## SAFETY DATA SHEET

Revison Date: 12/25/2018 1:58:50 AM

#### 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND COMPANY

Product Name: Preen Extended Control Weed Preventer

EPA No: 000961-00421-000000

Product Identity: Pre emergent pesticide, granular

Supplier/Manufacturer

Lebanon Seaboard Corporation 1600 East Cumberland Street Lebanon PA 17042

Tel: 1-800-233-0628 USA

(717-273-1685) INTL Supplier Email: customerservice@lebsea.com

Emergency telephone numbers:

Chemtrec (Spill) 1-800-424-9300 Prosar (Health) 888-208-1368

## 2. HAZARDS IDENTIFICATION

OSHA Signal Word: Warning EPA Signal Word: CAUTION

Hazard Statements:

H316: Causes mild skin irritation. (Category 3)

H317: May cause an allergic skin reaction. (Category 1B)

H320: Causes eye irritation. (Category 2B)

H335: May cause respiratory irritation. (Category 3)

H351: Suspected of causing cancer. (Category 2)

H400: Very toxic to aquatic life. (Category 1)

H410: Very toxic to aquatic life with long lasting effects. (Category 1)

#### Pictogram:

## Precautionary Statements for handling:

P202: Do not handle until all safety precautions have been read and understood.

P261: Avoid breathing dust/fume/gas/mist/vapours/spray.

P264: Wash hands and exposed skin thoroughly after handling.

P272: Contaminated work clothing should not be allowed out of the workplace.

P273: Avoid release to the environment.

P280: Wear protective gloves/protective clothing/eye protection/face protection.

P281: Use personal protective equipment as required.

P305: If in eyes, rinse with water and seek medical attention if symptoms persist.

P363: Wash contaminated clothing before reuse.

P391: Collect spillage.

P352: IF ON SKIN: Wash with plenty of soap and water.

P332: If skin irritation occurs: Get medical advice/ attention.

P333: If skin irritation or rash occurs: Get medical advice/attention.

Page 1 of 7 Item: 2464092

P337: If eye irritation persists: Get medical advice/attention.

P405: Store locked up.

P403: Store in a well-ventilated place.

P233: Keep container tightly closed.

P501: Dispose of contents/container properly as required by law for waste pesticides.

P308: If exposed or concerned, seek medical advice.

Keep out of reach of children

Precautionary Statements for disposal - Dispose in accordance with all federal, state and local regulations.

## Hazards not otherwise classified (HNOC): None

Unknown acute toxicity: <1% of the mixture consists of ingredients of unknown toxicity

#### 3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name	CAS No.	Weight %
Mineral Seal Oil	64742-52-5	1 - 5
Isoxaben	82558-50-7	0.1 - 0.5
Trifluralin	1582-09-8	1 - 5
Corn Cobs	No CAS Number	95 - 100
non Hazardous Ingredients	Various	Balance

## 4. FIRST AID MEASURES

Eye Contact Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.

Continue rinsing. If eye irritation persists: Get medical advice/attention.

Skin Contact Wash with soap and water. If injury occurs, or if discomfort or irritation persists contact a physician.

Inhalation If inhaled and discomfort occurs, move to fresh air, and keep person at rest in a position comfortable for

breathing. If difficulty in breathing occurs and/or persists, administer oxygen and get medical attention.

If medical advice is needed, have product container or label on hand.

Ingestion Rinse mouth. Drink Plenty of water. If you feel unwell, call a poison control center or seek medical

attention. Do not induce vomiting of an unconscious person.

<u>Self-protection of the first aider:</u> Use any appropriate personal protective equipment as required for nuisance dusts.

<u>Most important symptoms and effects, both acute and delayed:</u> Nuisance dust irritation may occur with nasal discomfort under highly dusty conditions.

Eye irritation on contact with redness, tearing and burning sensation.

Redness, itching, or burning sensation on skin with prolonged contact.

<u>Indication of any immediate medical attention and special treatment needed:</u> Treat Symptoms. Consult physician if discomfort or irritation persists.

