Bringing Nature to You™

Perky-Pet® is recognized as a world leader and expert in the wild bird feeding category. We offer the broadest and deepest selection of quality bird feeding products at competitive prices.

Bird feeding isn't just our specialty - it's our lifestyle! We love feeding, watching, and learning about our feathered friends by supporting festivals, sponsoring birding associations, and collaborating with reputable organizations like Cornell Lab of Ornithology. All of our products stem from this commitment to create a bird-feeding experience that is fun, fulfilling and educational in a manner that is easy and cost-effective.

At Perky-Pet®, we believe in Bringing Nature to You™. We strive to find quality, stylish, effective solutions to meet the demands of nature hobbyists and birding enthusiasts alike. Because of that continued innovation, we are confident in our product and our ability to enhance the experience of bird lovers.

FUNNEL FILL

Our funnel enabled feeders come in two forms. Most have a recessed bottom that works as a funnel for precision pouring. After filling with nectar, simply replace the plug and invert the feeder to activate the feeding ports. Also, we feature a funnel cap that can be placed inverted over the opening of the bottle to prevent spillage.

Glass Funnel Cap #453-2

- 10 fl oz capacity
- Reverse funnel top for easy filling
- 4 feeding ports
- Glass container
- 2 feeders per case

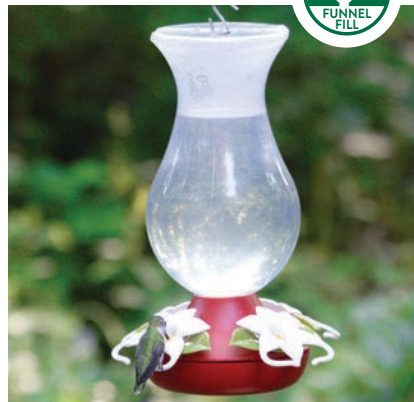

Glass Funnel Cap #476-3

- 20 fl oz capacity
- Reverse funnel top for easy filling
- Adjustable 4 position perch
- 4 feeding ports
- Glass container
- 3 feeders per case

Glass Funnel Base #161-3

- 16 fl oz capacity
- Funnel base for easy filling
- 4 feeding ports
- Glass container
- 3 feeders per case

Plastic Funnel Base #163-3

- 32 fl oz capacity
- Funnel base for easy filling

- Wire barrier protects from squirrel damage
- Feeder can be pole mounted
- 12 feeding ports
- 2 feeders per case

WEIGHT ACTIVATED

Our weight-activated technology allows protection from squirrels accessing the seed. These feeders allow birds to feed comfortably but when the squirrels perch on them, their weight causes the metal casing to slip down, completely blocking the feeding ports and access to the seed.

Ports Open

Ports Closed

Squirrel-Be-Gone® #SBG100

- Holds up to 1.75 lbs of seed
- Weight activated seed protection
- Ports close under squirrel's weight
- Bird preferred U-shaped perches

- Features a "Dutch Style" roof
- Designed for easy cleaning
- 2 feeders per case

TWIST-TO-LOCK™

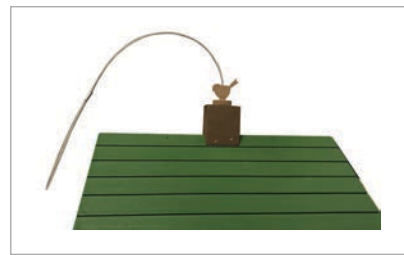

Some feeders have lids that gently set on top of the feeder. The Twist-to-Lock™ technology allows the lid to tighten into the feeder directly. This prevents squirrels from climbing into the feeder and accessing the seed.

Bird slides down cord.

Bird threads into chimney.

Ready to resist squirrels and hang!

Mountain Lodge Feeder #50179

- Holds up to 2 lbs of seed
- Twist-To-Lock™ tightly secures the lid to keep squirrels out
- Clear side panels to monitor seed levels

- Collapsible mesh design
- Unique mesh design allows more birds to feed at once
- Powder coated for rust resistance
- Circular perches
- 6 clamshell packed feeders per display tray

EVENSEED TECHNOLOGY

Thanks to the feeder's Evensseed technology, seed is evenly dispensed to all tiers for easy access no matter where birds are resting. The all-mesh surface area provides plenty of space for birds to cling while they dine and reduce competition. Perching birds can also feel at home at this feeder due to the attached seed tray. You'll be able to attract more species of birds than ever before!

Feeder when empty

Evensseed Funnels

Feeder after a few feedings

Shorty Feeder
#TSS00348

- Holds up to .7 lbs of sunflower seed
- Unique mesh design allows more birds to feed at once
- Powder coated for rust resistance
