

**MULTI PURPOSE LITHIUM GREASE
CODE 11309 & 11310**

NLGI Grade: 1 ½
Color: Maroon

Thickener Type: Mixed Soap
Texture: Fibrous

Brief Product Description: Plews MP Grease is an economical multi-purpose lithium grease for general lubrication needs. It is a stable product and will stay in place with proper consistency to create a good seal from water and dirt. It also offers good heat resistance, is water insoluble and works well under many conditions.