# **5. FIRE FIGHTING MEASURES**

Page 2 of 7 Item: 2464092

## Suitable extinguishing media

Use extinguishing media suitable to local circumstances and the surrounding environment. Options in this case include water,  $CO_2$ , ABC Dry Chemical extinguisher, or foam. Avoid stirring up dust extinguisher stream.

# Specific hazards arising from the chemical

Thermal decomposition can lead to release of irritating and toxic gases and vapors. In the event of fire, do not breathe fumes.

## **Explosion data**

Sensitivity to mechanical impact: None Sensitivity to static discharge: None

Note: Excessive amounts of any burnable dusts can produce explosive mixtures if allowed to disperse in the air in confined areas where ignition sources occur. Prevent excessive dust dispersal in areas of use, storage, or production.

## Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and standard protective (bunker) gear.

#### 6. ACCIDENTAL RELEASE MEASURES

## Personal precautions, protective equipment, and emergency procedures

Personal Precautions	Use dust mask and g	gloves as needed or	r other reaso	nable personal	protective equipment as

required to prevent contact with eyes or skin. Remove ignition sources prior to clean-up.

If in eyes, rinse cautiously with water for several minutes. If eye irritation persists: Seek

medical advice.

If experiencing significant respiratory symptoms: seek medical attention.

Environmental precautions Prevent entry into waterways, sewers, basements or confined areas. Do not flush into

surface water or sanitary sewer system. See Section 12 for additional ecological

information.

Methods for containment Prevent further leakage or spillage, if safe to do so.

Methods for clean-up

Use dust mask and/or reasonable personal protective equipment as required to avoid

breathing dusts. Moisten or cover powder spill with plastic sheet or tarp to minimize spreading. Take up mechanically, placing in appropriate containers for disposal. Avoid creating dust. Soak up excess with inert absorbent material. Clean contaminated surface

thoroughly.

# 7. HANDLING AND STORAGE

Safe Handling Ensure adequate ventilation, especially in confined areas. Use personal protective

equipment as required to avoid breathing dusts or mists, and to prevent eye contact. Wash

hands thoroughly after handling.

Storage Conditions Keep containers tightly closed in a cool, well- ventilated place. Keep out of the reach of

children.

Incompatible materials Avoid strong acids or alkali, or other reactive substances.

Page 3 of 7 Item: 2464092

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

**Exposure Guidlines** 

Exposure Gurannes							
Chemical Name	ACGIH TLV	OSHA PEL	NIOSH IDLH*				
Nuisance Dusts (for granulars)	10 mg/m3 (TWA- Total)	15 mg/m3 (TWA total) 50	Not Established				
		mppcf (TWA total) 5 mppcf					
		(TWA respirable)					

<sup>\*</sup>IDLH refers to amounts that are "Immediately Dangerous to Life or Health"

Engineering controls: Use with adequate ventilation and follow safe work practices to prevent dust buildup in air.

**Individual protection measures**Use personal protective equipment as required to avoid breathing dust/mist, and to prevent eye contact.

Eye protection Provide face and eye protection: face shield and goggles recommended if face or eye contact is

likely.

Skin and Body Protection Gloves and standard work coveralls recommended

Respiratory Protection Dust mask recommended for dusty or misty conditions. If exposure limits are exceeded or

irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Respiratory protection must be provided in accordance with current local regulations.

General Hygiene When using product, do not eat, drink or smoke. Wash hands thoroughly after handling. Wash

contaminated clothing before reuse.

Also see Precuationary Statements in Section 2

#### 9. PHYSICAL AND CHEMCIAL PROPERTIES

Physical state Granular Solid
Appearance Granular Solid
Color Mixed, various

Odor Slight

Odor Threshold No information available

pH Not applicable
Melting point/freezing point Not applicable
Boiling point / boiling range Not applicable

Flash point No information available

Evaporation rate Not applicable

Flammability (solid, gas) No information available

Flammability Limits in Air

Upper flammability limit: No information available Lower flammability limit: No information available

Vapor pressureNot applicableVapor densityNot applicableWater solubilityMostly insoluble

Solubility in other solvents
Partition coefficient
Autoignition temperature
Decomposition temperature
Oxidizing properties

No information available
No information available
No information available
No information available
No particularly reactive

### 10. STABILITY AND REACTIVITY

### Reactivity

Not Reactive

Page 4 of 7 Item: 2464092

## **Chemical stability**

Stable

### **Possibility of Hazardous Reactions**

May release heat and fumes when mixed in solution with incompatible reactive materials.

