Trap the station closed by putting the clear window down and dispose in the trash.
Siga los pasos de uso de la trampa de chinches después de 2 semanas.

1. Monitor for bed bug activity by peeling the window label.
2. Attach the trap to the bottom of the trap.
3. Place stations near beds or in areas you suspect bed bug activity.
4. Activate the trap by peeling the window label.
5. Place stations near beds or in areas you suspect bed bug activity.
6. Monitor for bed bug activity by peeling the window label.

HOW TO USE:
1. Remove the paper from the trap.
2. Attach the trap to the bottom of the trap.
3. Place stations near beds or in areas you suspect bed bug activity.
4. Activate the trap by peeling the window label.
5. Place stations near beds or in areas you suspect bed bug activity.
6. Monitor for bed bug activity by peeling the window label.

WHEN TO USE:
- Anytime you suspect bed bug activity.
- After treatment to ensure bed bugs have been eliminated.
- When traveling to know whether or not bed bugs are present in hotels.

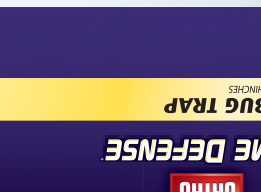

DIRECTIONS FOR USE:
How it works: Bed bugs won't only find on your bed. In fact, they love to hide in cracks and crevices. They could be hiding there, in order to wait for a chance to crawl into a crack. They could be hiding there, in order to wait for a chance to crawl into a crack. They could be hiding there, in order to wait for a chance to crawl into a crack.
