

Beautifying homes with affordable, innovative and distinctive products — championed with the highest level of service to delight our customers.

Light Controls

Product Assortment

- Light Sensing
- Motion Activated
- Wireless
- Dimmers and Touch Controls

Light Sensing Technology

- On and Off control triggered by ambient light level
- Automatically adjusts to seasonal changes in daylight
- Screw-In, Plug-In and Wire-In installation options

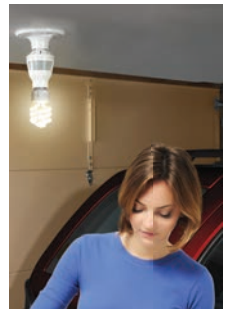

What is a Light Sensor?

A light sensor reads and reacts to ambient light levels, and responds to those light conditions by turning a light on or off. Westek Light Sensing Controls turn power to a light or device on or off depending on the ambient lighting conditions as detected by the photo sensor. It is a simple, affordable, and user friendly way to control your lights throughout the year. Several varieties are offered for screw-in, plug-in, and wire-in installation, as well as models that offer advanced features and programming options.

Motion Activated

- Activated by motion when someone enters the room / sensing area.
- Turns off after motion stops.
- Screw-In & Plug-In installation options

What is a Motion Activated Light Control?

A motion activated light control turns lights / devices on or off when motion is detected. Some models offer a fixed off-time, while others offer users the ability to customize how long the light remains on after motion stops. Several variations are offered for indoor use, porch use, and both screw-in and plug-in installation options are offered.

Wireless Technology

- Allows remote control on/off of lights and small household devices
- Use wall switch or handheld remote to wirelessly turn power on or off
- Indoor and Outdoor varieties work up to 100' away

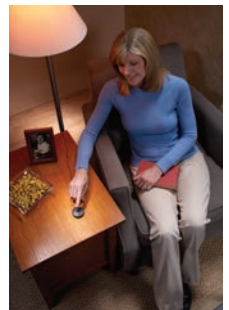

What is a Wireless Remote Control outlet?

A wireless remote control outlet offers users a convenient way to turn their lamps and other devices on and off from across the room, house or yard. Plug your lamp or device into the plug-in receiver, and then use the wireless handheld remote or wall switch to power that device on or off from up to 100' away.

Dimmers & Touch Controls

- Allow easy plug & play dimming of lamps and light fixtures
- Works with incandescent and many dimmable LED bulbs
- Full range and 3-level dimming. Screw-In, Plug-In and Wire-In Options

What are Dimmers and Touch Controls?

Dimmers and touch controls allow users an easy, cost-effective and DIY way to add dimming functions to their lamps. Choose the right light level to set the mood or perform the task at hand. Select from full range dimming, 3 level touch dimming or simply on/off control. Installation options include screw-in, plug-in and wire-in offerings.

Mission Statement

Beautifying homes with affordable, innovative and distinctive products — championed with the highest level of service to delight our customers.

AmerTac™

Light Sensing

758CTC-4 Outdoor
POST EYE LIGHT CONTROL

- Turns lights on at dusk, off at dawn
- For lamp posts and light fixtures
- CFL/LED Compatible
- 3/8" - 1/2" Knockout

UPC: 07068649018-1

758FPTCC-4 Outdoor
FACE PLATE LIGHT CONTROL

- Turns lights on at dusk, off at dawn
- Fits conduit box (T-box or FS type)
- Weather-resistant sealed photocell

UPC: 07068649023-5

758M Outdoor
MINI POST EYE LIGHT CONTROL

- Turns lights on at dusk, off at dawn
- For lamp posts and light fixtures
- CFL/LED Compatible
- 7/16" diameter opening

UPC: 07068650814-5

AT15BC-4 Outdoor
STEM MOUNT LIGHT CONTROL

- Turns lights on at dusk, off at dawn
- Operates incandescent, LED, fluorescent, mercury vapor and sodium fixtures

