

COMPOSITE PARTS LIST: PRESTO® PRESSURE COOKERS

INSTRUCTIONS FOR USE: Locate the model number of your cooker in the left hand column of the below table and read across to see which parts are available for your model. If a column is marked N.A., that part is not available for your model. Model numbers are found on the bottom or side of the cooker body, or a metal tag on the cover.

* The sealing ring kit consists of the sealing ring and the automatic air vent or overpressure plug.

† If the original vent pipe has not been changed and you are ordering a pressure indicator, you will also need a new vent pipe.

‡ If replacing the original handles, you will need to purchase both the cover and body handles.

Prices of parts, postage & handling, and state sales tax are subject to change without notice.

COMPOSITE PARTS LIST: PRESTO® PRESSURE CANNERS

INSTRUCTIONS FOR USE: Locate the model number of your canner in the left hand column of the below table and read across to see which parts are available for your model. If a column is marked N.A., that part is not available for your model. Model numbers are found on the bottom or side of the canner body, or a metal tag on the cover.

* The sealing ring kit consists of the sealing ring and the automatic air vent or overpressure plug.

§ For the No. 7 canner, parts are available only for the model with the overpressure plug in the center of the cover.

† If the original vent pipe has not been changed and you are ordering a pressure indicator, you will also need a new vent pipe.

‡ If replacing the original handles, you will need to purchase both the cover and body handles.

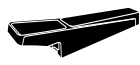

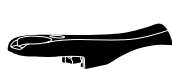

Prices of parts, postage & handling, and state sales tax are subject to change without notice.

All replacement parts are model number specific. Please locate the cooker or canner complete model number BEFORE ordering to insure accuracy.

PRESTO® ORDER FORM

All parts are model number specific. Please locate the model number of your cooker or canner before ordering to insure that the correct parts are ordered. Model numbers can be found on the exterior of your cooker or canner in one of three places: on a metal tag on the cover, stamped on the bottom of the cooker or canner, or stamped on the side of the cooker or canner about an inch below the body handle.

NOTE: If your model number is not included where indicated below and you return a part because it does not fit your pressure cooker or canner, the postage and handling charges will not be refunded.

ENTER YOUR COOKER OR CANNER MODEL NUMBER HERE: _____
