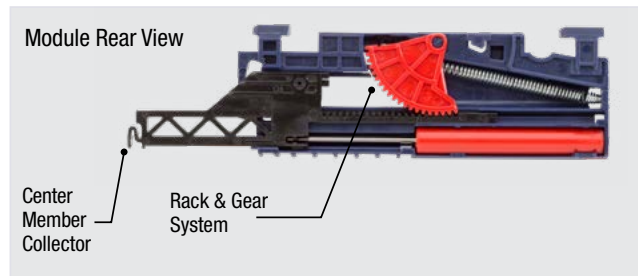

### Soft-Close Module Force Curve

8450FM Soft-Close Slides have:

A lower peak pull force--making them the easiest soft-close slides to open.

Significantly less drop off force at the module release point--eliminating the "jerkiness" of traditional linear spring designs.

## True-Trac™ 100 Side-Mount Drawer Slide

Tru-Trac 100 is a smart and economical choice for a 100-pound class, full-extension ball-bearing slide solution. Designed to meet the needs of today's value-conscious consumer, Tru-Trac 100 features a non-handed design, industry standard 1/2" side clearance and a lever disconnect for easy drawer removal. Ball-bearing construction delivers a smooth operation and a positive stop bumper provides an anti-rebound feature.

- 100 lbs. load class
- Sizes: 16", 18", 20", 22", 24"
- Non-handed design
- Full Extension
- Face frame mounting hole
- Lever disconnect for easy drawer removal
- 1 Year warranty

Zinc

### Optional TT401P Rear Mounting Bracket

- For Face Frame Cabinets
- Non-Handed Snap-On Design

# Drawer Slide Quick Reference Matrix

Knap & Vogt® strives to provide our customers with products that effectively satisfy all project requirements. The Quick Reference Matrix below provides a retail snapshot of Knap & Vogt's drawer slide portfolio, making it easy to search for the features you are looking for in a drawer slide solution.

	Mounting Style	Load Class	Slide Type		Extension		Disconnect Type			Open/Close Features