UPC: 07068649024-2

AT15SW-4 Outdoor
SWIVEL STEM MOUNT LIGHT CONTROL

- Turns lights on at dusk, off at dawn
- Standard 1/2" pipe thread with swivel base
- Weatherproof housing and lens

UPC: 07068650801-5

CL11LC Indoor
DUSK-TO-DAWN LIGHT CONTROL

- Turns lights on at dusk, off at dawn
- Plug-in
- Indoor use
- For use with table, floor or swag lamps

UPC: 07068649014-3

CL12BC-2 Indoor
PROGRAMMABLE LIGHT CONTROL

- Turns lights on at dusk, off after 2, 5, 8 hours or at dawn
- Random feature discourages intruders
- Indoor use

UPC: 07068650423-9

LC120BC-4 Outdoor
TWIST LOCK LIGHT CONTROL

- Turns lights on at dusk, off at dawn
- Twist Lock
- CFL/LED Compatible
- Time delay feature eliminates annoying flicker

UPC: 07068649015-0

OLC5CFLBC-4 Outdoor
FLOODLIGHT LIGHT CONTROL

- Turns lights on at dusk, off at dawn
- Ideal for driveways, entrances and patio lights
- Just screws in – no wiring!
- CFL/LED

UPC: 07068650565-6

SLC2BCB3-4 Outdoor
CANDELABRA LIGHT CONTROL

- Turns candelabra-based incandescent bulbs on at dusk, off at dawn
- Spring loaded contact allows for sensor orientation

UPC: 07068650442-0

SLC4CB-4 Outdoor
DUSK TO DAWN LIGHT CONTROL

- Turns incandescent lights on at dusk, off at dawn
- Just screws in – no wiring!

UPC: 07068650559-5

SLC4CG Outdoor
DUSK TO DAWN LIGHT CONTROL

- Turns incandescent lights on at dusk, off at dawn
- Just screws in – no wiring!

UPC: 07068649006-8

SLC4CPL Outdoor
DUSK TO DAWN LIGHT CONTROL

- Turns incandescent lights on at dusk, off at dawn
- Just screws in – no wiring!

UPC: 07068649008-2

SLC4CW Outdoor
DUSK TO DAWN LIGHT CONTROL

- Turns incandescent lights on at dusk, off at dawn
- Just screws in – no wiring!

UPC: 07068649007-5

SLC5BCB-4 Outdoor
DUSK TO DAWN CFL LIGHT CONTROL

- Turns incandescent lights on at dusk, off at dawn
- Just screws in – no wiring!

UPC: 07068650566-3

SLC5BCW-4 Outdoor
DUSK TO DAWN CFL LIGHT CONTROL

- Turns incandescent lights on at dusk, off at dawn
- Just screws in – no wiring!

UPC: 07068650564-9

SLC6CBC-4 Outdoor
PROGRAMMABLE LIGHT CONTROL

- Programmable off-timer from 2, 5 or 8 hours
- Dusk-to-dawn default timer
- Random off feature discourages intruders

UPC: 07068649225-3

SLC9BC Outdoor
PROGRAMMABLE LIGHT CONTROL

- Turns lights on at dusk, off after 2, 5, 8 hours or at dawn
- Retains programmed settings in power outage

UPC: 07068650725-4

SW103CTC-4 Outdoor
SWIVEL MOUNT LIGHT CONTROL

- Turns lights on at dusk, off at dawn
- Plug-in
- CFL/LED Compatible

UPC: 07068649020-4

Wireless

RFK100LC Indoor
WIRELESS WALL MOUNTED SWITCH AND PLUG-IN RECEIVER

- Add the convenience of a wall switch without any wiring
- Works up to 100 ft. away – even around corners!

UPC: 07068649217-8

RFK106LC Indoor
WIRELESS REMOTE CONTROL SYSTEM

- Control lights and appliances from inside or outside your home without any wiring – just plug-in
- Works up to 100 ft. away – even around corners!

UPC: 07068649219-2