### **Hazardous polymerization**

Will not occur.

#### **Conditions to avoid**

High heat, sparks and open flames, as some ingredients may be burnable.

## **Incompatible materials**

Strong acids or alkali, or other reactive substances.

## **Hazardous Decomposition Products**

May emit toxic fumes under fire conditions, such as Nitrogen oxides (NOx), Ammonia, Oxides of sulfur, Hydrogen chloride and Carbon monoxide.

#### 11. TOXICOLOGICAL INFORMATION

Routes of exposure: Ingestion, eyes (contact), skin (contact), dust inhalation

Symptoms May irritate the digestive tract if ingested in quantity, causing nausea, vomiting and

diarrhea.

Eye irritation on contact with redness, tearing and burning sensation. Redness, itching, or burning sensation on skin with prolonged contact.

Sensitization May cause an allergic skin reaction. (Category 1B)

Germ cell mutagenicity

None known unless noted below in Other

Carcinogenicity Trifluralin is not anticipated to be a carcinogenic risk to man. (DOW)

Reproductive toxicity
STOT - single exposure
STOT - repeated exposure
Chronic toxicity
No information available
No information available
No information available

Target Organ Effects Lungs-Nuisance dusts

Aspiration hazard No information available

Other

# 12. ECOLOGICAL INFORMATION

Pesticides can be very toxic to aquatic organisms on an acute basis.

Persistence and degradability
Bioaccumulation
Other adverse effects
No information available
No information available

Isoxaben is toxic to aquatic life with long lasting effects.

Trifluralin is highly toxic to aquatic organisms on a acute basis.

### 13. DISPOSAL CONSIDERATIONS

### **Disposal of wastes:**

Excess product should be used up according to label directions, to avoid disposal issues. Dispose

Page 5 of 7 Item: 2464092

of in accordance with Local, State, and Federal regulations.

## **Contaminated packaging**

Do not recycle or reuse any pesticide container. Follow local regulations.

#### 14. TRANSPORT INFORMATION

NMFC 155050-5 PESTICIDES, NOI, INCLUDING DEFOLIANTS, FUNGICIDES OR INSECTICIDES: 25<35PCF

DOT: Not Regulated ADR: Not Regulated

Proper Shipping Name: Not Regulated
Hazard Class: Not Applicable ADN Not Regulated

IATA: Not Regulated RID: Not Regulated

Proper Shipping Name: Not Regulated

Hazard Class: Not Applicable TDG Not Regulated

IMDG/IMO: Not Regulated ICAO: Not Regulated

Hazard Class: Not Applicable

Marine Pollutant: No MEX Not Regulated

IMDG: Not a dangerous good. ICAO/IATA: Not a dangerous good.

#### 15. REGULATORY INFORMATION

TSCA (USA): Complies.

**General Product Information:** This product is not federally regulated as a hazardous

material.

**Clean Air Act:** No information is available.

**Clean Water Act:** This product does not contain any substances regulated as

pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

**SARA 313 Superfund Amendments:** This product contains no chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal regulations, Part 372.

## SARA 311/312 Hazard Categories:

Acute: Yes
Chronic: Yes
Fire: No
Sudden release of pressure: No
Reactive: No

**CERCLA:** This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) and Superfund.

Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

### **State Regulations:**

Page 6 of 7 Item: 2464092

**California Proposition 65:** This product does not contain detectable quantities of chemicals known to the State of California to cause cancer or birth defects, or other reproductive harm.

Component Analysis - State: Right-To-Know: Trifluralin-PA

#### 16. OTHER INFORMATION

The information provided in this material safety data sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as guidance for safe handling, use, processing, storage, transportation, disposal, and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
