

# WOOSTER<sup>®</sup>

## Giving Painters Super Speed & Fabulous Finishes For 50 Years & Counting

When word spread in 1964 that users of Super/Fab rollers were painting faster and achieving better finishes than their peers, it propelled this Wooster brand into becoming the best-selling cover in the world. The unique fabric offered contractors paint capacity and coverage that couldn't be matched. It also had better resistance to matting and smoother finish capability than other knit rollers. Demand has grown the Super/Fab brand into Wooster's largest selection of roller sizes and naps. Fifty years later, Wooster Super/Fab is still the most popular cover for high-production results with all flat, eggshell and satin paints, stains and waterproofing.

### Jumbo-Koter<sup>®</sup> Minirollers

*The matching fabrics on these minirollers deliver full-size results in kitchens, baths, hallways, and when cutting-in.*

### Non-Beveled Super/Fab

*Non-beveled fabric makes the R281 ideal for rolling into corners. On production jobs like apartment repaints, no brush cut-in required.*

### Multi-Packs

*Choose 3-packs, 6-packs, even bulk packs of 50 or 100—there are great Super/Fab bundles that match the scale of any job.*

### Jumbo Super/Fab

*Available in 9" and 18" sizes, Jumbo Super/Fab rollers have a 2 1/4" core diameter to nearly double the coverage of the standard 1 1/2" core size.*

See the full program of over 40 Wooster Super/Fab rollers on the reverse side.

# Bring the Speed of Super/Fab® Rollers to Paint Jobs of Any Size
